Make Room For Daddy:

Make Room for Danny Danny Thomas, D M Thomas, 1992 The late Danny Thomas recounts his fantastic life and career in this touching memoir From his poverty stricken boyhood to his incredible rise to fame from his friendships with the giants of the entertainment world to his unselfish work for the St Jude s Children s Research Hospital here is a warmhearted look at one of the world s great storytellers Associated Press 16 pages of photographs **Make Room for TV** Lynn

Spigel, 2013-11-26 Between 1948 and 1955 nearly two thirds of all American families bought a television set and a revolution in social life and popular culture was launched In this fascinating book Lynn Spigel chronicles the enormous impact of television in the formative years of the new medium how over the course of a single decade television became an intimate part of everyday life What did Americans expect from it What effects did the new daily ritual of watching television have on children Was television welcomed as an unprecedented window on the world or as a one eyed monster that would disrupt households and corrupt children Drawing on an ambitious array of unconventional sources from sitcom scripts to articles and advertisements in women s magazines Spigel offers the fullest available account of the popular response to television in the postwar years She chronicles the role of television as a focus for evolving debates on issues ranging from the ideal of the perfect family and changes in women s role within the household to new uses of domestic space The arrival of television did more than turn the living room into a private theater it offered a national stage on which to play out and resolve conflicts about the way Americans should live Spigel chronicles this lively and contentious debate as it took place in the popular media Of particular interest is her treatment of the way in which the phenomenon of television itself was constantly deliberated from how programs should be watched to where the set was placed to whether Mom Dad or kids should control the dial *Make Room for TV* combines a powerful analysis of the growth of electronic culture with a nuanced social history of family life in postwar America offering a provocative glimpse of the way television became the mirror of so many of America s hopes and fears and dreams

Samuel,2015-11-05 American Fatherhood A Cultural History traces changes in what it means to be a dad in America from the 1960s through today The book begins with an overview of fatherhood in America from the founding fathers through the 1950s and progresses to the role of fathers as they were encouraged to move beyond being simply providers to becoming more engaged parents navigating complex and changing gender and family expectations By tracing the story of fatherhood in the United States over the course of the last half century

American Fatherhood reveals key insights that add to our understanding of American culture. The book argues that for most of the twentieth century male parents were urged to embrace the values and techniques of motherhood. In recent years, however, fathers have rejected this model in place of one that affirms and even celebrates their maleness and their relationships with their children. After decades of attempting to adopt the parenting styles of women, in other words, men have finally forged a form of child raising that is truer to themselves. In short, fatherhood has become a means of asserting rather than denying or suppressing masculinity. An original and counterintuitive argument that makes us rethink the idea and practice of being a dad today. *Arab Routes* Sarah M.A. Gualtieri, 2023-05-25

This ingenious study will transform how we conceptualize immigration, race, gender, and the histories and boundaries of Arab and Latin America. Nadine Naber, author of *Arab America*. Los Angeles is home to the largest population of people of Middle Eastern origin and descent in the United States. Since the late nineteenth century, Syrian and Lebanese migration to Southern California has been intimately connected to and through Latin America. *Arab Routes* uncovers the stories of this Syrian American community, one both Arabized and Latinized, to reveal important cross-border and multiethnic solidarities in Syrian California. Sarah M. A. Gualtieri reconstructs the early Syrian connections through California, Texas, Mexico, and Lebanon. She reveals the Syrian interests in the defense of the Mexican American teens charged in the 1942 Sleepy Lagoon murder in actor Danny Thomas's rise to prominence in L.A.'s Syrian cultural festivals and in more recent activities of the grandchildren of immigrants to reclaim a sense of Arabness. Gualtieri reinscribes Syrians into Southern California history through her examination of powerful images and texts augmented with interviews with descendants of immigrants. Telling the story of how Syrians helped forge a global Los Angeles, *Arab Routes* counters a long-held stereotype of Arabs as outsiders and underscores their longstanding place in American culture and in interethnic coalitions past and present.

A Womb with a View Laura Tropp, 2013-01-09 Through history, interviews, anecdotes, and popular culture, this book examines pregnancy from all angles, covering changing expectations for pregnancy, new definitions of when fatherhood begins, the implications of new, earlier connections to the fetus, and the political, economic, and social consequences to the public. In the 21st century, pregnancy is more than a biological event; it's a cultural phenomenon. *A Womb with a View: America's Growing Public Interest in Pregnancy* addresses how media influence and changes in society have exposed and commoditized pregnancy like never before, while technology has enabled us to share, record, and preserve all aspects of the pregnancy experience. Each chapter of the book focuses on an aspect of the pregnancy experience, including efforts to peer in and bond with the fetus, the various ways of obtaining advice, the evolving role of expectant fathers, how pregnancy is depicted and treated in popular culture, and branding and marketing to pregnant couples. Interviews with those marketing products and services to pregnant women reveal how pregnancy is now big business, while real-life stories from pregnant women and images from television and film serve to illustrate our culture's fascination with pregnancy.
