Northrop,2011-01-19 Nothing is Beyond Belief Imagination is the key to creating a new reality Whatever you can imagine you can implement Whatever you believe to be actually creates the world you see Life doesn't just happen to you It responds to you and the thoughts that you are creating on a continuing basis Although thoughts are not tangible they are programmable and powerful Thoughts can transform the abstract into the absolute This book is about creative visualization or wishcraft which is a way of thinking that can change your life The principles proposed in this book can propel you from poverty to prosperity and jumpstart your JOY as you learn how to transform your thoughts into reality The process starts with a dream a desire or even just a wish Wishes come in all sizes One can wish small or one can wish big or tall One can even choose not to wish at all but wishing is really the key to creating a new reality Everything that you can conceive of already exists or you couldn't even conceive of it Creative visualization simply makes the invisible visible Your beliefs are the key to making the invisible materialize Predicting the future actually becomes possible once you realize that you can create your own future by propelling your dreams into reality The world can be yours to have and to hold once you take control of your own destiny That doesn't mean that you can control the events that will happen in your life but you can control how you envision those events Those visualizations can either empower you to excel or cripple you in crisis If you want your life to change try doing something strange If you want your life to be different do different think different Sometimes all that you need to change is your mind and your beliefs Stop setting limits on your life Become part of the cycle of life which is to Dream desire create and inspire

**A Faith of Your Own** Ronald J. Allen,2010-01-25 A faith should be a living thing What we believe necessarily evolves in response to insights into the Bible to questions or doubts we face to changes in life circumstances or to things that happen in the larger world Nevertheless Christians often find it helpful to identify what they can most fully believe at a given moment Such clarity empowers the present and leads us toward the future Such moments can also be mile markers by which we measure our faith journey In each chapter the first section lists the most common ways a certain topic is understood in the Bible The second section identifies important ways the church has interpreted that topic since the Bible

s inception The third section introduces contemporary perspectives With that foundational knowledge readers can make a judgment as to which viewpoints seem more or less persuasive to them personally Finally each chapter ends with questions for reflection for individuals or small groups

*Philippians and Galatians* Stanley P. Saunders, 2001-08-01 The letters to the Philippian and Galatian congregations illustrate well the passion and intensity of the writing of the apostle Paul Philippians is perhaps Paul's warmest letter affirming the already close relationship between the Philippians and Paul with the language of partnership joy and humility Galatians on the other hand reveals frustration and anger and lacks the expression of thanksgiving typically found near the beginning of Paul's letters Although Paul presumes a relationship of trust and respect with the Philippians the tone of Galatians suggests that he thinks he may already have lost this community to an erroneous vision of the gospel a perspective that was not really the gospel at all
