One Thousand Ways to Make a Living Harold Morse Dunphy,1919

Living the Death of Democracy in Spain Susana Belenguer,Ciaran Cosgrove,James Whiston,2017-10-02 This volume brings together new interdisciplinary perspectives on the Spanish Civil War its victims its contentious ending and its aftermath In exploring the slow demise of the Spanish Republic and the course of the Civil War the authors have chosen to range in turn over cinematic literary and historical depictions of the era In addition reactions elsewhere in Europe to the Spanish conflict are examined the role of the International Brigades is looked at afresh the fate of children displaced during the Civil War is explored and the Spanish anarcho syndicalist movement is revisited The

volume shows that to be any kind of soldier in the armies of the Republic or even to be seen as a Republican sympathiser was to become a non person in the new order in Spain under Franco and sets what supporters of the Republic had to endure within the wider European and international context of the period This book offers timely fresh insights into the failure of the Spanish Republic and into a society that tried in vain to unite its divided people during what was a seismic era in Spain s history This book was originally published as a special issue of Bulletin of Spanish Studies **Laywomen and the Making of Colonial Catholicism in New Spain, 1630-1790** Jessica L. Delgado,2018-08-16 Argues that laywomen s interactions with gendered theology Catholic rituals and church institutions significantly shaped colonial Mexico s religious culture
