Ethics of Belief: Essays in Tribute to D.Z. Phillips Eugene Thomas Long, Patrick Horn, 2008-02-28 Eugene Thomas Long Originally published in the International Journal for Philosophy of Religion Volume 63 Nos 1 3 DOI 10.1007/s11153-007-9155-4 Springer Science Business Media B V 2007 This volume is presented as a tribute to the life and work of D Z Phillips Six of the articles were originally presented at the annual conference on the philosophy of religion organized by Phillips and held at Claremont Graduate University February 9 10 2007 Unfortunately Phillips did not live to participate in the conference itself He died unexpectedly July 25 2006 in the library of his beloved University of Wales Swansea Previously published volumes of essays based on conferences organized by Phillips in Claremont included a chapter entitled Voices in Discussion in which Phillips provided his own reactions to the discussions written almost immediately after the conference Sadly this volume appears without the addition of his voice Born in Morriston near Swansea Phillips was a Welsh speaker a strong supporter of Welsh speaking schools and the author of many works in philosophy and literature in Welsh and English Known widely as the leading representative of the movement in the philosophy of religion called Wittgensteinianism Phillips spent much of his effort challenging the tendency of philosophers to elevate one kind of discourse to the point where it becomes the norm by which other forms of discourse are to be judged Evolutionary Debunking Arguments Diego E. Machuca, 2022-09-09 Recent years have seen an explosion of interest in evolutionary debunking arguments directed against certain types of belief particularly moral and religious beliefs According to those arguments the evolutionary origins of the cognitive mechanisms that produce the targeted beliefs render these beliefs epistemically unjustified The reason is that natural selection cares for reproduction and survival rather than truth and false beliefs can in principle be as evolutionarily advantageous as true beliefs The present volume brings together fourteen essays that examine evolutionary debunking arguments not only in ethics and philosophy of religion but also in philosophy of mathematics metaphysics and epistemology The essays move forward research on those arguments by shedding fresh light on old problems and proposing new lines of inquiry The book will appeal to scholars and graduate students interested in the possible skeptical implications of evolutionary theory in any of the above domains A Theology of God-Talk J. Timothy Allen, Harold G Koenig, 2018-12-07 Use this common coping mechanism to help people respond to crises This thoughtful book offers a fresh theological interpretation for the ways people talk about

God in times of crisis A Theology of God Talk The Language of the Heart probes the meaning behind phrases like It must have been God s will and The Lord took Uncle Harry Though many caring professionals dismiss such talk as insensitive or irrational these phrases offer powerful clues to the speaker s personal religious feelings A Theology of God Talk demonstrates the ways that God talk moves the sufferer through the grief and doubt of the crisis By recognizing the ways God talk resembles myth apocalyptic tale tragedy story and even prayer all literary categories the caregiver can begin to help sufferers rewrite their personal narratives in the wake of tragedy A Theology of God Talk examines the crucial issues of God talk including common false assumptions about it the theology of God talk interpretations and misinterpretations how to glean counseling insights from God talk differing stances for sufferers and survivors of tragedy Bringing together psychology theology and narrative theory this insightful and sensitive book offers new ways of looking at this common reaction to crisis A Theology of God Talk is an instant classic and an essential resource for pastors chaplains therapists grief counselors and theologians

Witness and Existence Philip E. Devenish, George L. Goodwin, 1989-06-05 For over thirty years Schubert Ogden has championed and exemplified a particular understanding of the task and content of Christian theology The task of theology is to examine the meaning and truth of Christian faith in terms of human experience All theological claims therefore are assessable by two criteria their appropriateness to the normative Christian witness and their credibility in terms of human existence The content of Christian theology may be accurately and succinctly stated in two words radical monotheism The point of all theological doctrines from christology to ethics is to reflect on the gift and demand of God s love It may be said then that Ogden s entire theological project consists in the attempt to show that radical monotheism which is the essential point of the Christian witness is also the inclusive end of human existence Witness and Existence pays tribute to Ogden by bringing together essays by eminent scholars in New Testament studies and philosophical theology two fields which directly reflect his methodological concerns and his substantive contributions The book honors Ogden precisely by engaging the fundamental issues which Ogden himself has taken so seriously The first group of essays presents careful analyses of issues basic to the early Christian witness the second group examines the credibility of the Christian claim about God in terms of human experience The editors introductory essay provides the first comprehensive analysis yet to appear of Ogden s theology A complete bibliography of his published writings is included as an appendix

In Tongues of Mortals and Angels Eric D. Barreto, Jacob D. Myers, Thelathia "Nikki" Young, 2018-11-15 Through close textual engagement theological exposition ethical reflection and interdisciplinary collaboration this book presents a constructive theology of divine speech in the Acts of the Apostles and 1 Corinthians in critical conversation with contemporary issues of sociopolitical ecclesial and theological importance In particular the authors attend to pericopes in Acts and Paul that open up fresh ways of thinking about divine discourse preaching and advocacy in light of contemporary matters of theological and ethical import In addition to classical modes of textual and theological analysis the authors attend to the sociopolitical and sociolinguistic aspects of

speech as they arise in these pericopes As such the authors are simultaneously deconstructing these texts through postcolonial and post structural analyses to expose these texts to an alterity at work therein an alterity that has been muted by centuries of biblical interpretation *Faith and the Life of Reason* Y. King-Farlow,W.N. Christensen,2012-12-06 This book brings together ideas and materials which we have discussed together over the years as friends and colleagues We draw on four papers published by us both as co authors and on several more papers published by King Farlow alone We wish to thank the editors and publishers of the following journals for permission to make use of matter or points which have appeared in their pages in the years indicated The Philosophical Quarterly 1957 1962 1971 The Thomist 1958 1971 1972 The International Philosophical Quarterly 1962 Theoria 1963 The Southern Journal of Philosophy 1963 Sophia 1965 1967 1969 1971 Philosophical Studies of Eire 1968 1970 1971 Philosophy and Phenomenological Research 1968 Analysis 1970 Religious Studies Cambridge University Press 1971 we acknowledge a debt to H D Lewis Editor on page 20 This book is not however a collection of reprinted articles It is a continuous work which deals with a vital cluster of problems in the philosophy of religion In this work we attempt to utilize both our earlier thoughts often considerably revised and our very recent ones in order to argue for the good sense and rationality of making certain strong forms of commitment to some basic elements of primary wisdom in the Judaeo Christian tradition While pursuing the investigations which have led to the writing of this book we have found ourselves becoming indebted to many individuals and institutions

O Chaplain! My Chaplain! Man of Service Janelle T. Frese,2006-07-21 When Janelle s grandfather dies in her arms she sees in his eyes an answer to the undying question we all struggle with in life Where do we go from here By fate or by faith she follows the mystery of the eyes to find Chaplain Barber the man who would save her from death s sorrow and change her life forever Chaplain George Russell Barber is the last living chaplain from the D Day landing on Omaha Beach June 6 1944 He survived Normandy s bloodiest beach battle I dug like it was only up to me I prayed like it was only up to God Together we dug that hole pretty deep He went on to march across Europe for eleven more months without a weapon Armed only with his Bible and his faith Chaplain Barber preached the gospel during the most dangerous war scenes of the European theatre in World War II There are no atheists in foxholes One of the last of the red blooded American boys Chaplain Barber tells Janelle his life history like a Little Big Man of the Greatest Generation From the cotton fields back home to the Horse Cavalry days through three wars the Space Age and the war on terrorism his life of service grips the heart of the small town patriot and likewise spins the mind of the spiritually inquisitive The Bible has been known to stop a bullet but that s not the only reason I believe Through their conversations prayers and meditations Janelle and the Chaplain mix the secret ingredients for the recipe of the Red White and Blue in you

Which Tradition?** Dewi Zephaniah

Phillips,2008-01-01 Philosophy of Religion is marked by controversy over which philosophical accounts do justice to core religious beliefs Many Wittgensteinian philosophers are accused by analytic philosophers of religion of distorting these beliefs In Whose God Which Tradition the accusers stand accused of the same by leading philosophers in the Thomist and Reformed traditions Their criticisms alert us to the dangers of uncritical acceptance of dominant philosophical traditions and to the need to do justice to the conceptual uniqueness of the reality of God The dissenting voices breathe new life into the central issues concerning the nature of belief in God **Scepticism** Kai Nielsen,1973-06-18 *In Face of Reality* Thomas A.

James,2011-04-01 This study of the work of noted liberal theologian Gordon Kaufman tracks his career from his first published book *Relativism Knowledge and Faith* 1960 through his 2006 book *Jesus and Creativity* in light of recent conversations about divine action and modern scientific knowledge James interprets Kaufman s mature position as a sophisticated reconstruction of divine activity that makes use of recent scientific theory and its naturalistic assumptions in order to revitalize a theocentric frame of reference rooted in classical theological tradition Though there are costs to be paid in the construction of a theology of radical naturalism particularly with respect to the relation between divine action and the human good Kaufman s program offers a distinctive way forward After developing a critical analysis of the limitations and possibilities of Kaufman s mature position James suggests that a christological reconsideration of the meaning of human flourishing offers the prospect of an even more radically naturalistic and theocentric theology Kierkegaard's Influence on

Theology: Anglophone and Scandinavian Protestant theology Jon Bartley Stewart, Tome II is dedicated to tracing Kierkegaard s influence in Anglophone and Scandinavian Protestant religious thought In Britain before World War I the few literati who were familiar with his work tended to assimilate Kierkegaard to the heroic individualism of Ibsen and Nietzsche In the United States knowledge of Kierkegaard was introduced by Scandinavian immigrants who brought with them a picture of the Dane

as much more sympathetic to traditional Christianity The interpretation of Kierkegaard in Britain and America during the early and mid twentieth century generally reflected the sensibilities of the particular theological interpreter Anglican theologians tended to find Kierkegaard to be one sided in his critique of reason and culture while theologians hailing from the Reformed tradition often saw him as an insightful harbinger of neo orthodoxy The second part of Tome II is dedicated to the Kierkegaard reception in Scandinavian theology featuring articles on Norwegian and Swedish theologians influenced by Kierkegaard

Theodicy Jill Graper Hernandez, 2019-05-20 The problem of evil has vexed for centuries is pain and suffering in the world consistent with the existence of God Theodicy attempts to demonstrate or explain why the answer could be yes Some think that the problem of evil was solved a long time ago but theodicy in the 21st century has thus far produced novel approaches uncovered new dilemmas juxtaposed itself with other philosophical and religious fields listened to new voices and has even been explored through uncommon methodologies This is a new era of and for theodicy Though never removed from the logical problem of evil theodicy at least in the near future will generate unique arguments related to the phenomenology of lived suffering modal claims across worlds the possibility of ameliorative analysis narrative theodicy and standpoint difficulties in generating theodical discourse This special issue is dedicated to extending the platform for clear and interesting perspectives on new dimensions of theodicy and in reclaiming perspectives on the problem of evil that have been largely ignored in philosophy of religion
