**Politics, Policy and Public Administration in Theory and Practice** Andrew Podger, Michael de Percy, Sam Vincent, 2021-06-15 This festschrift celebrates the extensive contribution John Wanna has made to the research and practice of politics policy and public administration It includes both personal acknowledgements of his work and substantial essays on the issues that he focused most closely upon during his academic career budgeting and financial management politics and public policy and administration The essays address contemporary developments in public sector financial management in Australia and overseas changing political processes in Queensland and the Commonwealth and public governance and administration reform trajectories in Australia and internationally including in China A common theme is the importance of linking research to practice reflecting John Wanna's own style and contribution Essays include exploration of the interface between academia and practice including from the perspective of practitioners The authors of the essays in this volume include eminent Australian and international scholars of public administration experienced public service practitioners and younger scholars influenced by John Wanna *Knowledge Spillover-based Strategic Entrepreneurship* João J. Ferreira, Leo-Paul Dana, Vanessa Ratten, 2016-11-03 This book is about the role of knowledge spillovers and strategic entrepreneurship in the management context It focuses on how knowledge spillovers and strategic entrepreneurship are crucial to the process of creative destruction and construction The book aims to provide insights into and discussion on how firms combine entrepreneurial action that creates new opportunities for industries regions and economies This book is first of its kind to link knowledge management perspectives to strategic entrepreneurship to understand the co creation process Being interdisciplinary in nature this book appeals to entrepreneurship and knowledge management scholars students and practitioners *The Ayes Have It* John Wanna, Tracey Arklay, 2010-07-01 *The Ayes Have It* is a fascinating account of the Queensland Parliament during three decades of high drama politics It examines in detail the Queensland Parliament from the days of the Labor split in the 1950s through the conservative governments of Frank Nicklin John Bjelke Petersen and Mike Ahern to the fall of the Nationals government led briefly by Russell Cooper in December 1989 The volume traces the rough and tumble of parliamentary politics in the frontier state The authors focus on parliament as a political forum on the representatives and personalities that made up the institution over this period on the priorities and political agendas that were pursued and the increasingly contentious practices used to control parliamentary proceedings Throughout the entire history are woven other controversies that repeatedly recur controversies over state economic development the provision of government services industrial disputation and government reactions electoral zoning and disputes over malapportionment the impost of taxation in the low tax state encroachments on civil liberties and political protests the perennial topic of censorship as well as the emerging issues of integrity concerns about conflicts of interest and the slide towards corruption There are fights with the federal government especially with the Whitlam government and internal fights within the

governing coalition which eventually leads to its collapse in 1983 after which the Nationals manage to govern alone for two very tumultuous terms On the non government side the bitterness of the 1950s split was reflected in the early parliaments of this period and while the Australian Labor Party eventually saw off its rivalrous off shoot the QLP DLP it then began to implode through waves of internal factional discord [Australian Book Review](#) ,2006 [New Directions in Saskatchewan Public Policy](#) David McGrane,2011 In this new scholarly compilation by David P McGrane established and emerging trends in Saskatchewan public policy are the foundation for setting new directions for the province in the 21st century In what direction should Saskatchewan be headed in the 21st century To answer this question academics from various disciplines at the University of Regina and University of Saskatchewan have come together to produce *New Directions in Saskatchewan Public Policy* the first edited book exclusively devoted to public policy in the province with chapters discussing taxation immigration agriculture urban affairs poverty reduction the social economy labour aging Aboriginal public administration and climate change The authors provide an analysis and description of the current policies of the Wall government and also look back to explore what the Romanow and Calvert governments did in these areas The overarching theme of the book is that despite the province s robust economic growth significant public policy challenges remain for the Saskatchewan provincial government The lesson is that economic growth does not magically solve entrenched societal problems and that economic prosperity will dissipate if worrisome social trends are left unchecked While many scholarly books shy away from prescription the authors of this book include sections in their chapters that set out new directions for policy development As such the book not only contains solid analysis of the present policy situation but also offers concrete ideas for future policy makers

**The Courage to Teach Guide for Reflection and Renewal** Parker J. Palmer,2017-08-04 20th ANNIVERSARY EDITION *The Courage to Teach* Guide for Reflection Renewal is a helpful companion to Parker J Palmer s classic work on restoring identity and integrity to professional life A superb resource for those who wish to extend their exploration of the ideas in *The Courage to Teach* as individuals or part of a study group the Guide provides practical ways to create safe space for honest reflection and probing conversations and offers chapter by chapter questions and exercises to further explore the many insights in *The Courage to Teach* The bonus online content includes a 70 minute interview with Parker Palmer in which Palmer reflects on a wide range of subjects including the heart of the teacher the crisis in education diverse ways of knowing relationships in teaching and learning approaches to institutional transformation and teachers as culture heroes Discussion questions related to the topics explored in the interview have been integrated into the Guide giving individuals and study groups a chance to have a conversation with the author as well as an engagement with the text

*Women and American Politics* Susan J. Carroll,2003 This volume brings together leading scholars in the field of women and politics to provide an account of recent developments and the challenges that the future brings for women in American Politics The book examines women s participation in the electoral arena and the emerging scholarship on the relationship between the media and women

in politics the participation of women of colour and women s activism outside the electoral arena This volume demonstrates both the wealth of knowledge about women and American politics by the current generation of scholars and the vast number and range of important research questions which pose a challenge for the next generation      **Rethinking Strategic**

**Learning** Russ Vince,2004-04-22 Russ Vince examines learning as both a social and a strategic process invariably linked to emotions and politics that are mobilized by attempts at learning and organizing He makes a substantial contribution to theories of organizational learning and develops new ideas about critical reflection and collective leadership The author outlines a critical perspective on HRD arguing that staff responsible for learning and change in organizations have put too much effort into the development of individuals and not enough into understanding and engaging with organizational dynamics that limit and shape individuals opportunities and abilities to learn and change HRD is explained as an intervention within a political system and practice of management and leadership with all the difficulties and contradictions that attempting to manage and to lead are likely to contain and reveal This means that the focus of HRD is on action on developing the capacity to act on generating credibility through action and on influencing and working with others in situations loaded with emotion and politics      *The Reflection of Life* Nelson Cheng PhD (H.C.) **Churches That Make a Difference** Ronald J. Sider, Philip N. Olson, Heidi Rolland

Unruh, 2002-04-01 Churches over the past generations have been weakened by a failure to meet both the physical and spiritual needs of their communities. Many have adopted a narrow vision focusing on only one aspect of ministry. But in today's environment of faith-based opportunities, many Christians are eager to start reaching out to their world with both Good News and good works, and therefore they are searching for appropriate ways to integrate both into their ministry. In *Churches That Make a Difference*, best-selling author Ron Sider and his coauthors give those involved in community outreach a comprehensive resource for developing holistic ministry: a balance of evangelism and social outreach. Illustrations and helpful organizational tips detail the how-to's of an effective holistic ministry. Case studies that show how different churches across the United States reach out to their communities provide a variety of ideas and practical applications. User-friendly tools are included as well for congregational studies, surveys, evaluations, and community assessments. The authors draw on extensive experience with church ministries and faith-based organizations as they share the life-changing vision and biblical mandate for living the whole gospel. Church leaders will be encouraged in their process of developing and maintaining a holistic ministry, and local churches will rediscover a passion for loving the whole person the way Jesus did.

*Clinical Leadership in Nursing and Healthcare* David Stanley, 2016-12-27 Clinical leadership along with values-based care and compassion are critical in supporting the development of high-quality healthcare service and delivery. *Clinical Leadership in Nursing and Healthcare: Values into Action* offers a range of tools and topics that support and foster clinically focused nurses and other healthcare professionals to develop their leadership potential. The new edition has been updated in light of recent key changes in health service approaches to care and values. Divided into three parts, it offers information on the attributes of clinical leaders as well as the tools healthcare students and staff can use to develop their leadership potential. It also outlines a number of principles, frameworks, and topics that support nurses and healthcare professionals to develop and deliver effective clinical care as clinical leaders. Covering a wide spectrum of practical topics, *Clinical Leadership in Nursing and Healthcare* includes information on Theories of leadership and management, Organisational culture, Gender, Generational issues, and leaders. Project management, Quality initiatives, Working in teams, Managing change, Effective clinical decision making, How to network and delegate, How to deal with conflict, Implementing evidence-based practice. Each chapter also has a range of reflective questions and self-assessments to help consolidate learning. It is invaluable reading for all nursing and healthcare professionals as well as students and those newly qualified.
