Making History Alutiiqsugpiaq Life On The Alaska Peninsul:

Making History Patricia H. Partnow, 2001 Documents about the Alutiiq people of the Alaska Peninsula written by outsiders tell a familiar story of political subjugation economic deprivation and cultural loss But recordings of oral traditions and personal histories by the Alutiiqs themselves tell a different tale These narratives woven together here with written records and scholarly commentary into an ethnohistory show that Alutiiqs have been making their own history for millennia Through stories and actions Alutiiqs not only affect the course of their lives but in so doing express a unique perception of the very nature of history Illustrated with numerous photographs and maps the author offers interviews and tales from storytellers from Alaska Peninsula villages She gives historical and cultural context to each voice allowing people to speak for themselves while helping readers comprehend the unspoken significance and implications each account contains Alutiiq history is revealed here as an ongoing complex multivocal expression of a people's actions and reactions decisions and compromises taken from back cover

Alutiiq Villages Under Russian and U.S. Rule Sonja Luehrmann, 2008 Sonja Luehrmann's volume examines Alutiiq history within the larger context of Russian and American expansionism The author uses source material in both English and Russian in order to create a work focused on the intersection of the two colonial perspectives throwing light on our understanding of the differences in the way each society incorporated the Alutiiq community both as a labor force and a social entity In a series of map essays Luehrmann examines the changing patterns of settlement and demography among the Alutiiq as the population responded to the conditions they encountered economic exploitation new cultural influences intermarriage disease and the eruption of Novarupta The addition of Russian source material fills an important blank in this unique history and makes *Alutiiq Villages Under Russian and U S Rule* a major resource for anyone working on Alutiiq history or the region's history in the Russian colonial period

Alaska Claus M. Naske, Herman E. Slotnick, 2014-10-22 The largest by far of the fifty states Alaska is also the state of greatest mystery and diversity And as Claus M Naske and Herman E Slotnick show in this comprehensive survey the history of Alaska's peoples and the development of its economy have matched the diversity of its land and seascapes *Alaska* A History begins by examining the region's geography and the Native peoples who inhabited it for thousands of years before the first Europeans arrived The Russians claimed northern North America by right of discovery in 1741 During their occupation of Russian America the region was little more than an outpost for fur hunters and traders When the czar sold the territory to the United States in 1867 nobody knew what to do with Seward's Folly Mainland America paid little attention to the new acquisition until a rush of gold seekers flooded into the Yukon Territory In 1906 Congress granted Alaska Territory a voteless delegate and in 1912 gave it a territorial legislature Not until 1959 however was Alaska's long sought goal of statehood realized During World War II Alaska's place along the great circle route from the United States to Asia firmly established its military importance which was underscored during the Cold War The developing military garrison brought federal money and many

new residents Then the discovery of huge oil and natural gas deposits gave a measure of economic security to the state Alaska A History provides a full chronological survey of the region s and state s history including the precedent setting Alaska Native Claims Settlement Act of 1971 which compensated Native Americans for their losses the effect of the oil industry and the trans Alaska pipeline on the economy the Exxon Valdez oil spill and Alaska politics through the early 2000s

They Came But Could Not Conquer Diane J. Purvis,2024-05 As the environmental justice movement slowly builds momentum Diane J Purvis highlights the work of Indigenous peoples in Alaska s small rural villages who have faced incredible odds throughout history yet have built political clout fueled by vigorous common cause in defense of their homes and livelihood Starting with the transition from Russian to American occupation of Alaska Alaska Natives have battled with oil and gas corporations fought against U S plans to explode thermonuclear bombs on the edge of Native villages litigated against political plans to flood Native homes sought recompense for the Exxon Valdez oil spill disaster and struggled against the federal government s fishing restrictions that altered Native paths for subsistence In They Came but Could Not Conquer Purvis presents twelve environmental crises that occurred when isolated villages were threatened by a governmental monolith or big business In each Native peoples rallied together to protect their land waters resources and a way of life against the bulldozer of unwanted often dangerous alterations labeled as progress In this gripping narrative Purvis shares the inspiring stories of those who possessed little influence over big business and regulations yet were able to protect their traditional lands and waterways anyway

Kodiak Kreol Gwenn A. Miller,2016-01-21 From the 1780s to the 1820s Kodiak Island the first capital of Imperial Russia s only overseas colony was inhabited by indigenous Alutiiq people and colonized by Russians Together they established an ethnically mixed kreol community Against the backdrop of the fur trade the missionary work of the Russian Orthodox Church and competition among Pacific colonial powers Gwenn A Miller brings to light the social political and economic patterns of life in the settlement making clear that Russia s modest colonial effort off the Alaskan coast fully depended on the assistance of Alutiiq people In this context Miller argues the relationships that developed between Alutiiq women and Russian men were critical keys to the initial success of Russia s North Pacific venture Although Russia s Alaskan enterprise began some two centuries after other European powers Spain England Holland and France started to colonize

North America many aspects of the contacts between Russians and Alutiiq people mirror earlier colonial episodes adaptation to alien environments the discovery and exploitation of natural resources complicated relations between indigenous peoples and colonizing Europeans attempts by an imperial state to moderate those relations and a web of Christianizing practices Russia's Pacific colony however was founded on the cusp of modernity at the intersection of earlier New World forms of colonization and the bureaucratic age of high empire Miller's attention to the coexisting intimacy and violence of human connections on Kodiak offers new insights into the nature of colonialism in a little known American outpost of European imperial power

Yupik Transitions Igor Krupnik, Michael Chlenov, 2013-11-15 The Siberian Yupik people have endured centuries of change and repression starting with the Russian Cossacks in 1648 and extending into recent years The twentieth century brought especially formidable challenges including forced relocation by Russian authorities and a Cold War ice curtain that cut off the Yupik people on the mainland region of Chukotka from those on St Lawrence Island Yet throughout all this the
