Ecumenism, Christian Origins and the Practice of Communion Nicholas Sagovsky, 2000-05-04 The theology of communion or Koinonia has been at the centre of the ecumenical movement for more than thirty years It is central to the self understanding of the Anglican Roman Catholic and Orthodox Churches and has been prominent in the work of the World Council of Churches This book based on the 1996 Hulsean Lectures examines the significance of Koinonia for contemporary

ecumenical theology tracing the development of contemporary understanding in critical engagement with the thoughts of Plato Aristotle the Hebrew Scriptures the New Testament the Cappadocian Fathers and Augustine In each case reflection on community life is related to actual communities in which texts were produced The importance of conflict and the place of politics for the Koinonia that constitutes the Christian churches is a major theme throughout Communion is seen as a gift to be received and a discipline to be cultivated in the continuing practice of ecumenism

The Church as Paradise and the Way Therein: Early Christian Appropriation of Genesis 3:22-24 Christopher A. Graham, 2017-04-24 In *The Church as Paradise and the Way Therein* Early Christian Appropriation of Genesis 3:22-24 Christopher A. Graham demonstrates that early Christian authors employed the words paradise and way as allusions to the expulsion narrative Genesis 3:22-24 to signify that the benefits available in protological Paradise were once again accessible in and through Jesus and the Church The centrality of the expulsion narrative in their literary milieus gave these authors confidence that readers would discern these allusions After considering the reception of the expulsion in texts circulating within the early Christian milieu Graham turns to the texts of Luke and Irenaeus of Lyons Both authors drew from an interpretive tradition in which a return to Paradise was desirable Both celebrated Jesus's reversal of Adam's expulsion and the constitution of Jesus's followers as the location and means by which humanity could continue to access divine truth and life For both authors the Church is Paradise and the way therein

In Search of a Context Thomas R. Hatina, 2002-10-01 In this book the author explores how contexts determine the meaning of embedded scripture texts in the Gospel of Mark Many historical critics base their readings on a context that is external to Mark's story world be it a reconstructed socio religious setting of the evangelist a Jewish exegetical tradition or some earlier stage in the development of the gospel What is common to these readings is the neglect for the context of the story world the very context in which scripture quotations and allusions are embedded The author proposes a method of reading these embedded texts that is sensitive to the story world though not at the expense of the historical setting in which the gospel was written Jesus' announcement in 1:15 concerning the kingdom of God serves as the point of entrance into Mark's story world

Laity and Participation Thomas Hoebel, 2006 Right across denominational boundaries lay theology is dominated by negatives the laity simply defined as the non ordained the alleged exclusion of the laity from full participation the sole focus on what they cannot or should not do and above all the total absence of an ecumenical lay theology In a unique approach this volume sets out to find ways of overcoming these negatives so predominant in current lay theology The author explores positions and perspectives put forward in Roman Catholic theology from Vatican II up to the present These are compared and contrasted with concepts and suggestions of present day Anglican Theology as well as with those of liberative theologies in Latin America and Asia Rethinking the content language and metaphors of lay theology in the final part of this volume the author proposes a new image for discussing the Church a model focusing on the interdependence and collaboration of all the people in the Church This is then used to sketch out the

framework for a new type of lay theology Imbedded in ecclesiology in the concept of all believers together being the Church the author endeavours to suggest a lay theology that is indeed positive ecumenical and universal

Mustard Seed Faith in Church Planting and Evangelism Gary Morris, 2021-05-03 The cover picture and the title go hand in hand The person who goes out and casts seed has in him the hope that the kingdom of God will be expanded He possesses at minimum faith the size of a mustard seed He believes that the all powerful God whom he serves will release His power in what the picture portrays The servant of God cast the seed not knowing but believing that the purposes of God will become evident Why Because faith is the substance of things hoped for the evidence of things not seen Hebrews 11 1 So in his labors some seed finds residence in a hard and dark heart of stone God is working His miracle of regeneration or drawing that hard hearted individual to Himself The seed of the eternal Word is cracking and breaking up the hard heart Sometimes the person of faith observes something happening He witnesses what was once a hard and depraved heart is now being softened toward God If he is involved in up close evangelism he is blessed to witness the spiritual miracle of salvation as depicted in the picture as becoming a heart of flesh That once hard hearted person is now able to move in God s direction rather than

continuing in his own depraved way The eternal seed that has been implanted in the heart by God now begins to sprout out with life demonstrating the life of the Lord Jesus Christ growing and producing spiritual fruit unto his King this is his reasonable service The Afterlife in Early Christian Carthage Stephen E. Potthoff, 2016-12-01 The Afterlife in Early Christian Carthage explores how the visionary experiences of early Christian martyrs shaped and informed early Christian ancestor cult and the construction of the cemetery as paradise Taking the early Christian cemeteries in Carthage as a case study the volume broadens our understanding of the historical and cultural origins of the early Christian cult of the saints and highlights the often divergent views about the dead and post mortem realms expressed by the church fathers and in graveside ritual and the material culture of the cemetery This fascinating study is a key resource for students of late antique and early Christian culture
