The Nutcracker of Nuremberg - Illustrated with Silhouettes Cut by Else Hasselriis Alexandre Dumas,2013-04-16 Based on the classic Christmas story by E T A Hoffmann The Nutcracker of Nuremberg is the magical adventure of Marie Stahlbaum s favourite toy the Nutcracker who battles the nefarious Mouse King in battle and takes the reader on a wonderful adventure into a magical land of dolls Dumas s version was adapted by the Russian composer Pyotr Ilyich Tchaikovsky into the famous ballet The Nutcracker Contents include Part I The Story of the Nutcracker of Nuremberg Part II The Story of the Nutcracker and the Princess Pirlipate and Part III The Story of Marie and the King of the Toys This wonderful story is accompanied by the beautiful silhouettes cut by Else Hasselriis Alexandre Dumas 1802 1870 was a famous French writer He is best remembered for his exciting romantic sagas including The Three Musketeers and The Count of Monte Cristo Despite making a great deal of money from his writing Dumas was almost perpetually penniless thanks to his extravagant lifestyle His novels have since been translated into nearly a hundred different languages and have inspired over two hundred motion pictures Pook Press celebrates the great Golden Age of Illustration in children s classics and fairy tales a period of unparalleled excellence in book illustration We publish rare and vintage Golden Age illustrated books in high quality editions so that the masterful artwork and story telling can continue to delight both young and old *A Philatelic Ramble Through Chemistry* Edgar Heilbronner,Foil A. Miller,2004-03 This is not a history of chemistry which uses stamps instead of the usual illustrations but a collection of short essays and comments on such chemistry as can be found on postage stamps and other philatelic items In other words the choice of topics is dictated by the philatelic material available with the necessary consequence that important parts of chemical history will be missing for the simple reason that they have not found their way onto postage stamps Thus the reader may find detailed comments on lesser known chemists such as Wilhelm August Lampadius who has been honoured with two stamps by the German Post Office but hardly anything on such luminaries as Robert Bunsen who have not been deemed worthy of a commemorative issue *The Nutcracker* Michael Hague,Sarah L.
