Television Directors, Race, and Gender Jonathan J. Cavallero, 2024-07-17 This book challenges the predominant framing of US television as a writer s or producer s medium by suggesting that television directors are a vital component of TV artistry Looking beyond a perspective that favors the narrative and economic aspects of television but undervalues the medium s formal elements the book explores how directors use the visual and aural to contribute layers of meaning that add to the thematic development of television texts Starting from the belief that television aesthetics partially reveal the ways in which directors and their collaborators contribute to the overall thematic development of a program the author offers five case studies that map out the ways that directors have contributed to television drama throughout the medium s approximately 80 year history By devoting special attention to the presence and voices of directors from marginalized backgrounds the book creates opportunities to discuss television from perspectives that emphasize issues of diversity equity and inclusion This original and insightful work will appeal to students and scholars of television studies television production and media production critical media studies media authorship gender studies and race and media

It's Not TV Felix Gillette, John Koblin, 2022-11-01 A read so riveting it s not hard to imagine watching it unfold on Sunday nights The Associated Press An incisive account that is more than a rosy victory lap for one of TV s most influential channels Eric Deggans NPR s Books We Love It s Not TV proves to be a lively companion to all these shows Andrew O Hagan The New York Review of Books The inside story of HBO the start up company that reinvented television by two veteran media reporters HBO changed how stories could be told on TV The Sopranos Sex and the City The Wire Game of Thrones The network s meteoric rise heralded the second golden age of television with serialized shows that examined and reflected American anxieties fears and secret passions through complicated characters who were flawed and often unlikable HBO s own behind the scenes story is as complex compelling and innovative as the dramas the network created driven by unorthodox executives who pushed the boundaries of what viewers understood as television at the turn of the century Originally conceived by a small upstart group of entrepreneurs to bring Hollywood movies into living rooms across America the scrappy network grew into one of the most influential and respected players in Hollywood It s Not TV is the deeply reported definitive story of one of America s most daring and popular cultural institutions laying bare HBO s growth dominance and vulnerability within the capricious media landscape over the past fifty years Through the visionary executives showrunners and producers who shaped HBO seasoned journalists Gillette and Koblin bring to life a dynamic cast of characters who drove the company s creative innovation in astonishing ways outmaneuvering copycat competitors taming Hollywood studios transforming 1980s comedians and athletes like Chris Rock and Mike Tyson into superstars and in the late 1990s and 2000s elevating the commercial free serialized drama to a revered art form But in the midst of all its success HBO was also defined by misbehaving executives internal power struggles and a few crucial miscalculations As data driven models like Netflix have taken over streaming HBO s artful instinctual and humanistic
