One With God A Spiritual Revelation:

One With God Roberta M. Heck, 2005-05-02 ONE WITH GOD These poems are my revelation of how through spiritual intervention change and growth overcame my life as I became One With God There were those who prayed for me and with me Through those prayers and my faith I grew in my personal relationship with the Father I became one with Him through the Holy Spirit and His divine intervention As you read these poems should some circumstance bring back a recollection or you feel that you have been in similar situations it is my hope that you too will come to agree that He is truly a way maker but mostly that You can't beat God's giving I pray that you will find the inspiration and come to the same conclusion in reading these poems as I felt when I wrote them and that is Nobody can love me like Jesus for His goodness endureth forever I present you now with a spiritual revelation of His goodness through poetry God bless Mrs Roberta M Heck **Scripture**

Revelations. An Introduction to the Word of God, Rendered According to Its Spirit, Etc. [A Collection of Tracts.]

Yun, 2012-03-02 This book articulates a contextual pneumatology from a perspective of the Eastern idea of ch'i in Korean Rather than understanding the Spirit from a Westernized philosophical perspective this book utilizes East Asian categories rooted in the I Ching and Asian religions in dialogue with such prominent Western theologians as Barth Pannenberg Moltmann and Harvey Cox The result is an exciting interaction between the Bible traditions of the West and experiences of the Spirit rooted in East Asia Yun argues that the formal dimension of the Spirit sangjeok is present and active in all cultures and religions while the material dimension of the Spirit muljeok is categorically revealed and embodied through the life of Jesus Christ the event of Pentecost and Charisms given to the church In making his case he mediates a creative balance between countercultural and exclusivist models on the one hand and pluralistic and anthropocentric models on the other

The Christian Doctrine of God, One Being Three Persons Thomas F. Torrance, 2016-01-28 Written by one of the twentieth century's foremost modern Trinitarian theologians The Christian Doctrine of God remains a classic ground work for scholars and students alike In the book Thomas F Torrance offers a detailed study of the most profound article of the Christian faith the Holy Trinity Torrance adopts a holistic approach when examining the inter relatedness of the three persons Father son and Holy Spirit and their dynamic Communion with the Being and Nature of God Combining immense academic range with his characteristically fresh theological perspectives Torrance builds a significant theological bridge between ancient and modern as well as between the Roman and Protestant theology he engages deeply with the Church Fathers and discusses the ontological nature of God Here Torrance conveys a simple message the doctrine of the Trinity is the doctrine of God This Cornerstones edition includes a new introduction written by Professor Paul D Molnar in which Molnar sets Torrance's classic work in its modern context and considers how it continues to influence the way we think about the Trinity today *Hearing John's Voice* M. Eugene Boring, 2019-11-05 This book is written in the conviction that the church is called into being and

nourished by the Word of God that comes through Scripture But how can Scripture offer any specific guidance for hearers lives today What are modern readers to make of the dragons and slaughtered lambs in the book of Revelation What are we to make of a man who turns water into wine while comparing himself to bread Can people today know what the Bible says and means The world of the Bible is strange and distant not only in time and space but also in language culture and in its basic assumptions about reality The first task in both pulpit and pew is not to be in too great a hurry to overcome this distance but to acknowledge it and respect it Communication across the gap is the task of the church s preachers and teachers Drawing on his years of teaching and study Gene Boring offers a way of opening the ears of those who take the message of the Bible seriously a message from a world different from our own Beginning with Revelation Gene provides a historically informed and pastorally sensitive reading of the various Johannine voices in the New Testament for contemporary preachers and teachers

The Apocalypse, Or Book of Revelations, Explained According to the Spiritual Sense; in which are Revealed the Arcana which are There Predicted, and Have Been Hitherto Deeply Concealed. Translated Into English from a Latin Posthumous Work of ... Emanuel Swedenborg [by William Hill] and Revised by the Translator of the Arcana Cœlestia [i.e. John Clowes]. Role of the Holy Spirit in Protestant Systematic Theology Wilson Varkey, 2011-08 This volume is a meticulously researched text on pneumatology that puts the major pneumatological issues together without confining to the traditional way of dealing with the doctrine of the Holy Spirit Although pneumatology has been a neglected field in theological discussions of the past there is a renewal of interest among theologians on pneumatology today This renewal of interest has led to the formation of this work on the role of the Holy Spirit in the Protestant Systematic Theology Through highlighting the role and significance of the Holy Spirit in the whole divine action this volume contends that pneumatology is not a dull theological locus but rather an essential theological disposition relevant for today The detailed arguments found within challenge and inspire the contemporary pneumatological discussions as it relates to all the facets of theological reflection and action

Life-study of Second Corinthians Witness Lee, 2023-09-26 In this life study Witness Lee opens up Paul s second Epistle to the Corinthians a book on the new covenant ministry and its ministers The first Epistle to the Corinthians was the apostle s argument an argument that defeated and subdued the distracted and confused Corinthians Now the second Epistle brought them back into the experience of Christ who was the subject of his argument in the first Epistle Hence the second Epistle is more experiential more subjective and deeper than the first In the first Christ the Spirit with our spirit the church and the gifts are covered as the major subjects In the second Christ the Spirit with our spirit and the church are developed further but the gifts are not even mentioned The gifts are replaced in this book by the ministry which is constituted with and produced and formed by the experiences of the riches of Christ gained through sufferings

consuming pressures and the killing work of the cross This Epistle gives us a pattern an example of how the killing of the cross works how Christ is wrought into our being and how we become the expression of Christ These processes constitute the ministers of Christ and produce the ministry for God s new covenant *The Apocalypse, or, Book of revelations, explained according to the spiritual sense, tr. [by W. Hill] and revised by the translator of Arcana cœlestia [J. Clowes].*
