Tradition Daniel Cottom, 2019-06-07 Though central to contemporary debates over identity politics and culture the concept
of tradition often remains unexamined In a series of readings that transgress cultural and disciplinary boundaries Daniel

standard oppositions between dogma and reason animality and humanity community and society religion and science and
modernity and its predecessors Tradition as Cottom envisions it is a complex of cultural forces that moves divides and undoes
those it touches it ravishes is ravished and is centrally etched with acts of ravishment Engaging writers from William
