# Philosophical Remarks

**Ludwig Wittgenstein, Rush Rhees**

## **Philosophical Remarks:**

**Philosophical Remarks** Ludwig Wittgenstein, Rush Rhees, 1975-01-01 When in May 1930 the Council of Trinity College Cambridge had to decide whether to renew Wittgenstein's research grant it turned to Bertrand Russell for an assessment of the work Wittgenstein had been doing over the past year His verdict The theories contained in this new work are novel very original and indubitably important Whether they are true I do not know As a logician who like simplicity I should like to think that they are not but from what I have read of them I am quite sure that he ought to have the opportunity to work them out since when completed they may easily prove to constitute a whole new philosophy

**Phenomenological Aspects of Wittgenstein's Philosophy** B.-C. Park, 2012-12-06 In his writings around 1930 Wittgenstein relates his philosophy in different ways to the idea of phenomenology He indicates that his main philosophical project had earlier been the construction of a purely phenomenological language and even after having given up this project he believed that the world we live in is the world of sense data that is of phenomenological objects However a problem is posed by the fact that he does not appear ever to have given a full explicit account of what he means by his phenomenology phenomenological language or phenomenological problems In this book I have tried to unravel the nature of Wittgenstein's phenomenology and to examine its importance for his entire work in philosophy Phenomenology can be characterized as philosophy whose primary concern is what is immediately given in one's experience This immediately given is not merely impressions inside one's mind but includes also the part of objective reality that impinges upon one's consciousness Thus an aim of phenomenological enterprise is to grasp this objective reality by attending to immediate experience Husserl's phenomenology is in fact a case in point

**Wittgenstein** Kelly Dean Jolley, 2014-12-05 Wittgenstein's complex and demanding work challenges much that is taken for granted in philosophical thinking as well as in the theorizing of art theology science and culture Each essay in this collection explores a key concept involved in Wittgenstein's thinking relating it to his understanding of philosophy and outlining the arguments and explaining the implications of each concept Concepts covered include grammar meaning and meaning blindness language games and private language family resemblances psychologism rule following teaching and learning avowals Moore's Paradox aspect seeing the meter stick and criteria Students new to Wittgenstein and readers interested in developing their understanding of specific aspects of his philosophical work will find this book very welcome

*The Oxford Handbook of Wittgenstein* Oskari Kuusela, Marie McGinn, 2011-10-27 Since the middle of the 20th century Ludwig Wittgenstein has been an exceptionally influential and controversial figure wherever philosophy is studied This is a comprehensive volume on Wittgenstein where 35 scholars explore the whole range of his thought offering critical engagement and original interpretation

*Historical Dictionary of Wittgenstein's Philosophy* Duncan Richter, 2014-04-04 Ludwig Wittgenstein was the most influential and arguably the greatest philosopher of the 20th century This fact about his influence is not only a matter of how much he influenced people

but also of how many people he influenced His early work was taken up by some of the pioneers of analytical philosophy His later work helped spawn another movement within analytic philosophy that of ordinary language philosophy sometimes called Oxford philosophy He is also considered by some to be a key postmodern thinker and an interest in his work is a distinguishing feature of many post analytical philosophers who seek to bridge the gap between analytical and so called continental philosophy This second edition of Historical Dictionary of Wittgenstein s Philosophy covers the history of this philosophy through a chronology an introductory essay and an extensive bibliography The dictionary section has over 300 cross referenced entries on every aspect of his work This book is an excellent access point for students researchers and anyone wanting to know more about Wittgenstein s philosophy **The New Wittgenstein** Alice Crary,Rupert Read,2002-11

A stellar collection of essays that presents a significantly different portrait of Wittgenstein and sheds light on the relation between his thought and different philosophical positions and areas of human concern **The to Z of Wittgenstein's Philosophy** Duncan Richter,2010-02-12 The A to Z of Wittgenstein s Philosophy is intended for anyone who wants to know more about the philosophy and the life of this enigmatic thinker The book contains an introductory overview of his life and work a timeline of the major relevant events in and after his life an **Wittgenstein in Florida** Jaakko Hintikka,2012-12-06

Most of the papers appearing in volume 87 numbers 1 2 are based on papers presented at the Colloquium on the Philosophy of Ludwig Wittgenstein held at the Department of Philosophy at Florida State University on 7 8 April 1989 We owe warm thanks to Florida State University for generously supporting this colloquium The English translation of the chapter entitled Philosophie from Wittgenstein s typescript number 213 von Wright appears here with permission of Wittgenstein s literary heirs without affecting existing copyrights The original German version of this chapter was edited by Heikki Nyman and appeared in Revue Internationale de Philosophie 43 1989 pp 175 203 Jaakko Hintikka s article 87 No 2 first appeared in a shorter form in The Times Literary Supplement No 4565 28 September to 4 October 1990 p 1030 The present version appears with the permis sion of The Times Literary Supplement which is gratefully acknowl edged Our thanks are due to all the participants of the colloquium and the contributors to these special numbers *The Happy Afterlife of Ludwig W.* Christian Erbacher,2023-03-30 This book tells a great philosophical tale The backstory of this tale is simple the famous philosopher Ludwig Wittgenstein published only one philosophical book during his lifetime the Tractatus Logico Philosophicus He left the lion s share of his philosophical writings to posterity in the form of unpublished manuscripts and typescripts amounting to more than 18 000 pages In his will Wittgenstein entrusted three of his former students Elizabeth Anscombe Rush Rhees and Georg Henrik von Wright with the task of publishing from his writings what they thought fit During the subsequent decades these literary heirs edited the volumes that the learned world has come to know as the influential works of Wittgenstein Now the essays in this book tell about Wittgenstein s literary heirs in their ambition to publish the writings of their beloved teacher This history of the posthumous publication processes for Wittgenstein s writings

will extinguish the genius cult that still exists in some historiographies of philosophy This cult is partly responsible for the impression that great philosophical works fall from the window of an ivory tower in completed form printed and bound just in order to hit and inspire the next genius philosopher walking by In actual fact in the history of philosophy there are a number of cases in which it takes the great philosophers pupils and followers to bring their teachers thought into a publishable form Indeed this is how literary tradition of Western philosophy begins In the case of Wittgenstein s writings this book opens at least to some extent the black box of the disciplinary production processes of the making of a classic philosopher

**Wittgenstein's Art of Investigation** Beth Savickey,2002-01-22 Wittgenstein s Art of Investigation is one of the first to focus on and provide an original and detailed analysis of Wittgenstein s grammatical investigations Beth Sarkey offers us new insight into the historical context and influences on method which will help students understand the intricacies and depth of his work *Wittgenstein* Joachim Schulte,1992-08-25 Joachim Schulte s introduction provides a distinctive and masterful

account of the full range of Wittgenstein s thought It is concise but not compressed substantive but not overloaded with developmental or technical detail informed by the latest scholarship but not pedantic Beginners will find it accessible and seasoned students of Wittgenstein will appreciate it for the illuminating overview it provides **Wittgenstein and the**

**Social Sciences** Robert Vinten,2020-07-27 In Wittgenstein and the Social Sciences Robert Vinten takes a fresh look at the relationship between Wittgenstein s philosophy and the social sciences He argues that although social sciences are quite different to the natural sciences they are nonetheless properly called sciences The book looks in detail at whether Wittgenstein can be claimed by conservatives liberals or socialists as their own Wittgenstein s philosophical remarks and remarks about politics and culture are taken into account in deciding where to locate Wittgenstein in relation to various ideologies In the final part of the book Vinten considers how Wittgenstein s philosophy can be of use in resolving or dissolving problems in the social sciences Along the way he critically assesses work from Perry Anderson Terry Eagleton Richard Rorty and Chantal Mouffe in the light of Wittgenstein s philosophical oeuvre The book makes a compelling examination of how Wittgenstein s work remains as relevant as ever to thinking about our cultural and political situation

**Wittgenstein at the Movies** Béla Szabados,Christina Stojanova,2011-03-24 Ludwig Wittgenstein loved movies and based on his remarks on watching them there is a strong connection between his experience of watching films and his thoughts on aesthetics Furthermore however Wittgenstein himself has been invoked in recent cinema Wittgenstein at the Movies is centered on in depth explorations of two intriguing experimental films on Wittgenstein Derek Jarman s Wittgenstein and P ter Forg cs Wittgenstein Tractatus The featured essays look at cinematic interpretations of Wittgenstein s life and philosophy in a manner bound to provoke the lively interest of Wittgenstein scholars film theorists and students of film aesthetics As well the book engages a broader audience concerned with philosophical issues about film and Wittgenstein s cultural significance with the world of fin de si cle Vienna of Cambridge in the first half of the twentieth century of artistic

modernism      **Wittgenstein After His Nachlass** Nuno Venturinha, Michael Beaney, 2010-04-09 Leading scholars in the field offer new ways of looking at Wittgenstein's papers as well as clear comprehensive and original philosophical interpretations of them The volume includes two texts by Wittgenstein previously unpublished in English      **Other Minds** Anita Avramides, 2000-12-21 How do we know whether there are other minds besides our own The problem of other minds raises many questions which are at the root of all philosophical investigations how it is we know what is the mind and can we be certain about any of our beliefs In this compelling analysis of other minds Anita Avramides traces the question from the Ancient Sceptics through to Descartes Malebranche Locke Berkeley Reid and Wittgenstein The second part of the book explores the views of influential contemporary philosophers such as Strawson Davidson Nagel and Searle Other Minds provides a clear insightful introduction to one of the most important problems in philosophy It will prove invaluable to all students of philosophy      Wittgenstein and the Turning Point in the Philosophy of Mathematics S.G. Shanker, 2013-12-19 First published in 2005 This study seeks to identify the specific mistakes that critics were alluding to in their passing asides on Wittgenstein's failure to grasp the mechanics of Godel's second incompleteness theorem It also includes an understanding of his attack on meta mathematics and Hilbert's Programme      *Ludwig Wittgenstein* Miles Hollingworth, 2018-09-04 After his intellectual biography Saint Augustine of Hippo Miles Hollingworth now turns his attention to one of Augustine's greatest modern admirers The Austrian philosopher Ludwig Wittgenstein Wittgenstein's influence on post war philosophical investigation has been pervasive while his eccentric life has entered folklore Yet his religious mysticism has remained elusive and undisturbed In Ludwig Wittgenstein Hollingworth continues to pioneer a new kind of biographical writing It stands at the intersection of philosophy theology and literary criticism and is as much concerned with the secret agendas of life writing as it is with its Subjects Here Wittgenstein is allowed to become the ultimate test case From first to last his philosophy sought to demonstrate that intellectual certainty is a function of the method it employs rather than a knowledge of the existence or non existence of its objects a devastating insight that appears to make the natural and the supernatural into equally useless examples of each other This biography proceeds in the same way Scattered in every direction by this challenge to meaning it attempts to retrieve itself around the spirit of the man who could say such things This act of recovery thus performs what could not otherwise be explained which is something like Wittgenstein's private conversation with God      The Concept 'Horse' Paradox and Wittgensteinian Conceptual Investigations Kelly Dean Jolley, 2016-03-23 In The Foundations of Arithmetic Gottlob Frege contended that the difference between concepts and objects was absolute He meant that no object could be a concept and no concept an object Benno Kerry disagreed he contended that a concept could be an object and that therefore the difference between concepts and objects was only relative In this book Jolley aims to understand the debate between Frege and Kerry But Jolley's purpose is not so much to champion either side rather it is to utilize an understanding of the debate to shed light on the work of Ludwig Wittgenstein and vice versa Jolley not only sifts

through the debate between Frege and Kerry but also through subsequent versions of the debate in J J Valberg and Wilfred Sellars Jolley's goal is to show that the central notion of Philosophical Investigations that of a conceptual investigation is a legacy of the Frege Kerry debate and also a contribution to it Jolley concludes that the difference between concepts and objects is as absolute in its way in Philosophical Investigations as it was in The Foundations of Arithmetic and that recognizing the absoluteness of the difference in Philosophical Investigations provides a beginning for a resolute reading of Wittgenstein's book Wittgenstein on Mind and Language David G. Stern, 1995-01-19 Drawing on ten years of research on the unpublished Wittgenstein papers Stern investigates what motivated Wittgenstein's philosophical writing and casts new light on the Tractatus and Philosophical Investigations The book is an exposition of Wittgenstein's early conception of the nature of representation and how his later revision and criticism of that work led to a radically different way of looking at mind and language It also explains how the unpublished manuscripts and typescripts were put together and why they often provide better evidence of the development of his ideas than can be found in his published writing In doing so the book traces the development of a number of central themes in Wittgenstein's philosophy including his conception of philosophical method the picture theory of meaning the limits of language the application of language to experience his treatment of private language and what he called the flow of life Arguing that Wittgenstein's views are often much more simple and more radical than we have been led to believe Wittgenstein on Mind and Language provides an overview of the development of Wittgenstein's philosophy and brings to light aspects of his philosophy that have been almost universally neglected

**Mind, Language and Action** Danièle Moyal-Sharrock, Volker Munz, Annalisa Coliva, 2015-03-10 The volume takes on the much needed task of describing and explaining the nature of the relations and interactions between mind language and action in defining mentality Papers by renowned philosophers unravel what is increasingly acknowledged to be the enacted nature of the mind memory and language acquisition whilst also calling attention to Wittgenstein's contribution The volume offers unprecedented insight clarity scope and currency

This is likewise one of the factors by obtaining the soft documents of this **Philosophical Remarks** by online. You might not require more get older to spend to go to the ebook instigation as capably as search for them. In some cases, you likewise pull off not discover the declaration Philosophical Remarks that you are looking for. It will agreed squander the time.

However below, with you visit this web page, it will be as a result unconditionally easy to acquire as skillfully as download lead Philosophical Remarks

### **Philosophical Remarks Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Philosophical Remarks has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Philosophical Remarks has opened up a world of possibilities. Downloading Philosophical Remarks provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Philosophical Remarks has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Philosophical Remarks. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Philosophical Remarks. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Philosophical Remarks, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Philosophical Remarks has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Philosophical Remarks Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
