The Pleasure of the Feminist Text Susanne Gruss, 2009-01-01 I would regard myself as a feminist writer because I m a feminist in everything else and one can t compartmentalise these

things in one's life Angela Carter When I became a feminist in 1968 I felt that I'd come home the first home I ever had that was feminine And it was very wild and theatrical and erotic the early feminism Michelle Roberts Angela Carter and Michelle Roberts share a keen interest in gender and sexual identity but many of their topics seem to mark them as opposites Roberts's fascination with the impact of religion motherhood and autobiography on female identity covers areas that Carter shuns in her writings In reading these two authors parallel and in contrast to each other this monograph follows a triple objective it provides a comprehensive critical introduction to the works of Roberts explores aspects of Carter's work that have not yet been analyzed sufficiently religion motherhood and masculinity and uses both authors to explore motifs and strategies of feminist writing The analyses of both authors' works are supplemented by close readings of a wide range of theoretical perspectives especially French feminism and psychoanalysis and concise theoretical outlines of the topics covered radical feminism religion motherhood and fatherhood masculinity fairy tales romances and chick lit and history and autobiography

Feminism, Perennial Philosophy, and Faith Anthony T Vento, 2021-02-08 The word feminism has had positive associations since the beginning of the movement for women's rights in the 19th century People usually comprehend it as the teaching that men and women should be equal in all aspects of life Women should have equal access to education labor market advance in career they should have equal rights as citizens All women should have the right to vote and to be elected as members of a certain legislative executive or judicial body in a given country They should not be discriminated against only because of their gender No doubt this is a global movement Feminists are everywhere in all parts of our planet In spite of the fact that there can be some regional differences and that in some places feminism is barely allowed in Iran or Saudi Arabia it is hard for it to thrive the central ideas of feminism are similar This is the romantic story of classical feminism under the form of a movement for women's rights Recently feminism has taken a radical turn It has been directed against Christianity it has been saying that Christianity suppresses women against patriotism against the traditional family and generally against our way of living nowadays In this sense feminism has become a revolutionary theory and agenda It aims at transforming our society through a feminist revolution This is called radical feminism The Ethics of Embryo Adoption and the Catholic Tradition

Obligations of Citizenship and Demands of Faith Nancy L. Rosenblum, 2021-04-13 Of the many challenges facing liberal democracy none is as powerful and pervasive today as those posed by religion These are the challenges taken up in *Obligations of Citizenship and Demands of Faith* an exploration of the place of religion in contemporary public life The essays in this volume suggest that two important shifts have altered the

balance between the competing obligations of citizenship and faith the growth of religious pluralism and the escalating calls of religious groups for some measure of autonomy or recognition from democratic majorities The authors political theorists philosophers legal scholars and social scientists collectively argue that more room should be made for religion in today s democratic societies Though they advocate different ways of carving out and justifying the proper bounds of church and state in pluralist democracies they all write from within democratic theory and share the aim of democratic accommodation of religion Alert to national differences in political circumstances and the particularities of constitutional and legal systems these contributors consider the question of religious accommodation from the standpoint of institutional practices and law as well as that of normative theory Unique in its interdisciplinary approach and comparative focus this volume makes a timely and much needed intervention in current debates about religion and politics The contributors are Nancy L Rosenblum Alan Wolfe Ronald Thiemann Michael McConnell Graham Walker Amy Gutmann Kent Greenawalt Aviam Soifer Harry Hirsch Gary Jacobsohn Yael Tamir Martha Nussbaum and Carol Weisbrod *Liberalism, Education and Schooling* T.H.

McLaughlin,2017-03-27 A tribute collection of essays edited by author s colleagues and friends *Visions of Agapé* Craig A. Boyd,2017-03-02 This book brings together philosophical and theological perspectives on agapistic love The aim of the text is to illuminate the nature of unlimited love by distinct and integrative approaches to the intersection of the divine and the human Various scientific approaches to human forms of love seem to shed light on our nature as social beings But to what extent are the natural desires for affection sexual love and friendship augmented revised perfected or replaced by the gift of grace In other words we can ask how is it that agap modifies or shapes the natural loves Diverse theological and moral traditions address the question in quite startling contrast Thomists follow the dictum that Grace does not destroy nature but perfects it Lutherans draw a sharp contrast between law and Gospel while Wesleyans see charity as the sanctifying power of the Holy Spirit Some feminist theorists see the idea of self giving love as contrary to genuine self fulfilment while the neo Kantians see love as a duty to others and some Kierkegaardians see the command to love as an unusual manifestation of divine command ethics These diverse approaches in light of contemporary research in the natural and social sciences can provide fertile ground for the exploration of the intersection of human and divine love To date there is no text available that brings scholars from various theological and philosophical backgrounds together to engage in interdisciplinary dialogue on this important and much neglected aspect of research into the human and divine loves This book offers a significant attempt to remedy the situation **Evidence and Faith** Charles Taliaferro,2005-02-21 Charles Taliaferro has written a dynamic narrative history of philosophical reflection on religion from the seventeenth century to the present with an emphasis on shifting views of faith and the nature of evidence The book begins with the movement called Cambridge Platonism which formed a bridge between the ancient and medieval worlds and early modern philosophy While the book provides a general overview of different movements in philosophy it also offers a detailed exposition and reflection on key arguments The scope

Christian Faith and Social Justice: Five Views Vic McCracken,2014-06-19 The Judeo Christian tradition testifies to a God that cries out demanding that justice roll down like waters righteousness like an ever flowing stream Amos 5:24

Christians agree that being advocates for justice is critical to the Christian witness. And yet one need not look widely to see that Christians disagree about what social justice entails. What does justice have to do with healthcare reform, illegal immigration, and same sex marriage? Should Christians support tax policies that effectively require wealthy individuals to fund programs that benefit the poor? Does justice require that we acknowledge and address the inequalities borne out of histories of gender and ethnic exclusivity? Is the Christian vision distinct from non-Christian visions of social justice? Christians disagree over the proper answer to these questions. In short, Christians agree that justice is important but disagree about what a commitment to justice means. *Christian Faith and Social Justice* makes sense of the disagreements among Christians over the meaning of justice by bringing together five highly regarded Christian philosophers to introduce and defend rival perspectives on social justice in the Christian tradition. While it aspires to offer a lucid introduction to these theories, the purpose of this book is more than informative. It is purposefully dialogical and is structured so that contributors are able to model for the reader reasoned exchange among philosophers who disagree about the meaning of social justice. The hope is that the reader is left with a better understanding of a range of perspectives in the Christian tradition about social justice.
