

Philosophy From Switzerland

Ernest Cushing Richardson

Philosophy From Switzerland:

Philosophy from Switzerland Christoph Dejung, 1997 **Swiss philosophy** Innocent Marie-Joseph Bochenski, 1948

Dictionary of Modern American Philosophers John R. Shook, 2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected. It includes those intellectuals involved in the development of psychology, pedagogy, sociology, anthropology, education, theology, political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century. Each entry contains a short biography of the writer, an exposition and analysis of his or her doctrines and ideas, a bibliography of writings and suggestions for further reading. While all the major post-Civil War philosophers are present, the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers. In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers. This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought. *Spheres of Philosophical Inquiry and the Historiography of Medieval Philosophy* John Inglis, 1998 This volume provides a genealogy of the modern historiography of medieval philosophy up to the present, rediscovers fifty years of German scholarship, criticizes what has become the standard approach and proposes an historically sensitive alternative. **Ethnophilosophy and the Search for the Wellspring of African**

Philosophy Ada Agada, 2022-01-12 This book provides a case for the destigmatisation of ethnophilosophy by demonstrating its continuing relevance in contemporary African philosophy. The book brings together established and brilliant young scholars who defend ethnophilosophy as a unique source of African philosophy with the capacity to colour African philosophical scholarship, thereby distinguishing African philosophy from other philosophical traditions of the world and setting the stage for philosophical dialogue in the 21st century, characterised by multiculturalism and globalisation. The volume addresses the future of African philosophy by closely linking the past of this tradition with the exciting projects of the contemporary system builders whose works emerge from the ethnophilosophical while transcending it. The book is aimed at African philosophy experts, scholars of intercultural philosophy, African studies scholars and graduate students of African and intercultural philosophy. *Masterpieces of Swiss Entrepreneurship* Jean-Pierre Jeannet, Thierry Volery, Heiko

Bergmann, Cornelia Amstutz, 2021-04-21 This open access book focuses on Switzerland based medium sized companies with a longstanding export tradition and a proven dominance in global niche markets. Based upon in depth documentation and analysis of 36 Swiss companies over their entire history, an expert team of authors presents several parallels in the pathways and success factors which allowed these firms to become dominant and operate from a high cost location such as Switzerland. The book enhances these insights by providing detailed company profiles documenting the company history, development and how their relevant global niche positions were reached. Readers will benefit from these profiles as they compile a diverse

selection of industries mainly active within the B2B sector with mostly mature companies 60 years to older than 100 years since founding and different types of ownership structures including family firms Masterpieces of Swiss Entrepreneurship brings unique learning opportunities to owners and leaders of SMEs in Switzerland and elsewhere Findings are based on detailed bottom up research of 36 companies without any preconceived notions The book is both conceptual and practical It fosters understanding for different choices in development pathways and management practices Matti Alahuhta Chairman DevCo Partners ex CEO Kone Board member of several global listed companies Helsinki Finland Start up entrepreneurs need proven models from industry which demonstrate the various paths to success Masterpieces of Swiss Entrepreneurship provides deep insights highlighting these models and the important trade offs entrepreneurial teams must consider when choosing the path of high growth or of maximum control as they are often mutually exclusive Gina Domanig Managing Partner Emerald Technology Ventures Zurich *International Directory of Philosophy and Philosophers*, 1986 **The**

Routledge Handbook of Essence in Philosophy Kathrin Koslicki, Michael J. Raven, 2024-05-15 Essences have been assigned important but controversial explanatory roles in philosophical scientific and social theorizing Is it possible for the same organism to be first a caterpillar and then a butterfly Is it impossible for a human being to transform into an insect like Gregor Samsa does in Kafka's *The Metamorphosis* Is it impossible for Lot's wife to survive being turned into a pillar of salt Traditionally essences or natures have been thought to help answer such central questions about existence identity persistence and modality These questions are not only of great philosophical interest they also are of great interest to society at large This Handbook surveys the state of the art on essence Core issues about essence are discussed in 33 chapters all of them written exclusively for this volume by leading experts They are organized into the following four major parts each with its own introduction that provides a summary and comparison of the part's chapters History Essence and Essentialisms Themes and Variations Applications Anti Essentialist Challenges The volume is accessible enough for students while also providing enough details to make it a valuable reference for researchers While the notion of essence has been targeted for sustained criticisms since antiquity recent work has renewed interest in the topic This Handbook explains and synthesizes much of this current interest placing essence within its historical context and drawing connections to many contemporary areas of philosophy as well as to scholarly work in other disciplines With cross references in each chapter and a comprehensive index *The Routledge Handbook of Essence in Philosophy* is a useful resource and essential reading for anyone whether in or out of academic philosophy seeking clarification on one of philosophy's most distinctive and notorious notions

Mixed Thoughts about Switzerland Gottfried Keller, 2024-05-09 A critical Reader's Edition of Gottfried Keller's handwritten article *Mixed Thoughts about Switzerland* Keller wrote this article in Munich for a handwritten pub newspaper in 1841 before he turned to poetry He was studying in Munich at the time and had joined a Swiss student fraternity and met with them once a week at the Wagnerbräu pub for a pub crawl during which he read a weekly paper that he was both the

main contributor to and editor of *The only pieces of this that survived* were those that he kept in one of his study books. This is the only full article that survived. Here he dialogues about the nation as an expression of political self-determination and will-formation, not as a power structure defined in terms of a nation. The Young Keller contemplates the external and internal challenges facing the Swiss nation, emphasizing the importance of national unity, independence, and the preservation of Swiss cultural and political distinctiveness. He argues against the idea propagated by some German commentators that Switzerland's diverse linguistic and cultural regions should align themselves with neighboring countries: Germany, France, Italy, based on language and ethnicity. Instead, the author asserts that Swiss national identity transcends these divisions, rooted in a shared history of independence, love of freedom, and a unique national character. Keller encourages the acceptance of good ideas and cultural practices from abroad, particularly in the arts and sciences, without compromising Swiss political independence. There is a call for intellectual openness and the integration of beneficial foreign influences. This modern critical reader's translation from the original German includes supplementary materials that bring Keller's life and impact to life. Nietzsche considered Keller to be one of the greatest living poets of his time. This edition remedies that situation by providing a clear, accessible version of Keller's original German writing and offering insight into his broader ideas and the philosophical landscape in which he operated. Working directly from Keller's German manuscripts, this new translation delivers literary excellence and scholarly depth, with amplifying materials. Readers will discover not only Keller's powerful voice but also the philosophical currents that shaped an entire era of German thought. The edition includes an illuminating afterword tracing Keller's intellectual relationship with Nietzsche, revealing the fascinating dialogue between two of the period's most influential minds. A comprehensive timeline connects the major events of Keller's life with his published works, and a detailed index provides an authoritative guide to his complete writings. Together, these materials provide newcomers and serious readers with everything needed to appreciate one of literature's most overlooked figures.

The Bloomsbury Dictionary of Eighteenth-Century German Philosophers Heiner F. Klemme, Manfred Kuehn, 2016-06-30

The Bloomsbury Dictionary of Eighteenth-Century German Philosophers is a landmark work. Covering one of the most innovative centuries for philosophical investigation, it features more than 650 entries on the eighteenth-century philosophers, theologians, jurists, physicians, scholars, writers, literary critics, and historians whose work has had lasting philosophical significance. Alongside well-known German philosophers of that era, Gottfried Wilhelm Leibniz, Immanuel Kant, and Georg Wilhelm Friedrich Hegel, the Dictionary provides rare insights into the lives and minds of lesser-known individuals who influenced the shape of philosophy. Each entry discusses a particular philosopher's life, contributions to the world of thought, and later influences, focusing not only on their most important published writings but on relevant minor works as well. Bibliographical references to primary and secondary source material are included at the end of entries to encourage further reading, while extensive cross-referencing allows comparisons to be easily made between different thinkers, ideas, and practices. For anyone looking to understand more about

the century when enlightenment thinking arrived in Germany and established conceits were challenged The Bloomsbury Dictionary of Eighteenth Century German Philosophers is a valuable unparalleled resource **Princeton University Library Classification System, 1900-1920** Ernest Cushing Richardson,1929 **The Routledge Handbook of Women and Ancient Greek Philosophy** Sara Brill,Catherine McKeen,2024-03-29 The Routledge Handbook of Women and Ancient Greek Philosophy is an essential reference source for cutting edge scholarship on women gender and philosophy in Greek antiquity The volume features original research that crosses disciplines offering readers an accessible guide to new methods new sources and new questions in the study of ancient Greek philosophy and its multiple afterlives Comprising 40 chapters from a diverse international group of experts the Handbook considers questions about women and gender in sources from Greek antiquity spanning the period from 7th c BCE to 2nd c BCE and in receptions of Greek antiquity from the Roman Imperial period through the European Renaissance to the current day Chapters are organized into five major sections I Early Greek antiquity including Sappho Presocratic philosophy Sophists and Greek tragedy 700s 400s BCE II Classical Greek antiquity including Aeschines Plato and Xenophon 400s 300s BCE III Late Classical Greek to Hellenistic antiquity including Cyrenaics Cynics the Hippocratic corpus and Aristotle 300s 200s BCE IV Late Greek antiquity to Roman Imperial period including Pythagorean women Stoics Pyrrhonian Skeptics and late Platonists 200s BCE to 700s CE V Later receptions including Shakespeare the European Renaissance Anna Julia Cooper W E B DuBois Jane Harrison Sarah Kofman and Toni Morrison The Routledge Handbook of Women and Ancient Greek Philosophy is a vital resource for students and scholars in philosophy Classics and gender studies who want to gain a deeper understanding of philosophy s rich past and explore sources and questions beyond the traditional canon The volume is a valuable resource as well for students and scholars from history humanities literature political science religious studies rhetorical studies theatre and LGBTQ and sexuality studies

Switzerland-EU Relations Paolo Dardanelli,Oscar Mazzoleni,2021-03-22 This book offers an up to date assessment of the state of Switzerland EU relations with the aim of drawing lessons from the Swiss experience to shed light on the challenges facing the UK post Brexit and more broadly on how non member states can adapt to integration without membership The book covers the main issues in the Swiss experience of dealing with the EU over the last 30 years These include the determinants of the 1992 vote the architecture of the bilateral agreements signed since then the economic interests at stake the role played by immigration the impact on the country s federal system the political social and cultural factors shaping attitudes to integration and how the Swiss model has featured in the discourse about Brexit The concluding chapter identifies the key lessons Switzerland s experience offers for the British debate on the country s relations with the EU post Brexit This book will be of key interest to scholars and students of European Union politics European politics Swiss Politics British Politics Brexit and more broadly to international relations **Library of Congress Subject Headings** Library of Congress.
