

Swine Pathogens

North Carolina is the country's second largest hog producer housing over 10 million swine (Edwards and Ladd, 2000). Due to the density of swine in such a small region, 15.5 million tons of manure is produced on a yearly basis. This manure is stored in lagoon pits that are man made for this purpose. 1 Once stored in these lagoons, the manure is then sprayed onto fields for disposal; these fields contain agricultural crops or turf (USGAO, 2008). Since the ground is permeable, runoff and percolation occur in these fields and in the lagoons, as they are only lined with clay. The waste in these lagoon pits contain insecticides, antimicrobial agents, pathogens, pharmaceuticals, and other nutrients which result in extensive pollution and... The odor invades homes and some days mist will hit cars and homes (Wing S, 2002). As previously noted, the waste contains pathogens and antibiotic resistant bacteria. As this spray is impacting residents homes it is reaching public water sources. The mist contains hydrogen sulfide and ammonia which cause irritation of the eyes and respiratory system (Wilson SM, Serre ML, 2007). Research indicates these spray fields cause mental stress, decreased quality of life, and raised blood pressure on nearby residents. NC's swine CAFOs are densely bunched in low income communities with predominantly black residents. This region experiences poor quality of life, high unemployment rates, subpar healthcare, and a minimal level of education (Calhoun SD, et al, 2000). The residents in this region do not obtain the political power to oppose the impact of swine CAFOs. Therefore, employment and schools or any educational institution thereof are not present within vicinity. Regardless of any reason, this is environmental injustice impacting minority populations. This population lacks the political power to push back, therefore; they have to bear the health, socio economic, and environmental impacts of the CAFOs without any allocation of the economic benefits from the industry (Edwards B, Ladd AE, 2001). It seems that this industry chooses to build CAFOs in areas with minimal zoning codes or least

Philosophy History And Myth Essays And Talks:

Philosophy, History, and Myth Peter Loftson, 2002-09-06 *Philosophy History and Myth* is a collection of essays that were originally delivered as academic lectures The essays are relatively informal explorations of topics in the history of philosophy logic and its philosophical relevance materialism in the philosophy of mind the Hegelian end of history the role of humanism in the contemporary world and relations between philosophy and myth broadly and also more specifically with reference to themes in early Greek literature The Philosophical Review Jacob Gould Schurman, James Edwin Creighton, Frank Thilly, Gustavus Watts Cunningham, 2003 Philosophy, History and Social Action S. Hook, W. O'Neill, R. O'Toole, 2012-12-06 Two articles by Lewis Feuer caught my attention in the 40s when I was wondering as a student physicist about the relations of physics to philosophy and to the world in turmoil One was his essay on *The Development of Logical Empiricism* 1941 and the other his critical review of Philipp Frank's biography of Einstein *Philosophy and the Theory of Relativity* 1947 How extraordinary it was to find so intelligent independent critical and humane a mind and furthermore he went further as I soon realized when I looked for his name on other publications I recall arguing with myself over his exploration of Indeterminacy and Economic Development 1948 and even more when I read his *Dialectical Materialism and Soviet Science* 1949 More papers and then the fascinating sometimes irritating always insightful books His monograph on *Psychoanalysis and Ethics* 1955 the beautiful sociological and humanist study of Spinoza and the Rise of Liberalism 1958 his essays on *The Social Roots of Einstein's Theory of Relativity* 1971 together with the book on *Einstein and the Generations of Science* 1974 the splendid reader from the works of Marx and Engels *Basic Writings on Politics and Philosophy* 1959 which was a major text of the 60s the stimulating essays on the social formation which seems to have been required for a modern scientific movement to develop set forth most convincingly in *The Scientific Intellectual* 1963 **Creation and Chaos Talk** Eric M. Vail, 2012-06-07 Talk about chaos is pervasive Biblical scholars theologians and scientists have been using the word chaos for some time occasionally mingling ideas across disciplines around the shared word Quite often discussions of chaos center on the issues of creation's origin and nature as well as on God's creative methods and relationship to creation Eric M Vail investigates the current uses of the word chaos in those areas A new way of articulating creation out of nothing is offered as both helpful and appropriate in our current milieu He suggests where we ought to focus our use of the word chaos in Christian discourse and argues that chaos is more fitting for naming where creation has gone awry rather than for naming that state out of which creation comes to be **Canadian Who's Who 2008** Elizabeth Lumley, 2008-01-05 Now in its ninety eighth year of publication this standard Canadian reference source contains the most comprehensive and authoritative biographical information on notable living Canadians Those listed are carefully selected because of the positions they hold in Canadian society or because of the contribution they have made to life in Canada The volume is updated annually to ensure accuracy and 600 new entries are added each year to keep current with developing trends and issues in Canadian society

Included are outstanding Canadians from all walks of life politics media academia business sports and the arts from every area of human activity Each entry details birth date and place education family career history memberships creative works honours and awards and full addresses Indispensable to researchers students media business government and schools Canadian Who's Who is an invaluable source of general knowledge The complete text of Canadian Who's Who is also available on CD ROM in a comprehensively indexed and fully searchable format Search astronaut or entrepreneur of the year aboriginal achievement award and Order of Canada and discover a wealth of information Fast easy and more accessible than ever the Canadian Who's Who on CD ROM is an essential addition to your electronic library **Holderlin's Philosophy of Nature**

Tobias Rochelle Tobias,2020-05-28 In our age of climate change the work of the decidedly philosophical poet Friedrich Holderlin has gained renewed urgency with its emphasis on the forces of nature that produce life and at the same time threaten to devour it At the heart of his work lies an understanding of nature and the role that consciousness plays within it This responds to but also revises the concerns of 18th and 19th century philosophy of nature This collection of 15 essays by distinguished international scholars reconsiders what his work reveals about the impulses toward form and formlessness in nature and the role that poetry plays in creating Holderlin's harmonious opposition The collection shows that Hlderlin anticipates many of the concerns that motivate contemporary environmental thinking History and Anti-History in Philosophy

Victorino Tejera,2017-07-05 History and Anti History in Philosophy demonstrates the viability of the idea of the unity of philosophic thinking and the reflective practice of the history of philosophy It is a concise in depth history of the deconstructive turn in philosophy and of the styles of historical and interpretive contextualization afforded by diverse schools of thought Thematic unity arises from the focus of contributors on the historical dimension of reflection in philosophy History of philosophy and intellectual history come together when they are forced to practice foundational analysis namely when they feel the need to uncover indubitables of society Indubitables are deeply held usually unnoticed premises upon which a society or group acts builds and speaks By foundational analysis the editors do not mean the search for acceptable starting points of intellectual exploration but the ongoing criticism of all such postulates of faith For those interested in contextual analysis of Kant Hegel Marx Dewey Mannheim Husserl Dilthey Heidegger and Gadamer this is an invaluable guide The editors make plain their belief that not using history as have past philosophies is unphilosophic ideas in personal construction to a text that cannot supply reasons for being taken seriously in history This volume illuminates the achievements of present day social science insights It merits a close reading by those for whom the history of ideas is a living entity **Jan Patočka and the Heritage of Phenomenology**

Erika Abrams,Ivan Chvatik,2010-09-29 Whereas for the wider public Jan Patocka is known mainly as a defender of human rights and one of the first spokespersons of Charter 77 who died in Prague several days after long interrogations by secret police of the Communist regime the international philosophical community sees in him an important and inspiring thinker who in an original way elaborated the great impulses of European thought mainly Husserl's

phenomenology and Heidegger's philosophy of existence Patocka also reflected on history and the future of humanity in a globalized world and laid the foundations of an original philosophy of history His work is a subject of lively philosophical discussion especially in French and German speaking countries and recently also in Spanish speaking in U S A and in the Far East Scholars from around the world who are interested in the philosophy of Jan Patocka gathered in Prague to commemorate his centenary and the thirtieth anniversary of his death The conference explored the significance of his work and its continuing influence on contemporary philosophy The volume presents selected papers from the conference in English language American Book Publishing Record ,2003 *The Rise of Modern Mythology, 1680-1860* Burton Feldman,Robert D. H. Henry,1999-01-25 Part 1 in a monumental six volume set that presents an undeniable case for the revealed authority of God to a generation that has forgotten who he is and what he has done Science Between Myth and History José G. Perillán,2021 *Science Between Myth and History* explores scientific storytelling and its implications on the teaching practice and public perception of science In communicating their science scientists tend to use historical narratives for important rhetorical purposes This text explores the implications of doing this

Languaging Myths and Realities Qianqian Zhang-Wu,2021-11-15 Higher education institutions in Anglophone countries often rely on standardized English language proficiency exams to assess the linguistic capabilities of their multilingual international students However there is often a mismatch between these scores and the initial experiences of international students in both academic and social contexts Drawing on a digital ethnography of Chinese international students first semester languaging practices this book examines their challenges needs and successes on their initial languaging journeys in higher education It analyzes how they use their rich multilingual and multi modal communicative

repertoires to facilitate languaging across contexts in order to suggest how university support systems might better serve the needs of multilingual international students *Primitive Culture Resaerches Into the Developement of Mythology, Philosophy, Religion Language, Art and Custom* by Edward B. Tylor ,1871 *Reconciling Ancient and Modern Philosophies of History* Aaron Turner,2020-10-26 The distinction between ancient and modern modes of historical thought is characterized by the growing complexity of the discipline of history in modernity Consequently the epistemological and methodological standard of ancient historiography is typically held as inferior against the modern ideal This book serves to address this apparent deficit Its scope is three fold Firstly it aims at encountering ancient modes of historical and historiographical thought within the province of their own horizon Secondly this book considers the possibility of a dialogue between ancient and modern philosophies of history concerning the influence of ancient historical thought on the development of modern philosophy of history and the utility of modern philosophy of history in the interpretation of ancient historiography Thirdly this book explores the continuities and discontinuities in historical method and thought from antiquity to modernity Ultimately this volume demonstrates the necessity of re evaluating our assumptions about the relation of ancient and modern historical thought and lays the groundwork for a more fruitful dialogue in the future **Primitive Culture; Researches Into the Development of Mythology, Philosophy, Religion, Language, Art, and Custom** Edward Burnett Tylor,1924

Hegel Myths and Legends Jon Stewart,1996-05-13 For over thirty years Hegel scholars have known that many of the views of Hegel rife in the Anglo Saxon world are higly inaccurate The essays collected in this volume show the myths and legends to be just that The author has selected a set of essays that treat and effectively debunk the various Hegel myths and legends Divided into sections addressing the various myths and augmented by Stewart s informative introduction and a bibliography this collection should be of interest to scholars and nonspecialists alike The Prophets and the Goddess Dionysious Psilopoulos,2017-11-06 This text discusses how W B Yeats Aleister Crowley Ezra Pound and Robert Graves had access to the forbidden knowledge of the Goddess These four poets experienced a confrontation with their unconscious and let the grace of the Goddess touch their heart strings Consequently through this surrendering they created avant garde poetry and were inspired to write seditious manifestos that would teach humanity an esoteric creed This creed based on humans eternal divine essence aspires to liberate the eternal feminine These poets became the instruments of the Goddess As defenders of the Light they took arms against the forces of inertia and proclaimed the eleusis of a new faith This creed pledges to overthrow the anachronistic religious and social institutions and initiate a new world order and a new divinity based on the ancient rites of the Great Goddess No matter how disparate these four were in character they shared the vision of transmitting esoteric knowledge to profane humanity They were specifically chosen by the Goddess as Her troubadours and they pave Her way to the religious consciousness of the people
