Wallace, 2024-06-06 With advances in neuroscience many Christians are confused about what the soul is and its role in human flourishing This confusion is rapidly increasing through the writings of neurotheologians such as Curt Thompson and Jim Wilder who imply our brains are ultimately the cause of our thoughts beliefs desires choices and very identity This book identifies and corrects the wrong assumptions of neurotheologians outlines a biblically and philosophically sound understanding of our soul and its relation to the body and illustrates how this understanding is the right path toward more fully loving God and loving others **Urban Apologetics** Eric

Mason, 2021-04-06 Urban Apologetics examines the legitimate issues that Black communities have with Western Christianity and shows how the gospel of Jesus Christ rather than popular socioreligious alternatives restores our identity African Americans have long confronted the challenge of dignity destruction caused by white supremacy While many have found meaning and restoration of dignity in the black church others have found it in ethnocentric socioreligious groups and philosophies These ideologies have grown and developed deep traction in the black community and beyond Revisionist history conspiracy theories and misinformation about Jesus and Christianity are the order of the day Many young African Americans are disinterested in Christianity and others are leaving the church in search of what these false religious ideas appear to offer a spirituality more indigenous to their history and ethnicity Edited by Dr Eric Mason and featuring a top notch lineup of contributors Urban Apologetics is the first book focused entirely on cults religious groups and ethnocentric ideologies prevalent in the black community The book is divided into three main parts Discussions on the unique context for urban apologetics so that you can better understand the cultural arguments against Christianity among the Black community Detailed information on cults religious groups and ethnic identity groups that many urban evangelists encounter such as the Nation of Islam Kemetic spirituality African mysticism Hebrew Israelites Black nationalism and atheism Specific tools for urban apologetics and community outreach Ultimately Urban Apologetics applies the gospel to black identity to show that Jesus is the only one who can restore it This is an essential resource to equip those doing the work of ministry and apology in urban communities with the best available information **Who's Afraid of the Unmoved Mover?** Andrew I.

Shepardson, 2019-02-12 Are postmodern philosophy and Christian theology compatible A surprising number of Christian philosophers and theologians think so However these same thinkers argue that postmodern insights entail the rejection of natural theology the ability to discover knowledge about the existence and nature of God in the natural world Postmodernism they claim shows that appealing to nature to demonstrate or infer the existence of God is foolish because these appeals rely on modernity's outmoded grounds for knowledge Moreover natural theology and apologetics are often hindrances to authentic Christian faith Notions like objectivity and rationality are forms of idolatry from which Christians should repent This book carefully examines the nature of truth rationality general revelation and evangelism to show that the postmodern

objections fail and that Christians ought to lovingly and faithfully use natural theology and apologetics to defend and commend the Christian faith to a world in need of the knowledge of God **The Scandal of a Divine Messiah** Brian J. Crawford,2024-12-30 In this groundbreaking book Brian J Crawford navigates the complex intellectual landscape that has traditionally separated Jews and Christians His focus is on a scandalous claim God became a man as Jesus of Nazareth Since the Middle Ages Jewish philosophers have said such an idea is impossible and absurd and Jewish mystics have said the idea is redundant for all things are inhabited by divine sparks By critically examining the philosophical underpinnings of the Maimonidean and Kabbalistic thought that has shaped Jewish theology Crawford constructs a compelling case for the incarnation that is grounded in the Hebrew Scriptures consistent with history informed by science and illuminated by philosophical inquiry Included within is a deep interaction with Maimonides s *Guide to the Perplexed* the Jewish mystical tradition historical Christian orthodoxy and Messianic Jewish theology This landmark study promises to reinvigorate Jewish Christian discourse on the nature of God the Jewishness of the Trinity and the incarnation and the role of philosophy in Judaism and Christianity *The Cape Town Commitment: A Confession of Faith, A Call to Action* Darrell L. Bock,2013-06-14 The Cape Town Commitment which arose from The Third Lausanne Congress on World Evangelization Cape Town 2010 stands in the historic line of The Lausanne Covenant 1974 and The Manila Manifesto 1989 It has been translated into twenty five languages and has commanded wide acceptance around the world The Commitment is set in two parts Part 1 is a Confession of Faith crafted in the language of covenantal love Part 2 is a Call to Action The local church mission agencies special interest groups and Christians in the professions are all urged to find their place in its outworking This annotated bibliography of The Cape Town Commitment arranged by topic has been compiled by specialists in a range of fields As such it is the first bibliography of its kind Arranged in sections for graduate level teaching Equally useful for research students

Think Christianly Jonathan Morrow,2011-11-01 Think Christianly is about seizing the opportunities we have every day to speak the life Jesus offers into our culture Tragically many such opportunities pass us by unclaimed either because we don t notice them or we have not prepared ourselves to enter into them And those around us seem to grow increasingly unwilling to hear anything the church has to say Jonathan Morrow helps church leaders envision and implement ways for their congregations to think Christianly about contemporary questions and to speak in informed engaging ways Morrow explores many of the important issues that Christians often hear raised with regard to faith questions about who Jesus was the good and bad of religion pain and evil in the world the reliability of the Bible sexuality and intimate relationships and hope for change among others The life and faith issues that Think Christianly addresses lead to cultural moments where Christianity and contemporary culture intersect This book will help churches take vital steps toward cultivating compassion and competence in speaking faithfully to a questioning world *The Knowledge of God in the World and the Word* Douglas Groothuis,Andrew I. Shepardson,2022-12-06 Intellectual support for defending your faith Knowledge of God in the World and

the Word is a clear and succinct introduction to classical Christian apologetics that also addresses the most common objections to natural theology. Amid the crisis of authority in our modern and postmodern era, Christians need to be able to point to God's revelation in the natural world in addition to defending God's unique revelation in the Bible and in the person of Jesus Christ. Classical apologetics takes a two-step approach to commending the Christian picture of reality: first establishing arguments for the existence of God and then defending key items of Christian revelation, including the reliability of the Bible, the identity of the historical Jesus, and the resurrection of Jesus Christ from the dead. With this book, you will discover an easy point of entry into understanding why Christian beliefs about Jesus are true and rational. Perfect for any Christian who wants to articulate a sophisticated and comprehensive defense of their faith.
