

The background of the cover is a photograph of an open book, likely a Bible, with its pages spread wide. The lighting is warm and soft, highlighting the texture of the paper. A dark, semi-transparent rectangular box is overlaid on the upper portion of the image, serving as a background for the title and author's name.

THE PHILOSOPHY OF THE CHRISTIAN RELIGION

Andrew Martin Fairbairn

Philosophy Of Christian Religion

James K. Dew, Jr., Paul M. Gould

Philosophy Of Christian Religion:

Quest for a Philosophical Jesus Vincent A. McCarthy, 1986 In this book Vincent A McCarthy examines the work of four philosophers of the late eighteenth and early nineteenth centuries Rousseau Kant Hegel and Schelling who were committed to no lesser goal than the philosophical rehabilitation of Christianity and its Christ in the wake of the Enlightenment They sought the elusive philosophical formula for reconciling reason and revelation and then elaborated it in a philosophy of religion that would rearticulate the religion of Jesus in a positive light as against the destructive momentum and dark shadows cast by Enlightenment religious thought This was however no modern apologetics and traditional Christians were largely displeased and disturbed by the results For what becomes of Christianity and its Christ in the works of these philosophers occurs not for the sake of Christianity but for the sake of philosophy Rousseau Kant Hegel and Schelling spearheaded an audacious attempt to fulfill philosophy's program in a philosophy of religion and to save religion from philosophy and for philosophy Professor McCarthy examines in detail the philosophies of Christianity and the philosophical Christologies they created Their work did not issue in unqualified success yet the influence reaction rejection and revival that each has generated as well as the lessons of their failures commend them to critical attention still **Christian Philosophy** Craig G. Bartholomew, Michael W. Goheen, 2013-10-15 This third book in a series of successful introductory textbooks by Craig Bartholomew and Michael Goheen builds on their previous projects *The Drama of Scripture* and *Living at the Crossroads* to offer a comprehensive narrative of philosophical thought from a distinctly Christian perspective After exploring the interaction among Scripture worldview theology and philosophy the authors tell the story of philosophy from ancient Greece through postmodern times positioning the philosophers in their historical contexts and providing Christian critique along the way The authors emphasize the Reformed philosophical tradition without neglecting other historical trajectories and show how philosophical thought relates to contemporary life *Philosophy* James K. Dew, Jr., Paul M. Gould, 2019-04-02 Two experienced educators offer an up to date introduction to philosophy from a Christian perspective that covers the four major areas of philosophical thought epistemology metaphysics philosophy of religion and ethics Written from an analytic perspective the book introduces key concepts and issues within the main areas of philosophical inquiry in a comprehensive yet accessible way inviting readers on a quest for goodness truth and beauty that ultimately points to Jesus as the source of all **Christian Philosophy, Or An Attempt to Display by Internal Testimony, the Evidence and Excellence of Revealed Religion** Vicesimus Knox, 1804 *A Philosophy of the Christian Religion* Nancey Murphy, 2018-10-30 Each field of study comes with its own set of questions each period of time refines and redirects those questions The Christian religion as we find it in the twenty first century presents a unique set of problems to be solved and questions to be answered In this introduction to the philosophy of the Christian religion eminent philosopher and theologian Nancey Murphy applies the tools of philosophical analysis to a set of core yet contemporary religious questions what does our historical moment mean for the

possibility of knowing God Is faith still possible Does God intervene in human history Is there such a thing as universal knowledge of God Written with the needs of students encountering the philosophy of religion for the first time in mind this book provides a comprehensive introduction to the fundamental questions inherent in Christian faith Murphy also provides tools for how to answer those questions *A Philosophy of the Christian Religion* Edward J. Carnell, 2007-11-01 Introducing the Edward Carnell Library Nine Titles Listed Inside A Philosophy of the Christian Religion is not a defense of the Christian faith in the conventional sense The gamut of contending values and the systems of thought preoccupying the contemporary mind are analyzed here with admirable comprehension and lucidity These competing philosophies are severally evaluated by the whole perspective of the Christian system and demonstrated as partial here and now values incapable of satisfying the demands of the whole man Christianity is a coherent religion It never asks the heart to trust values which the reason is obliged to discard as contradictory No value commitment is completely satisfying until the complete man is satisfied from the preface *The Philosophy of the Christian Religion* Andrew Martin Fairbairn, 1902 Book I Questions in the philosophy of nature and mind which affect belief in the supernatural person book II The person of Christ and the making of the Christian religion *Philosophies of Christianity* Balázs M. Mezei, Matthew Z. Vale, 2020-01-09 This book examines key issues in Christianity from various philosophical points of view It brings together European authors with American theologians and philosophers on an interconfessional basis Coverage combines analytical and continental approaches in a unique way This comprehensive innovative analysis will help readers gain a deep understanding into a wide range of philosophical approaches to basic Christian problems The novelty of this volume is the unique combination of philosophical and theological approaches It merges these points of view in a rational manner which characterizes segments of Anglo American and Continental thought The scope of the work covers historical issues contemporary problems of atheism and also novel approaches to fundamental notions Readers will learn about questions surrounding the French New Theology Zizek s philosophical sources the notion of revelation and much more As a work produced by European and United States scholars this volume is an important contribution not only to the dialogue between various academic cultures but also to the expression of their fruitful cooperation which grounds and inspires serious academic research The readership of this work begins at an undergraduate level and reaches up to academic researchers and professors interested in borderline problems between philosophy and theology history and contemporary issues *Introduction to Philosophy* Steve Wilkens, Alan G. Padgett, 2018 Introduction to Philosophy Christianity and the Big Questions is a perfect primer for students of philosophy and anyone interested in a Christian perspective on the timeless and universal perplexities of human existence Thomas M Crisp Professor of Philosophy Biola University *Principles of Christian Philosophy* John Burns, 1832 **Christian Philosophy: or, an Attempt to display the evidence and excellence of revealed religion** Vicesimus KNOX, 1824 **The Logic of Intersubjectivity** Darren M. Slade, 2020-08-27 To survey harsh criticisms against Brian Douglas McLaren 1956 readers gain the inaccurate

impression that he is a heretical relativist who denies objective truth and logic While McLaren s inflammatory and provocative writing style is partly to blame this study also suspects that his critics base much of their analyses on only small portions of his overall corpus The result becomes a caricature of McLaren s actual philosophy of religion What is argued in this book is that McLaren s philosophy of religion suggests a faith based intersubjective relationship with the divine ought to result in an existential appropriation of Christ s religio ethical teachings When subjectively internalized this appropriation will lead to the assimilation of Jesus kingdom priorities thereby transforming the believer s identity into one that actualizes Jesus kingdom ideals The hope of this book is that by tracing McLaren s philosophy of Christian religion future researchers will not only be able to comprehend and perhaps empathize with McLaren s line of reasoning but they will also possess a more nuanced discernment of where they agree and disagree with his overall rationale

Philosophy and the Christian Faith Thomas V. Morris,1988 Presents a collection of discussions on the philosophy of religion especially with regard to Christianity The essays cover such subjects as salvation the resurgence of philosophy of religion the Acts of the Apostles the Trinity original sin and the Holy Spirit

Christian Philosophy J. Aaron Simmons,2019 One of the marks of being a philosopher is participating in debates about what counts as philosophy Of particular note in such debates is the question of how to distinguish philosophy from theology Although a variety of answers to this question have been offered in the history of philosophy in recent decades the prominence of Christian philosophy has been heralded by many as a genuine triumph over the problematic narrowness of strong foundationalism positivism and scientism For others however it signals that philosophy continues to risk being replaced by confessional theology Wherever one comes down on such issues and however one interprets recent trends in philosophy of religion the idea of Christian philosophy continues to present pressing questions for those working in meta philosophy epistemology metaphysics hermeneutics and value theory In this volume established scholars representing a variety of cultural traditions religious perspectives and philosophical priorities all wrestle with how the idea of Christian philosophy should be understood appropriated and engaged in light of where philosophy is and where it is likely to go The volume includes classical essays that have deeply marked the field and also new essays that explore the relevance of Christian philosophy to issues in disability studies engaged pedagogy lived phenomenology the academic study of religion and the workings of social power Rather than offer a unified view that seeks to settle things the contributors demonstrate that Christian philosophy remains a topic of lively debate Wherever one comes down on the issues considered here this volume shows that Christian philosophy is neither merely of historical interest nor of interest only to Christians but instead remains a thoroughly philosophical topic worthy of serious consideration and substantive critique With a Foreword by Nicholas Wolterstorff Noah Porter Professor Emeritus of Philosophical Theology at Yale University Senior Research Fellow in the Institute for Advanced Studies in Culture at the University of Virginia and Honorary Professor of Australian Catholic University
