Philosophy Of Krishnamurti A System:

Philosophy of J. Krishnamurti Ravindra Kumar Shringy, 1977 **The Transformative Philosophical Dialogue** Shai Tubali, 2023-09-25 This book explores dialogue as a transformative form of philosophical practice by unveiling the method behind the unique dialogue developed by mystic and thinker Jiddu Krishnamurti 1895 1986 While Krishnamurti himself generally rejected the cultivation of systems and techniques Shai Tubali argues that there are easily identifiable patterns through which Krishnamurti strove to realize his dialogical aims For this reason he refers to this method whose existence has evaded Krishnamurti's followers and scholars alike as the Krishnamurti dialogue He suggests that these discursive patterns serve to broaden our understanding of the possibilities of philosophical and religious dialogues and further illuminate established forms of dynamic discourse such as the Socratic method Inspired by Pierre Hadot's revolutionary reading of the classical Greco Roman texts the author centers his attention on Plato's Socratic dialogues and the guru-disciple conversations in the Hindu Upanishads which fall within the scope of what may be termed the transformative dialogue dialogues that have been written with the intention of bringing about a transformation in the mind of the interlocutor and reader and reorienting their way of life This text appeals to students as well as researchers and suggests that the Krishnamurti dialogue is not only a continuation and development of the transformative dialogue but that it also amalgamates ingredients of classical Western philosophy and South Asian mysticism Moreover this type of dialogue encourages readers to revisit the lost practice of transformative philosophy in that it reveals new pathways of philosophical and religious inquiry that bear thought provoking practical implications *There is No Thinker Only Thought* J Krishnamurti, 2022-09-09 In these talks given in New Delhi Bombay London Saanen Paris and Madras Krishnamurti begins by defining what he means by the word discussion and what it means to go beyond thought I think before we begin it should be made clear what we mean by discussion To me it is a process of discovery through exposing oneself to the fact That is in discussing I discover myself the habit of my thought the way I proceed to think my reactions the way I reason not only intellectually but inwardly It is really exposing oneself not merely verbally but actually so that the discussion becomes a thing worth while to discover for ourselves how we think Because I feel if we could be serious enough for an hour or a little more and really fathom and delve into ourselves as much as we can we shall be able to release not through any action of will a certain sense of energy which is all the time awake which is beyond thought An extensive compendium of Krishnamurti's talks and discussions in the USA Europe India New Zealand and South Africa from 1933 to 1967 the Collected Works have been carefully authenticated against existing transcripts and tapes Each volume includes a frontispiece photograph of Krishnamurti with question and subject indexes at the end The content of each volume is not limited to the subject of the title but rather offers a unique view of Krishnamurti's extraordinary teachings in selected years The Collected Works offers the reader the opportunity to explore the early writings and dialogues in their most complete and authentic form *Pedagogics*

as a System Karl Rosenkranz, 2021-04-25 In *Pedagogics as a System* Karl Rosenkranz presents a comprehensive exploration of educational theory synthesizing philosophical inquiry with practical application. The book is characterized by its systematic approach and meticulous structure positioning pedagogics within the broader context of romantic philosophy particularly influenced by the ideas of Hegel and Schelling. Rosenkranz meticulously critiques existing educational models proposing a novel framework that emphasizes the developmental stages of consciousness and moral education. Through a dialectical method he interweaves theory and practice highlighting the significance of self cultivation and the role of the educator as both a guide and a transformative influence on students. Karl Rosenkranz a prominent 19th century philosopher and educator emerges from a rich intellectual tradition that sought to reconcile Enlightenment rationalism with Romantic idealism. His background in philosophy and commitment to reforming educational practices reflect his belief in the transformative power of education as a means to achieving individual and societal progress. Rosenkranz's experiences in the educational landscape of his time including his association with influential thinkers significantly shaped his perspectives on pedagogical systems. *Pedagogics as a System* is an invaluable read for educators philosophers and anyone interested in the intricate relationship between education and personal development. Rosenkranz's critical insights provide a foundation for rethinking contemporary educational practices and inspire readers to consider the transformative potential of teaching as a path to moral and intellectual enlightenment.

Advance Philosophy of Education Bharati chand, 2017-07-12 The book offers a concrete theory and practice of philosophy of education. It explores educational aspects of the Indian and western philosophy and philosophers. It can help students and teachers as well as teacher educators to analyze reflect upon and improve their teaching practice from a philosophical point of view. It challenges students and teachers to incorporate both theory as well as practice of philosophy in their classroom teaching.

Education as Service J. Krishnamurti, 2022-05-28 In *Education as Service* J. Krishnamurti presents a transformative vision of education that emphasizes personal exploration and the nurturing of a compassionate awareness. This thought provoking work critiques traditional educational paradigms advocating instead for an approach that fosters creativity critical thinking and intrinsic motivation. Krishnamurti's literary style is both earnest and accessible characterized by profound philosophical insights rendered in clear language. Set against the backdrop of post war idealism the book reflects a deep concern for humanity's potential emphasizing education as a vital service to society rather than merely a means of vocational preparation. J. Krishnamurti an influential philosopher and spiritual teacher dedicated his life to exploring the complexities of human thought and consciousness. His early experiences including his upbringing within the Theosophical Society profoundly shaped his understanding of the role of education in individual development and societal transformation. Drawing upon his travels and dialogues with students and educators worldwide Krishnamurti crafted an impassioned plea for an educational system that prioritizes the cultivation of a holistic and compassionate human being. *Education as Service* is an essential read for anyone involved in education philosophy or social

reform It challenges readers to reconsider the purpose of education and inspires a reimagining of its potential as a force for positive change Krishnamurti's insights urge us to embrace education not just as a process of knowledge acquisition but as a transformative journey of self discovery and service to others *Aldous Huxley and Utopia* Jerome Meckier,2022-11-30 Within the cycle that runs from Erewhon to Island British literary utopias compete with one another to form the most persuasive picture of what the future might or should be like At issue for Butler Wells Zamiatin Orwell and others is whether utopia be it positive or negative is essentially prediction or hypothesis Huxley contributed to this debate at roughly fifteen year intervals his three utopias becoming its key texts In addition Aldous Huxley and Utopia examines ironic cure scenes the obsession with golf in the brave new world attitudes towards death in Brave New World and Island problems with names and history in the former the role of islands in both the detrimental impact of Madame Blavatsky and young Krishnamurti on the story of Pala and the significance of a zoological conclusion of Island **Gnostic Philosophy** Tobias Churton,2005-01-25 An extensive examination of the history of gnosticism and how its philosophy has influenced the Western esoteric tradition Explains how the Gnostic understanding of self realization is embodied in the esoteric traditions of the Rosicrucians and Freemasons Explores how gnosticism continues to influence contemporary spirituality Shows gnosticism to be a philosophical key that helps spiritual seekers remember their higher selves Gnosticism was a contemporary of early Christianity and its demise can be traced to Christianity's efforts to silence its teachings The Gnostic message however was not destroyed but simply went underground Starting with the first emergence of Gnosticism the author shows how its influence extended from the teachings of neo Platonists and the magical traditions of the Middle Ages to the beliefs and ideas of the Sufis Jacob B hme Carl Jung Rudolf Steiner and the Rosicrucians and Freemasons In the language of spiritual freemasonry gnosis is the rejected stone necessary for the completion of the Temple a Temple of a new cosmic understanding that today's heirs to Gnosticism continue to strive to create The Gnostics believed that the universe embodies a ceaseless contest between opposing principles Terrestrial life exhibits the struggle between good and evil life and death beauty and ugliness and enlightenment and ignorance gnosis and agnosis The very nature of physical space and time are obstacles to humanity's ability to remember its divine origins and recover its original unity with God Thus the preeminent gnostic secret is that we are God in potential and the purpose of bona fide gnostic teaching is to return us to our godlike nature Tobias Churton is a filmmaker and the founding editor of the magazine Freemasonry Today He studied theology at Oxford University and created the award winning documentary series and accompanying book The Gnostics as well as several other films on Christian doctrine mysticism and magical folklore He lives in England *philosophical and sociological perspective in education* Dr.M.KUMAR,2023-02-12 Presently he is working as a Principal at E G S Pillay College of education Nagappattinam District He has obtained B Sc degree in Geography and M Sc degree in Geography at Govt College Kumbakonam He completed his B Ed from institute of advanced study in education at saidapet Madras and M Ed degree in

The Infant System Samuel Wilderspin, 2019-11-20 In *The Infant System* Samuel Wilderspin presents a pioneering exploration of early childhood education that emphasizes the holistic development of infants and young children. Written in a clear, engaging style that reflects the Enlightenment's burgeoning interest in child psychology and pedagogy, Wilderspin advocates for a systematic approach to educating the youngest learners. He integrates contemporary scientific understanding with practical teaching methods, illuminating the critical role of sensory experiences, play, and nurturing environments in fostering intellectual and emotional growth. This book stands as a significant contribution to educational theory, particularly within the context of the early 19th century, as it positions children as active participants in their own learning journeys. Samuel Wilderspin, an influential educational reformer, was deeply invested in the welfare and development of children. His experiences as a schoolmaster and his observations of the social conditions affecting youth during his time informed his conviction that tailored educational systems were crucial for nurturing children's potential. His advocacy for infant schools was rooted in a desire to combat poverty and social inequity, making education accessible to all, especially the marginalized. *The Infant System* is a must-read for educators, parents, and scholars alike, offering invaluable insights into the principles of early childhood education that resonate even today. Wilderspin's forward-thinking approach not only provides a historical perspective but also serves as a practical guide for those aiming to create enriching educational experiences for young children.

Research Analysis Mr. Rohit Manglik, 2024-03-09 EduGorilla Publication is a trusted name in the education sector, committed to empowering learners with high-quality study materials and resources. Specializing in competitive exams and academic support, EduGorilla provides comprehensive and well-structured content tailored to meet the needs of students across various streams and levels.

Educational Philosophy for a Post-secular Age David Lewin, 2016-10-04 *Educational Philosophy for a Post-secular Age* reinterprets post-secular insights for educational theory by recognising that the persistence of religion in contemporary life raises new questions about the place of religion in education. Two common assumptions are critically examined: first, that the better educated a society becomes, the more secular it becomes; and second, that religion can and should be separated from public education. For too long, religion has had an uneasy relationship with education, being seen either as a foreign invader, a problem to be solved, or as a mechanism by which to reinforce particular religious, cultural, or national identities. In order to move educational theory beyond the debates about indoctrination and competing rights between parents, children, and nation-states, the argument undercuts rationalist conceptions of religion and education that tend to frame the debates in terms of competing truth claims or worldviews. Drawing on a diverse range of theological, philosophical, and educational sources, this book demonstrates the continuing significance of the Christian mystical tradition to educational theory. It proposes an exploration of democratic education that brings together two apparently irreconcilable poles: the meaning of religion in education and contemporary life, and the need for a deliberative democratic process that is fit

for the post secular age It argues that religious literacy can be served by democratic encounters in public religious education Educational Philosophy for a Post secular Age will be of interest to researchers academics and postgraduate students in the fields of the philosophy of education philosophy of religion education policy politics anthropology and cultural theory It will particularly appeal to those of both secular and religious persuasions interested in the place of religion in education and public life

The Philosophical Traditions of India P T Raju,2013-05-13 This volume conveys that Indian philosophy has intricate and complex metaphysical and epistemological theories as other philosophies and that these disciplines epistemology and metaphysics are an essential part of Indian philosophy
