### **The Problems of Philosophy**

Russell Bertrand, 2016-06-21 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

### **The Oxford companion to philosophy**

Ted Honderich, 1995 Entries on philosophers schools of thought subjects theories debates concepts practical issues *Philosophy*, 1971 *Problems in the History of Philosophy* Theodor Oizerman, 1975-09-01

### **Problems of the History of Philosophy**

Teodor Il'ich Oizerman, 1973 *The Problem of Knowledge* Douglas Clyde Macintosh, 2015-06-05 Originally published in 1916 This book reviews the common problems of philosophy and then critiques the varied epistemological theories of the time A theory of knowledge may be either dualistic or monistic and realistic or idealistic Examining the resulting doctrines at the beginning this book then goes on to consider mysticism psychology logic consciousness intellectualism and then scientific method A fascinating insight into early Twentieth century philosophy

### **Hegel and the Problem of Multiplicity**

Andrew Haas, 2000-09-25 What could the term multiplicity mean for philosophy Haas contends that modern understandings of the concept are either Aristotelian or Kantian The Hegelian concept of multiplicity Haas suggests is opposed to both or supersedes them

*The Problem of Atheism* Augusto Del Noce, 2022-01-05 In 1964 Augusto Del Noce assembled in a book some of his best works on Marxism atheism and the history of modern philosophy The result was *Il problema dell'ateismo* which he always regarded as foundational to his way of thinking The book remains his best known work and is still in print in Italy almost sixty years later The Problem of Atheism offers the first English translation of this landmark book one of the earliest works to recognize the new secularizing trends in Western culture following World War II Del Noce situates atheism historically reconstructing its philosophical trajectory through European modernity Documenting the author's entire intellectual experience these essays explore the birth of modern philosophy reckon with the great European crisis of 1917 to 1945 and the Cold War that followed and mine the opposition between Marxism and the rise of the affluent society The result is rich with premonitions of the cultural landscape that would take shape throughout the 1960s and the decades that followed Proving its English translation to be long overdue The Problem of Atheism remains relevant to contemporary debates about secularization political theology and modernity

### **Deleuze, Guattari, and the Problem of Transdisciplinarity**

Guillaume Collett, 2019-11-14 Deleuze and Guattari's work has today become ubiquitous in the humanities and social sciences being regularly drawn on by a vast array of subjects Throughout their careers Deleuze and Guattari also engaged with a myriad of disciplines yet they declared themselves that Philosophy is not interdisciplinary This apparent contradiction has rarely been explicitly confronted by scholars Fortunately however Deleuze and Guattari left us a number of clues in their works signaling

how to approach this apparent impasse These clues amount to a complex and penetrating if un unified theory of disciplinarity and cross disciplinary articulation Energized by recent developments in critical transdisciplinarity studies this volume analyzes and evaluates instances of disciplinarity and transdisciplinarity within Deleuze and Guattari s shared and respective bodies of work The first volume in English specifically devoted to examining Deleuze and Guattari s work using this framework this book both contributes to the field of critical transdisciplinarity studies and in doing so helps shed light on the heart of Deleuze and Guattari s intellectual project     *Scholars' Guide to Humanities and Social Sciences in the Soviet Union and the Baltic States* Tigran Martirosyan, Silvia Maretti, S. Frederick Starr, 2019-11-21 In the years since the first edition of the Guide was published the research institutions of the academies of sciences of the USSR and the republics have undergone several sometimes radical reorganizations and reaffiliations This guide to academy institutions supplies names addresses and historical research and organizational profiles for each institution with summary information on staffing current projects special facilities and libraries The end of the Cold War has brought with it many changes of attitude and policy in the political arena however nowhere has change been so emotionally charged as in the area of politically based emigration Refugee policy is the driving force behind many of today s headlines influencing both foreign and domestic policy In *Desperate Crossings* authors Norman L and Naomi Flink Zucker chronicle and analyze the phenomenon of mass escape that began with the Haitians but exploded into the American consciousness in the spring of 1980 with the Mariel boatlift and the subsequent mass exodus from Central America and was most recently manifested in the Haitian and Cuban exoduses of 1994 In a compelling and carefully documented narrative they identify the troika of interests foreign policy domestic pressures and costs that have controlled and determined the American response to refugees since before the Second World War continuing until today *Desperate Crossings* concludes by proposing a comprehensive and politically palatable approach to future refugee flows both in our hemisphere and for the world community at large including Europe and Asia The authors suggest how by changing the course of its refugee policies and programs the United States can better respond to both the needs of refugees and the demands of its citizens     *Problems for Democracy* , 2022-03-28 This book based on the premise that democracy promotes peace and justice explores theoretical and practical problems that can arise or that have arisen in democratic polities Contributors address with clarifying analyses such theoretical issues as the relationship between recursivist metaphysics and democracy the relationship between the economic and political orders and the nature of justice Contributors offer as well enlightening resolutions of practical problems resulting from a history of social political or economic injustice     **Some Problems of Philosophy** William James, 1968 With the clarity that William James deemed obligatory *Some Problems of Philosophy* outlines his theory of perception The early chapters expose the defects of intellectualism and monism and the advantages of empiricism and pluralism The novelty that enters into concrete perceptual experience and that is disallowed by the rationalizing intellect suggests exciting possibilities Denied any absolute truth in an

ever changing world privy to only a piece of the truth at any given moment the individual can with faith and good will help create order out of chaos Some Problems of Philosophy published posthumously represents an important advance in William James s thought
