Philosophy in Schools Sara Goering,Nicholas J. Shudak,Thomas E. Wartenberg,2013 All of us ponder the big and enduring human questions Who am I Am I free What should I do What is good Is there justice Is life meaningful but this kind of philosophical interrogation is rarely carefully explored or even taken seriously in most primary and secondary school settings However introducing philosophy to young people well before they get to college can help to develop and deepen critical and creative thinking foster social and behavioral skills and increase philosophical awareness *Philosophy in Schools An Introduction Philosophers and Teachers* is an invaluable resource for students and practitioners who wish to learn about the philosophy for children movement and how to work its principles into their own classroom activities The volume provides a wealth of practical information including how to train educators to incorporate philosophy into their daily lessons best practices and activity ideas for every grade level and assessment strategies With contributions from some of the best practitioners of philosophy for children *Philosophy in Schools* is a must have resource for students of philosophy and education alike

Foundation of Education II , An Introduction to the Foundations of Education Allan C. Ornstein,Daniel U. Levine,1985 **A Practicum in TESOL** Graham Crookes,2003-07-14 *A Practicum in TESOL* is a valuable source book for both teacher educators and classroom teachers It ranges widely across key areas of practice from the nitty gritty of lesson planning and classroom management through conceptual areas such as motivation and observation to crucial if more abstract aspects such as teachers beliefs and values It also delves into the moral and political dimensions of teaching Discussion of these areas though well grounded in relevant academic literatures is also supported by extensive quotes from real teachers working on their practice The treatment is sufficiently challenging to interest the experienced teacher while covering matters of basic practice that would be of concern to the beginner Anyone doing a TESOL practicum will want to use this book whether as an in service teacher or as a teacher longing to further their professional development *A Practicum in TESOL* can be used individually or in groups

Sociological and Philosophical Perspectives on Education in the Asia-Pacific Region Chi-Ming Lam, Jae PARK, 2015-12-12 This book demonstrates the value of approaching education from a sociological and philosophical perspective Specifically it addresses current and long standing educational issues in the Asia Pacific region integrating sociological and philosophical insights with practical applications in four key areas educational aims moral education educational policy and the East West dichotomy It discusses educational aims in terms of rationality philosophical thinking and sustainable development and presents the literary religious and analytical approaches to moral education Four

educational policies are then considered Hong Kong's language policy Hong Kong's policy on the internationalization of education East Asia's policies on English education and Australia's policy on teacher education Different aspects of the East West dichotomy are analysed Confucian rationalism versus Western rationalism Confucian learning culture versus Western learning culture and Asian research methodology versus Western research methodology Taken as a whole the book shows that issues in education are rarely simple and looking at them from multiple perspectives allows for rich and informed debates It presents a rare philosophical and sociological analysis of the cultures and experiences of education in the Asia Pacific region and promotes research that leads to more culturally rooted educational policies and practice Korean Higher Education Jeong-Kyu Lee, 2002
