Phnom Penh France. Ministère de la culture. Département des affaires internationales,1997 **The Handbook of Contemporary Cambodia** Katherine Brickell,Simon Springer,2016-09-13 Offering a comprehensive overview of the current situation in the country The Handbook of Contemporary Cambodia provides a broad coverage of social cultural political and economic development within both rural and urban contexts during the last decade A detailed introduction places Cambodia within its global and regional frame and the handbook is then divided into five thematic sections Political and Economic Tensions Rural Developments Urban Conflicts Social Processes Cultural Currents The first section looks at the major political implications and tensions that have occurred in Cambodia as well as the changing parameters of its economic profile The handbook then highlights the major developments that are unfolding within the rural sphere before moving on to consider how cities in Cambodia and particularly Phnom Penh have become primary sites of change The fourth section covers the major processes that have shaped social understandings of the country and how Cambodians have come to understand themselves in relation to each other and the outside world Section five analyses the cultural dimensions of Cambodia s current experience and how identity comes into contact with and responds to other cultural themes Bringing together a team of leading scholars on Cambodia the handbook presents an understanding of how sociocultural and political economic processes in the country have evolved It is a cutting edge and interdisciplinary resource for scholars and students of Southeast Asian Studies as well as policymakers sociologists and political scientists with an interest in contemporary Cambodia **Khmer Women on the Move** Annuska Derks,2008-04-11 This is a fascinating ethnography about young Khmer women moving to the city to work in the garment factories in prostitution and as street sellers The author makes good use of new theoretical approaches in anthropology that focus on negotiation and creativity in situations of rapid change The result is not only a welcome new book on post war Cambodia but an important addition to the literature on women migration and labor in Southeast Asia and the world Judy Ledgerwood Northern Illinois University Khmer Women on the Move offers a fascinating ethnography of young Cambodian women who move from the countryside to work in Cambodia s capital city Phnom Penh Female migration and urban employment are rising triggered by Cambodia s transition from a closed socialist system to an open market economy This book challenges the dominant views of these young rural women that they are controlled by global economic forces and national development policies or trapped by restrictive customs and Cambodia s tragic history The author shows instead how these women shape and influence the processes of change taking place in present day Cambodia Based on field research among women working in the garment industry prostitution and street trading the book explores the complex interplay between their experiences and actions gender roles and the broader historical context The focus on women involved in different kinds of work allows new insight into women s mobility highlighting similarities and differences in working conditions and experiences Young women s ability to utilize networks of increasing

size and complexity allows them to move into and between geographic and social spaces that extend far beyond the village context Women s mobility is further expressed in the flexible patterns of behavior that young rural women display when trying to fulfill their own modern aspirations along with their family obligations and cultural ideals *Waterfront Regeneration in a Time of Climate Change* Raffaele Pernice,Tetsuya Yaguchi,2025-07-28 The current climate crisis and the rapid transformation of the natural environments will inevitably pose a threat to human settlements around the world This book explores possible local strategies and global solutions in the safeguarding of coastal cities and the often neglected urban waterfronts in terms of a more effective integration with the city whilst paying attention to the mitigation of the risks related to climate change Designers administrators and engineers need to start developing various scenarios and possible solutions to tackle the inevitable transformation which is currently unfolding This edited book contains essays which discuss several themes related to the effects of climate change on waterfronts looking at Japan s experience and other international case studies Collectively they provide a multi faceted analysis of selected projects and relevant urban experiences and practices which address issues such as the environmental disruption and the need for more efficient and sustainable forms of regeneration and urban renewal practice for the waterfronts The volume will appeal to architects planners geographers and general readers with an interest in landscape design and social science in an international context as well as undergraduate and postgraduate students in the disciplines of built environment **C'était Marguerite Duras** Jean Vallier,2006-05-17 A partir de nombreux documents d archives et d entretiens de premi re main de rep rages faits au cours de voyages au Vietnam au Cambodge et en France m me Jean Vallier s est livr une v ritable enqu te sur Marguerite Duras Il s attarde avec minutie sur les origines familiales et les lieux o a grandi Marguerite Donnadiou fille de fonctionnaires fran ais de l Instruction publique dans l Indochine coloniale et d gage de sa jeunesse une vision r aliste non entach e de litt rature ainsi que de la personnalit de sa m re et de ses deux fr res lesquels ont jou un r le fondamental dans sa vie et au del dans l laboration de son oeuvre Il parvient reconstituer le cadre pr cis et l atmosph re v ridique transpos s plus tard et magnifi s dans des romans tels que Barrage contre le Pacifique Le Vice consul d o sortira Indice Song ou L Amant Il nous apporte des pr cisions in dites sur des personnages devenus des h ros durassiens De la naissance de Marguerite pr s de Saigon en 1914 son installation d finitive Paris en 1933 o elle suivra des tudes de droit avant de travailler quatre ann es au minist re des Colonies nous suivons la carri re de ses parents leurs all es et venues entre l Indochine et la m tropole avec leurs enfants les circonstances tant t tragiques tant t heureuses qui ont accompagn l enfance et l adolescence de Marguerite et ses fr res Commencent se dessiner partir de 1941 la carri re litt raire et la personnalit m rie par les v nements de celle qui choisit le pseudonyme de Duras pour signer son premier roman Les Impudents en 1943 la veille de la guerre elle a pous Robert Antelme avec lequel elle rejoindra le mouvement de R sistance de Fran ois Mitterrand avant la fin de l Occupation alors que le couple avait occup des postes de fonctionnaires sous le gouvernement de Vichy Le premier volume de cette biographie contredit en partie et quelquefois de
