FASCISM IN OUR TIME

A. James Gregor

with an introduction by Alessandro Campi

Phoenix Fascism In Our Time

Daniel Tilles

Phoenix Fascism In Our Time:

Phoenix A. James Gregor, **Phoenix** A. James Gregor, 2017-10-23 A great deal of effort has been expended by Anglo American scholars in an attempt to isolate past and contemporary fascisms neofascisms cryptofascisms and latent fascisms in the modern world A James Gregor s *Phoenix Fascism in Our Time* is an insightful history of the intellectual rationale for Benito Mussolini s fascism offered by major Italian intellectuals The book provides a list of recurrent features that helps to identify the generic phenomenon This lucid account reviews seriously neglected aspects of intellectual history describing the socioeconomic and political conditions that precipitate and sustain fascism Gregor shows that Italian fascism was supported by a responsible and credible rationale His account of that rationale permits us to understand the appeal fascism as an ideal has exercised over elites and masses in the 20th century Gregor offers a credible list of traits in showing how instances of fascism can be identified when they first appear The last chapters of the work are devoted to a case study of the newly emergent post Soviet Russian nationalism and its affinities with historic fascism Gregor discusses the implications of the rise of generic fascism in the former Soviet Union and post Maoist China This timely volume offers an alternative to conventional interpretations of the major historical events of the 20th century *Phoenix* is must reading for scholars and policymakers dealing with European history between the two world wars and should will be instructive for anyone interested in the fascist ideology in a new millennium

Fighting the Last War Jeffrey M. Bale, Tamir Bar-On, 2024-01-24 The authors argue that the potential threat of a resurgence of fascism has been consistently exaggerated from 1945 until present day that the ongoing lack of conceptual and definitional clarity with respect to terms like fascism the radical right the alt right white supremacism populism racism etc has enabled ill informed or dishonest commentators to distort their meaning and abusively misapply those labels so as to delegitimize their political opponents and that the political and economic elites in charge of contemporary Western societies are now deliberately exaggerating and exploiting the threat posed by the domestic radical right in order to facilitate vilifying harassing de platforming censoring canceling and repressing disgruntled citizens no matter where they may lie along the political spectrum who openly criticize and vigorously oppose their agendas The authors also advocate the use of well established scholarly methods for carrying out research on the right and provide precise definitions of various terms in order to facilitate the development of more accurate categorizations **The SAGE**

Handbook of Political Sociology, 2v William Outhwaite, Stephen Turner, 2017-10-30 The SAGE Handbook of Political Sociology offers a comprehensive and contemporary look at this evolving field of study The focus is on political life itself and the chapters written by a highly respected and international team of authors cover the core themes which need to be understood in order to study political life from a sociological perspective or simply to understand the political world The two volumes are structured around five key areas PART 1 TRADITIONS AND PERSPECTIVES PART 2 CORE CONCEPTS PART 03 POLITICAL IDEOLOGIES AND MOVEMENTS PART 04 TOPICS PART 05 WORLD REGIONS This future oriented and cross

disciplinary handbook is a landmark text for students and scholars interested in the social investigation of politics *British Fascist Antisemitism and Jewish Responses, 1932-40* Daniel Tilles, 2014-11-20 This book explores the use of antisemitism by Britain's interwar fascists and the ways in which the country's Jews reacted to this examining the two alongside one another for the first time and locating both within the broader context of contemporary events in Europe Daniel Tilles challenges existing conceptions of the antisemitism of Britain's foremost fascist organisation the British Union of Fascists He demonstrates that it was a far more central aspect of the party's thought than has previously been assumed This in turn will be shown to be characteristic of the wider relationship between interwar European fascism and antisemitism a thus far relatively neglected issue in the burgeoning field of fascist studies Tilles also argues that the BUF's leader Sir Oswald Mosley far from being a reluctant convert to the anti Jewish cause or simply a cynical exploiter of it as much of the existing scholarship suggests was aware of the role antisemitism would play in his fascist doctrine from the start and remained in control of its subsequent development These findings are used to support the notion that contrary to prevailing perceptions Jewish opposition to the BUF played no part in provoking the fascists adoption of antisemitism Britain's Jews did nevertheless play a significant role in shaping British fascism's path of development and the wide ranging and effective anti fascist activity they pursued represents an important alternative narrative to the dominant image of Jews as mere victims of fascism The Sage Handbook of Decolonial Theory Jairo I. Fúnez-Flores, Ana Carolina Díaz Beltrán, Sabelo J. Ndlovu-Gatsheni, Sandeep Bakshi, Augustin Lao-Montes, Flavia Rios, 2025-07-25 The Sage Handbook of Decolonial Theory is a groundbreaking transdisciplinary resource that expands the epistemological and geographical horizons of decolonial thought This handbook prioritizes the Global South fostering South North and South South inter epistemic dialogues and situating decolonial thought in sites of struggle It builds on decolonial thought and praxis from Latin America and the Caribbean Africa Asia and Palestine among other regions and countries Addressing the erasure of knowledge production from the Global South in dominant academic spaces this handbook brings together decolonial scholars and activist intellectuals from the Global South and engages with politically committed scholars in the Global North It emphasizes the geopolitics and ethics of knowledge production and the importance of situating one's work in historically excluded regions and communities Organized into five parts the handbook includes conceptual essays and empirical studies on decolonial thought and praxis It covers a range of topics from de coloniality geopolitics and transdisciplinarity to decolonial feminisms gender and sexuality studies and racial capitalism The chapters convey a sense of urgency and a committed political voice demonstrating how decolonial theory can interrogate and intervene in the modern colonial racial capitalist heteropatriarchal world The Sage Handbook of Decolonial Theory is not just for academics it is written for anyone interested in radical thought and praxis It recognizes decolonial theory as a plural and dynamic field concerned with power hierarchies historiography and epistemological critiques of Eurocentrism Ultimately it teaches us how to think with and act alongside struggles for liberation Part I Key Debates in

Decolonial Theory Part II Geopolitics and Geographies Part III Transdisciplinarity Part IV Feminisms Genders Sexualities Part V Racial Capitalism A Place In The Sun A. James Gregor, 2019-04-16

China has endured a century of turmoil beginning with the anti dynastic revolution associated with Sun Yat Sen through the military and tutelary rule of Chiang Kai shek the revolutionary regime of Mao Zedong and the radical reforms of Deng Xiaoping China has had little respite Historians and social scientists have attempted to understand some of this history as being the consequence of the impact of European ideologies including Marxism Marxism Leninism and Fascism Rarely instructive or persuasive the discussions regarding this issue have more often than not led to puzzlement rather than enlightenment In A Place in the Sun A James Gregor offers an interpretation of the role of European Marxist and Fascist ideas on China s revolutionaries that is both original and based on a lifetime of scholarship devoted to revolutionary ideologies Gregor renders a detailed analysis of their respective influence on major protagonists In the exposition Gregor reveals an unsuspected and complex set of relationships between the Chinese revolution and essentially European ideologies His discussion concludes with a number of estimations that suggest implications for the future of modern China and its relationship with the advanced industrial democracies How post Dengist China the world s most populous nation is to be understood remains uncertain to most comparativists and historians Gregor provides one well supported alternative and he is carefully attentive to the implications of this alternative A Fascist

Century R. Griffin, 2008-08-20 Ten essays on the nature of fascism by a leading scholar in the field focusing on how to understand and apply fascist ideology to various movements since the twentieth century Mussolini s prophesied fascist century Includes studies of fascism s attempted temporal revolution Nazism as extended case study and fascism s postwar evolution **The Faces of Janus** A. James Gregor, 2004-03-04

Attempting to understand the catalogue of horrors that has characterised much of twentieth century history Western scholars generally distinguish between violent revolutions of the right and the left Fascist regimes are assigned to the evil right Marxist Leninist regimes to the benign left But this distinction has left us without a coherent understanding of the revolutionary history of the twentieth century contends A James Gregor in this insightful book He traces the evolution of Marxist theory from the 1920s through the 1990s and argues that the ideology of Marxism Leninism devolved into fascism Fascist regimes and Communist regimes both anti democratic ideocracies are far more closely related than has been recognised Employing wide ranging primary source materials in Italian German Russian and Chinese the book opens with an examination of the first standard Marxist interpretation of Mussolini s fascism in the early 1920s and proceeds through the emergence of fascist phenomena in post Communist Russia A clearer understanding of the relation between fascism and communism provides a sharper lens through which to view twentieth century history as well as the present and future politics of Russia Communist China and other non democratic states Gregor concludes **Irrational Publics and the Fate of Democracy** Stephen J.A. Ward, 2024-10-15

Across cultures democracies struggle with intolerant groups misinformation social media conspiracies and extreme populists Egalitarian

cultures cannot always withstand this swing towards the irrational In *Irrational Publics and the Fate of Democracy* Stephen Ward combines history and evolutionary psychology for a comprehensive view of the problem arguing that social irrationality is likely to occur when social tensions trigger a person's enemy stance ancient extreme traits in human nature such as aggressiveness desire for domination paranoia of the other and us versus them tribalism Analyzing eruptions of public irrationality from apocalyptic medieval crusades and Nazi doctors in extermination camps to suicidal cults Ward presents his evolutionary theory of public irrationalism demonstrating that human nature has both extreme Darwinian traits promoting competition and sociable traits of cooperation and empathy The issue is which set of traits will be activated by the social ecology Extreme traits once adaptive when humans were hunter gatherers have become maladaptive and dangerous Catalyzed by intolerant media and demagogues the swing towards the irrational weakens democracy and may lead to human extinction through nuclear holocaust *Irrational Publics and the Fate of Democracy* concludes with practical recommendations on what society should do to resist the engines of unreason within and without us *Mussolini* Richard J. B.

Bosworth, 2014-03-04 In 1945 disguised in German greatcoat and helmet Mussolini attempted to escape from the advancing Allied armies Unfortunately for him the convoy of which he was part was stopped by partisans and his features made so familiar by Fascist propaganda gave him away Within 24 hours he was executed by his captors joining those he sent early to their graves as an outcome of his tyranny at least one million people He was one of the tyrant killers who so scarred interwar Europe but we cannot properly understand him or his regime by any simple equation with Hitler or Stalin Like them his life began modestly in the provinces unlike them he maintained a traditional male family life including both wife and mistresses and sought in his way to be an intellectual He was cruel though not the cruelist his racism existed but never without the consistency and vigor that would have made him a good recruit for the SS He sought an empire but in the most part his was of the old fashioned costly nineteenth century variety not a racial or ideological imperium And self evidently Italian society was not German or Russian the particular patterns of that society shaped his dictatorship Bosworth's *Mussolini* allows us to come closer than ever before to an appreciation of the life and actions of the man and of the political world and society within which he operated With extraordinary skill and vividness drawing on a huge range of sources this biography paints a picture of brutality and failure yet one tempered with an understanding of Mussolini as a human being not so different from many of his contemporaries *Mussolini's Fascist Philosopher* M. E. Moss, 2004 Giovanni Gentile was one of the most important and controversial thinkers of twentieth century Italy His philosophy and fascist ideas reflect the defining characteristics of the Italian romantic rebellion against European and English enlightenment thinking The Ariadne's thread which runs through and unifies all of Gentile's thought originates accordingly from his neo Hegelian reaction to the philosophy of Kant and of Kant's immediate predecessors The range of Gentile's ideas on pedagogy logic metaphysics political theory and aesthetics the original way in which he developed and adapted the thoughts of Hegel Fichte and Marx and finally his description of

himself as the philosopher of fascism all encourage us to revisit and re evaluate his system This book reveals how Gentile came to advocate his actual idealism and evaluates his systematic philosophy by making explicit inconsistencies that arise from within his system and by questioning his idealist assumptions Routes Into the Abyss Helmut Konrad,Wolfgang Maderthaner,2013-06-01 Examining the 1930s and the different reactions to the crisis this volume offers a global comparative perspective that includes a comparison across time to give insight into the contemporary global recession Germany Italy Austria and Spain with their antidemocratic authoritarian or fascistic answers to the economic crisis are compared not only to an opposite European perspective the Swedish example but also to other global perspectives and their political consequences in Japan China India Turkey Brazil and the United States The book offers no recipe for economic social or political action in today s recession but it shows a wide range of reactions in the past some of which led to catastrophe

Fascism: The nature of fascism Roger Griffin,Matthew Feldman,2004 The nature of fascism has been hotly contested by scholars since the term was first coined by Mussolini in 1919 However for the first time since Italian fascism appeared there is now a significant degree of consensus amongst scholars about how to approach the generic term namely as a revolutionary form of ultra nationalism Seen from this perspective all forms of fascism have three common features anticonservatism a myth of ethnic or national renewal and a conception of a nation in crisis This collection includes articles that show this new consensus which is inevitably contested as well as making available material which relates to aspects of fascism independently of any sort of consensus and also covering fascism of the inter and post war periods This is a comprehensive selection of texts reflecting both the extreme multi faceted nature of fascism as a phenomenon and the extraordinary divergence of interpretations of fascism

Mussolini's Intellectuals A. James Gregor,2009-01-10 Fascism has traditionally been characterized as irrational and anti intellectual finding expression exclusively as a cluster of myths emotions instincts and hatreds This intellectual history of Italian Fascism the product of four decades of work by one of the leading experts on the subject in the English speaking world provides an alternative account A James Gregor argues that Italian Fascism may have been a flawed system of belief but it was neither more nor less irrational than other revolutionary ideologies of the twentieth century Gregor makes this case by presenting for the first time a chronological account of the major intellectual figures of Italian Fascism tracing how the movement s ideas evolved in response to social and political developments inside and outside of Italy Gregor follows Fascist thought from its beginnings in socialist ideology about the time of the First World War when Mussolini himself was a leader of revolutionary socialism through its evolution into a separate body of thought and to its destruction in the Second World War Along the way Gregor offers extended accounts of some of Italian Fascism s major thinkers including Sergio Panunzio and Ugo Spirito Alfredo Rocco Mussolini s Minister of Justice and Julius Evola a bizarre and sinister figure who has inspired much contemporary neofascism Gregor s account reveals the flaws and tensions that dogged Fascist thought from the beginning but shows that if we want to come to grips

with one of the most important political movements of the twentieth century we nevertheless need to understand that Fascism had serious intellectual as well as visceral roots *The Blackwell Dictionary of Modern Social Thought* William Outhwaite,2008-04-15 Modern social thought ranges widely from the social sciences to philosophy political theories and doctrines cultural ideas and movements and the influence of the natural sciences Provides an authoritative overview of the main themes of social thought Long essays and entries give full coverage to each topic Covers major currents of thought philosophical and cultural trends and the individual social sciences from anthropology to welfare economics New edition updates about 200 entries and includes new entries suggestions for further reading and a bibliography of all sources cited within the text **Russian Nationalism and the National Reassertion of Russia** Marlene Laruelle,2009-05-07 This book considers a wide range of aspects of Russian nationalism focussing on the Putin period It discusses the development of Russian nationalism including in the Soviet era examines how it relates to ideology culture racism religion and intellectual thinking and its affects on Russian society politics and foreign policy **International Bibliography of Political Science** Compiled by the British Library of Political and Economic Science,2000-02 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge on the social sciences **Balkan Idols** Vjekoslav Perica,2002 This text explores the political role and influence of Serbian Orthodox Croatian Catholic and Yugoslav Muslim religious organizations in the Balkans during 20th century The author rejects the notion that a clash of civilizations has played a central role in fomenting aggression

Origins of Political Extremism Manus I. Midlarsky,2011-03-17 Political extremism is one of the most pernicious destructive and nihilistic forms of human expression During the twentieth century in excess of 100 million people had their lives taken from them as the result of extremist violence In this wide ranging book Manus I Midlarsky suggests that ephemeral gains together with mortality salience form basic explanations for the origins of political extremism and constitute a theoretical framework that also explains later mass violence Midlarsky applies his framework to multiple forms of political extremism including the rise of Italian Hungarian and Romanian fascism Nazism radical Islamism and Soviet Chinese and Cambodian communism Other applications include a rampaging military Japan Pakistan Indonesia and extreme nationalism in Serbia Croatia the Ottoman Empire and Rwanda Polish anti Semitism after World War II and the rise of separatist violence in Sri Lanka are also examined

Whispering the Strategies of Language: An Emotional Journey through **Phoenix Fascism In Our Time**

In a digitally-driven world wherever screens reign great and instant interaction drowns out the subtleties of language, the profound secrets and emotional nuances concealed within phrases usually get unheard. However, located within the pages of **Phoenix Fascism In Our Time** a fascinating fictional value pulsating with fresh thoughts, lies an exceptional quest waiting to be undertaken. Published by an experienced wordsmith, that wonderful opus invites readers on an introspective journey, lightly unraveling the veiled truths and profound impact resonating within the very cloth of each word. Within the emotional depths of this poignant evaluation, we can embark upon a honest exploration of the book is key themes, dissect its charming publishing model, and yield to the effective resonance it evokes serious within the recesses of readers hearts.

Phoenix Fascism In Our Time Introduction

In today's digital age, the availability of Phoenix Fascism In Our Time books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Phoenix Fascism In Our Time books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Phoenix Fascism In Our Time books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Phoenix Fascism In Our Time versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Phoenix Fascism In Our Time books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Phoenix Fascism In Our Time books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Phoenix Fascism In Our Time books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public.

Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Phoenix Fascism In Our Time books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Phoenix Fascism In Our Time books and manuals for download and embark on your journey of knowledge?

FAQs About Phoenix Fascism In Our Time Books

1. Where can I buy Phoenix Fascism In Our Time books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Phoenix Fascism In Our Time book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Phoenix Fascism In Our Time books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing.

Book Swaps: Community book exchanges or online platforms where people exchange books.

6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Phoenix Fascism In Our Time audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Phoenix Fascism In Our Time books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
