Electroacoustic Music in East Asia Marc Battier, Kenneth Fields, 2020-06-09 This book illuminates the development of electronic and computer music in East Asia presented by authors from these countries and territories China Japan Korea and Taiwan The scholars bring forward the cultural complexities and conflicts involved in their diverse encounters with new music technology and modern aesthetics How electronic music attracted the interest of composers from East Asia is quite varied while composers and artists in Japan delved into new sounds and music techniques and fostered electronic music quite early on political sociological and artistic conditions pre-empted the adoption of electronic music techniques in China until the last two decades of the twentieth century Korean and Taiwanese perspectives contribute to this rare opportunity to re-examine under a radically different set of cultural preconditions the sweeping musical transformation that similarly consumed the West Special light is shed on prominent composers such as Sukhi Kang Toshio Mayuzumi Toru Takemitsu and

Xiaofu Zhang Recent trends and new directions which are observed in these countries are also addressed and the volume shows how the modern fusion of music and technology is triangulated by a depth of culture and other social forces This book was originally published as a special issue of Contemporary Music Review

György Ligeti's Le Grand Macabre: Postmodernism, Musico-Dramatic Form and the Grotesque Peter Edwards, 2016-08-05 György Ligeti's *Le Grand Macabre* 1974-77 revised 1996 has consolidated its position as one of the major operatic works of the twentieth century Few operas composed since the 1970s have received such numerous productions bringing the eclectic score to a global audience Famously dubbed by Ligeti as an anti anti opera the piece is a highly ambiguous apocalyptic fable about the human condition fear of death and the final judgement As the first book in English solely dedicated to discussion of this work György Ligeti's *Le Grand Macabre* *Postmodernism Musico-Dramatic Form and the Grotesque* offers new perspectives on the opera's musico-dramatic identity in the context of musical postmodernism Peter Edwards draws on a range of modernist and postmodernist theories to explore the collision of past styles and genre models in the opera its expressive states and its engagement with the grotesque This is ably supported by musical analysis and extensive study of Ligeti's sketch materials held at the Paul Sacher Foundation in Basel Edwards's analyses culminate in a new approach to examining the opera's rich multiplicities the composition of the musical material and the nature of Ligeti's relationship with the musical past This is a key reference work in the fields of musical modernism and postmodernism opera studies and the music of Ligeti

Exploring the Ecologies of Music and Sound Makis Solomos, 2023-04-07 Makis Solomos explores the ecologies of music and sound inspired by Felix Guattari for whom environmental destruction caused by capitalism goes hand in hand with deteriorating ways of living and feeling and for whom an ecosophical stance combining various ecological registers offers a glimpse of emancipation a position strengthened today by intersectional approaches Solomos explores environmental mental and social ecologies through the lens of the history of music and current artivisms especially in the fields of acoustic ecology contemporary music and sound art Several theoretical and analytical debates are put forward including a theory of sound milieus and the biopolitics of sound the relationships between music and the living world soundscape compositions field recording ecomusicology and the creation of sound biotopes the use of sound and music to violent ends as well as considering the social and political functions of music and the autonomy of art sonic ecofeminism degrowth in music and much more

[Oxford History of Western Music](#) Richard Taruskin, 2009-07-27 The *Oxford History of Western Music* is a magisterial survey of the traditions of Western music by one of the most prominent and provocative musicologists of our time This text illuminates through a representative sampling of masterworks those themes styles and currents that give shape and direction to each musical age Taking a critical perspective this text sets the details of music the chronological sweep of figures works and musical ideas within the larger context of world affairs and cultural history Written by an authoritative opinionated and controversial figure in musicology The *Oxford History of Western Music* provides a critical aesthetic position with respect to

individual works a context in which each composition may be evaluated and remembered Taruskin combines an emphasis on structure and form with a discussion of relevant theoretical concepts in each age to illustrate how the music itself works and how contemporaries heard and understood it It also describes how the c The Sounds of English Around the World Jette G.
