Photographer As Printmaker 140 Years Of Photographic Printmaking:

Photographer as Printmaker Gerry Badger, Arts Council of Great Britain, 1981 *Photographer as Printmaker*, 197?

Faking it Mia Fineman, National Gallery of Art (U.S.), Museum of Fine Arts, Houston, 2012 It is a long held truism that the camera does not lie Yet as Mia Fineman argues in this illuminating volume that statement contains its own share of untruth While modern technological innovations such as Adobe's Photoshop software have accustomed viewers to more obvious levels of image manipulation the practice of doctoring photographs has in fact existed since the medium was invented In *Faking It* Fineman demonstrates that today's digitally manipulated images are part of a continuum that begins with the earliest years of photography encompassing methods as diverse as overpainting multiple exposure negative retouching combination printing and photomontage Among the book's revelations are previously unknown and never before published images that document the acts of manipulation behind two canonical works of modern photography one blatantly fantastical Yves Klein's *Leap into the Void* of 1960 the other a purportedly unadulterated record of a real place in time Paul Strand's *City Hall Park* of 1915 Featuring 160 captivating pictures created between the 1840s and 1990s in the service of art politics news entertainment and commerce *Faking It* provides an essential counterhistory of photography as an inspired blend of fabricated truths and artful falsehoods Publisher's website

A Gust of Photo-Philia Alexandra Moschovi, 2020-12-15 The first transnational history of photography's accommodation in the art museum Photography was long regarded as a middle brow art by the art institution Yet at the turn of the millennium it became the hot global art of our time In this book part institutional history part account of shifting photographic theories and practices Alexandra Moschovi tells the story of photography's accommodation in and as contemporary art in the art museum Archival research of key exhibitions and the contrasting collecting policies of MoMA Tate the Guggenheim the V A and the Centre Pompidou offer new insights into how art as photography and photography as art have been collected and exhibited since the 1930s Moschovi argues that this accommodation not only changed photography's status in art culture and society but also played a significant role in the rebranding of the art museum as a cultural and social site
