Moore,2018-01-01 An insightful new look at two renowned photographers their interconnected legacies and the vital documents of urban transformation that they created In this comprehensive study Kevin Moore examines the relationship between Eug ne Atget 1857 1927 and Berenice Abbott 1898 1991 and the nuances of their individual photographic projects Abbott and Atget met in Man Ray s Paris studio in the early 1920s Atget then in his sixties was obsessively recording the streets gardens and courtyards of the 19th century city old Paris as modernization transformed it Abbott acquired much of Atget s work after his death and was a tireless advocate for its value She later relocated to New York and emulated Atget in her systematic documentation of that city culminating in the publication of the project Changing New York This engaging publication discusses how during the 1930s and 1940s Abbott paid further tribute to Atget by publishing and exhibiting his work and by printing hundreds of images from his negatives using the gelatin silver process Through Abbott s efforts Atget became known to an audience of photographers and writers who found diverse inspiration in his photographs Abbott herself is remembered as one of the most independent determined and respected photographers of the 20th century

Photography ,1891 **Encyclopedia of Nineteenth-Century Photography** John Hannavy,2013-12-16 The Encyclopedia of Nineteenth Century Photography is the first comprehensive encyclopedia of world photography up to the beginning of the twentieth century It sets out to be the standard definitive reference work on the subject for years to come Its coverage is global an important first in that authorities from all over the world have contributed their expertise and scholarship towards making this a truly comprehensive publication The Encyclopedia presents new and ground breaking research alongside accounts of the major established figures in the nineteenth century arena Coverage includes all the key people processes equipment movements styles debates and groupings which helped photography develop from being a solution in search of a problem when first invented to the essential communication tool creative medium and recorder of everyday life which it had become by the dawn of the twentieth century The sheer breadth of coverage in the 1200 essays makes the Encyclopedia of Nineteenth Century Photography an essential reference source for academics students researchers and libraries worldwide Photography, Reconstruction and the Cultural History of the Postwar European City Tom Allbeson,2020-11-16 Examining imagery of urban space in Britain France and West Germany up to the early 1960s this book reveals how photography shaped individual architectural projects and national rebuilding efforts alike Exploring the impact of urban photography at a pivotal moment in contemporary European architecture and culture this book addresses case studies spanning the destruction of the war to the modernizing reconfiguration of city spaces including ruin photobooks about bombed cities architectural photography of housing projects and imagery of urban life from popular photomagazines as

well as internationally renowned projects like UNESCO's Paris Headquarters, Coventry Cathedral and Berlin's Gedächtniskirche. This book reveals that the ways of seeing shaped in the postwar years by urban photography were a vital aspect of not only discourses on the postwar city but also debates central to popular culture from commemoration and modernization to democratization and Europeanization. This book will be a fascinating read for researchers in the fields of photography and visual studies, architectural and urban history and cultural memory and contemporary European history.

After Daguerre: Masterworks of French Photography (1848-1900) from the Bibliothèque Nationale Bernard Marbot, 1980 Encyclopedia of Twentieth-Century Photography, 3-Volume Set Lynne Warren, 2005-11-15 The Encyclopedia of Twentieth Century Photography explores the vast international scope of twentieth century photography and explains that history with a wide ranging interdisciplinary manner. This unique approach covers the aesthetic history of photography as an evolving art and documentary form while also recognizing it as a developing technology and cultural force. This Encyclopedia presents the important developments, movements, photographers, photographic institutions and theoretical aspects of the field along with information about equipment, techniques and practical applications of photography. To bring this history alive for the reader, the set is illustrated in black and white throughout and each volume contains a color plate section. A useful glossary of terms is also included.

Photo-era, 1902 **Nature** Sir Norman Lockyer, 1896 **Proust Writing Photography** Aine Larkin, 2017-07-05 The importance of vision and visual arts such as painting, theatre and sculpture in Marcel Proust's *A la recherche du temps perdu* has long been affirmed; another significant system of visual representation in the novel is photography. Proust appropriated photography as a practice with its own distinctive characteristics which could inform his writing about the processes of perception and memory. Through close textual analysis of scenes where photography is experienced or observed as a practice and scenes where photography is written into the body of the text, Aine Larkin offers an invigorating new study that sheds genuinely new light on the presence of photographic motifs in Proust's novel and the subtlety of Proust's engagement with this modern imaging system in his work.

The Routledge Handbook of the History of Paris since 1789 Kory Olson, Amanda Shoaf Vincent, Erin-Marie Legacey, 2025-05-29 This handbook assembles a vibrant collection of original scholarship highlighting new and exciting research themes on Paris in the Modern Era. It provides an innovative selection and use of primary sources, broadens the notion of archive and includes diverse voices and multiple perspectives. The contributors, representing a range of academic disciplines in the humanities and social sciences, connect specific topics to larger historical questions and extend consideration of Paris beyond the city's historical limit to the outskirts of the metropolis in the Île de France region. The first section includes overview chapters tracing structural evolutions and broad movements as understood through recent historiography. The second section presents essays that take a narrower focus on case studies and key moments of reflection and debate, change and commemoration through specific sites, social phenomena, cultural objects, movements and representations of Paris in the arts. The authors explore how Paris has

been imagined constructed and mythologized from the outside by tourists immigrants and those separate from the circles of power as well as from within by political administrative and cultural institutions Geared towards advanced undergraduates graduate students and postgraduate researchers this handbook contributes to readers understanding of France s place in the world and French society culture and policy by telling the story of modern Paris in all its complexity Experimental Self-Portraits in Early French Photography Jillian Lerner,2020-11-16 This book explores a range of experimental self portraits made in France between 1840 and 1870 including remarkable images by Hippolyte Bayard Nadar Duchenne de Boulogne and Countess de Castiglione Adapting photography for different social purposes each of these pioneers showcased their own body as a living artifact and iconic attraction Jillian Lerner considers performative portraits that exhibit uncanny transformations of identity and embodiment She highlights the tactical importance of photographic demonstrations promotions conversations and the mongrel forms of montage painted photographs and captioned specimens The author shows how photographic practices are mobilized in diverse cultural contexts and enmeshed with the histories of art science publicity urban spectacle and private life in nineteenth century France Tracing calculated and creative approaches to a new medium this research also contributes to an archaeology of the present It furnishes a prehistory of the selfie and offers historical perspectives on the forces that reshape human perception and social experience This interdisciplinary study will appeal to readers interested in the history of photography art visual culture and media studies The Media City Scott McQuire,2008-02-21 If only more new media commentators had this level of historical critical reference engaging good stories and a degree of wonder at what media and windows bring to the city to life John Hutnyk Goldsmiths University of London Just when you thought the last word had been said about cities and media along comes Scott McQuire to breathe new life into the debate When revisiting existing pathways his always ingenious eyes produce startling and original insights When striking out into new territory he opens up before us inspiring new vistas I love this book James Donald University of New South Wales A book that crams into a single chapter more insights and illustrations than seems feasible yet which ties all threads together through a consistent theoretically rich analysis of the interplay of media and city Writing with effusiveness uncharacteristic of back cover blurbs on academic tomes James Donald says I love this book But I will end by echoing his praise and make a promise to readers you will love The Media City too European Journal of Communication Refreshingly clear getting to grips with some of the key concepts of urban sociology in a way that moves beyond the wistful evocation and splatter of undigested terms that characterises so much academic writing on culture and cities Media Culture Society Significant changes are occurring in the spaces and rhythms of contemporary cities and in the social functioning of media This forceful book argues that the redefinition of urban space by mobile instantaneous and pervasive media is producing a distinctive mode of social experience Media are no longer separate from the city Instead the proliferation of spatialized media platforms has produced a media architecture complex the media city Offering critical and historical analysis at the deepest levels The Media City links the

formation of the modern city to the development of modern image technologies and outlines a new genealogy for assessing contemporary developments such as digital networks and digital architecture web cams and public screens surveillance society and reality television Wide ranging and thoughtfully illustrated it intersects disciplines and connects phenomena which are too often left isolated from each other to propose a new way of understanding public and private space and social life in contemporary cities It will find a broad readership in media and communications cultural studies social theory urban sociology architecture and art history Winner of the 2009 Jane Jacobs Urban Communication Award awarded by the Urban Communication Association **Paris Changing** Christopher Rauschenberg, Eugène Atget, Clark Worswick, Alison Nordstrom, Rosamond Bernier, 2007-10-04 Between 1888 and 1927 Eugène Atget meticulously photographed Paris and its environs capturing in thousands of photographs the city's parks streets and buildings as well as its diverse inhabitants His images preserved the vanishing architecture of the ancien régime as Paris grew into a modern capital and established Atget as one of the twentieth century's greatest and most revered photographers Christopher Rauschenberg spent a year in the late 90s revisiting and rephotographing many of Atget's same locations Paris Changing features seventy four pairs of images beautifully reproduced in duotone By meticulously replicating the emotional as well as aesthetic qualities of Atget's images Rauschenberg vividly captures both the changes the city has undergone and its enduring beauty His work is both an homage to his predecessor and an artistic study of Paris in its own right Each site is indicated on a map of the city inviting readers to follow in the steps of Atget and Rauschenberg themselves Essays by Clark Worswick and Alison Nordstrom give insight into Atget's life and situate Rauschenberg's work in the context of other rephotography projects The book concludes with an epilogue by Rosamond Bernier as well as a portfolio of other images of contemporary Paris by Rauschenberg If a trip to the city of lights is not in your immediate future this luscious portrait of Paris then and now is definitely the next best thing

Walker Evans Svetlana Alpers, 2023-11-07 A magisterial study of celebrated photographer Walker Evans Walker Evans 1903-75 was a great American artist photographing people and places in the United States in unforgettable ways He is known for his work for the Farm Security Administration addressing the Great Depression but what he actually saw was the diversity of people and the damage of the long Civil War In Walker Evans renowned art historian Svetlana Alpers explores how Evans made his distinctive photographs Delving into a lavish selection of Evans's work Alpers uncovers rich parallels between his creative approach and those of numerous literary and cultural figures locating Evans within the wide context of a truly international circle Alpers demonstrates that Evans's practice relied on his camera choices and willingness to edit multiple versions of a shot as well as his keen eye and his distant straight on view of visual objects Illustrating the vital role of Evans's dual love of text and images Alpers places his writings in conversation with his photographs She brings his techniques into dialogue with the work of a global cast of important artists from Flaubert and Baudelaire to Elizabeth Bishop and William Faulkner underscoring how Evans's travels abroad in such places as France and Cuba along with his expansive

literary and artistic tastes informed his quintessentially American photographic style A magisterial account of a great twentieth century artist Walker Evans urges us to look anew at the act of seeing the world to reconsider how Evans saw his subjects how he saw his photographs and how we can see his images as if for the first time
