**Photographing Architecture and Interiors** Julius Shulman, 1962      **How to Photograph Buildings and Interiors**

Gerry Kopelow, 1998 This practical how to book is the definitive guide to taking high quality photographs for architects interior designers engineers and heritage preservers Photographer Gerry Kopelow created this guide to help both amateurs and professionals enhance the quality of pictures taken and he suggests cost cutting measures to stay within limited budgets This expanded edition contains 13 new chapters and includes hundreds of colour and black and white examples

Photographing Architecture and Interiors Julius Shulman, 2000-04 Julius Shulman s long career photographing great architectural works with depth passion drama and an instinct for the architect s intentions has ensured his present status as one of the world s preeminent architectural photographers His eloquent photos interpreting the structures of Richard Neutra and other early modernists helped the viewing public to understand these revolutionary buildings and brought prominence to modernist practitioners who might otherwise have been considered eccentric Frank Lloyd Wright once said that no better photos had ever been taken of Taliesin West than those by Shulman *Photographing Architecture and Interiors* published in 1962 is Shulman s first book and he still considers it to be his most genuine reflection on the profession and on his own artistic philosophy This title is an exact reprint of that now classic publication All of Shulman s famous photographs have here been reproduced from original prints giving the images a crispness and luminosity not seen even in the 1962 edition The introduction by Richard Neutra perhaps Shulman s most important client and avid supporter has been preserved also included is a new foreword by Shulman himself      *The Photography of Architecture and Design* Julius Shulman, 1977

**Architectural Photography the Digital Way** Gerry Kopelow, 2013-07-02 Architectural Photography the Digital Way teaches the reader how to take first rate photographs of buildings inside and out Step by step instructions help you learn how to choose the right kind of camera to use it effectively and to enhance and manipulate your images This complete course begins with an introduction to the world of digital imagery and its unique aesthetic considerations Included are detailed instructions on how to photograph building exteriors and interiors of every scale and in any lighting condition Advanced chapters cover areas such as perspective correction and other features made possible by image editing software Illustrated with a wealth of color photographs and diagrams this clearly written easy to use handbook will be your indispensable guide whenever you pick up the camera      A Constructed View Joseph Rosa, Esther McCoy, 1994 Julius Shulman one of the great masters of modern architectural photography is the preeminent recorder of early California modernism By 1927 when he was sixteen Shulman was already using the family Brownie box camera to document his Southern California surroundings and experiences in 1936 his professional career was launched when he sent Richard Neutra some uncommissioned photographs of the architect s Kun House Shulman went on to document the famous Case Study House Program architects included Charles and Ray Eames Pierre Koenig and Eero Saarinen and also the architecture of the 1930s through the 1980s especially

that of Southern California but also country and worldwide His subjects included the buildings of R M Schindler John Lautner Raphael Soriano Frank Lloyd Wright Mies van der Rohe and Oscar Niemeyer among many others Through his work Shulman defined the image of Los Angeles and framed the architecture of the time for a global audience In addition to an overview of Shulman s career and photographic oeuvre this book emphasizes Shulman s method of constructing photographic views These constructions which complemented his innate ability to compose striking photographs often transcend reality to capture the spirit time and place of a work of architecture An analysis of architecture s visual presentation examines not only the media of the era John Entenza s Arts Architecture for instance but also the work of Shulman s photographic contemporaries
