book addresses the connection between Graham's work and the legacy of American Modernism arguing that her recurring interest in the visible world and how best to represent it in her poetry can be seen as a continuation of the work of Eliot and Stevens. For Graham the visible world is a means of approaching the ineffable or the divine. The poet's approach to the ineffable in her work is conflated at times with the relationship between the self and the other maintaining the integrity of both and accurately representing the truth of what she sees become a moral project for the poet aligning her work with that of the Moderns. Prose Poetry is the first book of its kind an engaging and authoritative introduction to the history development and features of English language prose poetry an increasingly important and popular literary form that is still too little understood and appreciated. Poets and scholars Paul Hetherington and Cassandra Atherton introduce prose poetry's key characteristics chart its evolution from the nineteenth century to the present and discuss many historical and contemporary prose poems that both demonstrate their great diversity around the Anglophone world and show why they represent some of today's most inventive writing. A prose poem looks like prose but reads like poetry it lacks the line breaks of other poetic forms but employs poetic techniques such as internal rhyme repetition and compression. Prose Poetry explains how this form opens new spaces for writers to create riveting works that reshape the resources of prose while redefining the poetic. Discussing prose poetry's precursors including William Wordsworth and Walt Whitman and prose poets such as Charles Simic Russell Edson Lydia Davis and Claudia Rankine the book pays equal attention to male and female prose poets documenting women's essential but frequently unacknowledged contributions to the genre. Revealing how prose poetry tests boundaries and challenges conventions to open up new imaginative vistas this is an essential book for all readers students teachers and writers of prose poetry.
