The British National Bibliography Arthur James Wells, 1992 Gods, Guns and Missionaries Manu S Pillai, 2024-11-21 When European missionaries first arrived in India in the sixteenth century they entered a world both fascinating and bewildering Hinduism as they saw it was a pagan mess the worship of devils and monsters by a people who burned women alive performed outlandish rites and fed children to crocodiles But soon it became clear that Hindu idolatry was far more complex than white men's stereotypes allowed and Hindus had little desire to convert But then European power began to grow in India and under colonial rule missionaries assumed a forbidding appearance During the British Raj Western frames of thinking gained ascendancy and Hindus felt pressed to reimagine their religion This was both to fortify it against Christian attacks and to resist foreign rule It is this encounter which has in good measure inspired modern Hinduism's present shape

Indeed Hindus subverted some of the missionaries own tools and strategies in the process triggering the birth of Hindu nationalism now so dominant in the country In Gods Guns and Missionaries Manu S Pillai takes us through these remarkable dynamics With an arresting cast of characters maharajahs poets gun wielding revolutionaries politicians polemicists philosophers and clergymen this book is ambitious in its scope and provocative in its position Lucid and exhaustive it is at once a political history a review of Hindu culture and a study of the social forces that prepared the ground for Hindu nationalism Turning away from simplistic ideas on religious evolution and European imperialism the past as it appears here is more complicated and infinitely richer than popular narratives allow

Phule's Company Robert Asprin,1991-01 Meet the soldiers of Phule s company the few the proud the stupid and the inept These soldiers do more damage before nine in the morning than most people are capable of doing in an entire year And since fate has a perverse sense of humour they are also mankind s last hope

History and the Making of a Modern Hindu Self Aparna Devare,2013-04-03 Taking the contentious debates surrounding historical evidence and history writing between secularists and Hindu nationalists as a starting point this book seeks to understand the origins of a growing historical consciousness in contemporary India especially amongst Hindus The broad question it poses is Why has history become such an important site of identity conflict and self definition amongst modern Hindus especially when Hinduism is known to have been notoriously impervious to history As modern ideas regarding notions of history came to India with colonialism it turns to the colonial period as the moment of encounter with such ideas The book examines three distinct moments in the Hindu self through the lives and writings of lower caste public figure Jotiba Phule moderate nationalist M G Ranade and Hindu nationalist V D Savarkar Through a close reading of original writings speeches and biographical material it is demonstrated that these three individuals were engaged with a modern historical and rationalist approach However the same material is also used to argue that Phule and Ranade viewed religion as living contemporaneous and capable of informing both their personal and political lives Savarkar the explicitly Hindu leader on the contrary held Hindu practices and traditions in contempt confining them to historical analysis while denying any role for religion as spirituality or morality in contemporary political life While providing some historical context this volume highlights the philosophical political ideas and actions of the three individuals discussed It integrates aspects of their lives as central to understanding their politics
