## **Psyched To Sell:**

*Baseline Selling* Dave Kurlan, 2005-11 *Baseline Selling* How to Become a Sales Superstar by Using What You Already Know About the Game of Baseball will dramatically change the way we approach the sales process replacing the gratuitous complexity advocated by today's sales experts with an elegant and very effective simplicity. Studies have shown that the selling techniques of the last two decades have had very little impact on most of the sales population less than 75 percent of all salespeople to be exact. Why? Because of the complexity learning curve and difficulty in applying the concepts in these systems. In response to the urgent need for a flexible innovative process that will enable people to grasp the essential skills necessary to close a sale in any situation *Baseline Selling* reemphasizes the fundamentals of selling in a fresh memorable way that modern sales professionals can relate to and utilize and above all one that complements and enriches advanced sales methodologies. Salespeople who read this book and put its wisdom to work will succeed at acquiring more opportunities as they learn to get appointments more easily. They will excel at creating opportunities with prospects who are not interested. They'll sell at higher margins by using the Rule of Ratios. Their closing percentages will improve dramatically as they implement the simple Inoffensive Close. Salespeople struggling to differentiate themselves will love *Commodity Busters* and every salesperson will be able to shorten their sell cycle by *Taking a Lead*. Quite simply *Baseline Selling* introduces a way for salespeople to visualize and touch all the sales bases without over complicating the process.

**Psyched** Amanda Siebert, 2022-10-18 For the psychonaut to those curious about psychedelics this definitive guide to seven psychedelic substances and how they are changing our world is the perfect holiday stocking stuffer. Shows us how psychedelics can transform mental health and enhance the way we live. Sara Gottfried MD New York Times bestselling author of *The Hormone Cure*. This practical guide to psychedelics will appeal to anyone interested in their own health and wellbeing. A captivating read that shares how society can use psychedelics to transform the way we exist in the world. Robin Divine psychedelic advocate and creator of *Black People Trip*. Once feared and misunderstood psychedelics have emerged as one of the most promising therapies of the 21st century. Through cutting edge research substances such as MDMA and LSD are being recognized as powerful keys to healing and human improvement offering solutions for mental health issues including PTSD and depression. Similarly plant medicines like ayahuasca peyote and iboga used since time immemorial by Indigenous cultures for spiritual purposes have been shown to promote feelings of empathy connection and love for the self others and the world around us. But how can everyday people benefit from psychedelics? And will they really transform healthcare as we know it? In *Psyched* health journalist Amanda Siebert explores the history culture and potential of seven psychedelic substances. She interweaves real life stories clinical research and interviews with the world's leading psychedelics experts and cultural allies to offer a definitive guide to these cutting edge treatments.

**Psyched Up** Daniel McGinn, 2017-06-06 Closing the sale Asking for a raise Nailing the big presentation Of the 2 000 hours you work every year your success or

failure is determined in the couple of dozen crucial hours when you need to bring your absolute best Will you The last few minutes before a major challenge can be terrifying Ever wished you knew how to make sure you ace the make or break test audition or interview We often feel the most powerless just before we re expected to act powerful As you ll learn in this life changing book practice might make perfect but perfection is useless if you can t summon it when it counts Pulling off a great speech or the pivotal at bat also requires the right kind of mental preparation In *Psyched Up* journalist Daniel McGinn dives into the latest psychological research and interviews athletes soldiers entertainers and others who despite years of practice and enviable track records will ultimately be judged on their ability to deliver a solid performance when it s their turn to shine For instance he reveals How Jerry Seinfeld s jacket and Stephen Colbert s pen help them get laughs What General Stanley McChrystal said to Special Forces before they entered the battlefield Why the New England Patriots hired the DJ from the Red Sox to help them win Among other counterintuitive insights McGinn reveals why trying to calm your backstage jitters can be worse for your performance than channeling it into excitement how meaningless rituals can do more to prepare you in the final moments than last minute rehearsal and how a prescription from your doctor could help you unleash your best skills Whether you re a sportsperson or a salesperson an actor or an entrepreneur one bad hour can throw away months of hard work There s so much conflicting popular advice that we often end up doing the wrong things McGinn separates the facts from the old wives tales and shares new research driven strategies for activating your talent optimizing your emotions and getting psyched up to take the spotlight
