Race Ethnicity And Power A Comparative Study:

Race, Ethnicity and Power Donald G. Baker, 2024-01-01 First published in 1983 *Race Ethnicity and Power* focuses on contemporary race and ethnic relations in six countries and looks at the historical context by tracing how various forces and factors such as group power capabilities shaped present day ethnic and race relations It describes how English settlers and their descendants used their power historically to control major political economic and social structures and to shape the cultural policies of these countries It explains how ethnic and race relations are best understood by assessing the changing power capabilities of Anglo and non Anglo groups and shows how changes in group relations are the consequence of two major factors modification in group power resources and capabilities and changes in situational factors This book will be of interest to students of sociology political science ethnic studies and international relations

Sport: Sport and power relations Eric Dunning, Dominic Malcolm, 2003 A collection of texts providing a useful resource for students in the field of sports studies Subject headings include approaches to the study of sport the development and structure of modern sport sport and power relations and major issues in contemporary sport

Ssali: Power Back to the People, 2023-06-02 The infamous Scramble for Africa resulted in random and unlikely borders that remain today The West partitioned territory for the sake of its short term goal of influence or mastery They gave little thought to the long running consequences for the Africans themselves This arbitrary carving up of Africa the colonial policy of divide and rule and the resultant segmental cleavages in most post colonial African states may be blamed for the horizontal inequalities conflicts and insecurity rampant since independence In Uganda as in many other African countries the most evident of such cleavages have been tribal and ethnic Recently there have been calls for constitutional reform that would devolve power to the tribal regions and revive the idea of federalism which was the organizing principle in the immediate aftermath of independence This book highlights the dynamics of ethnic politics in the post independence sub Saharan setting in general and the background meaning and relevance of the debate on ethnic federalism in Uganda in particular Part of the book covers Vick Lukwago Ssali s own experiences growing up in an independent but troubled Uganda However its central thesis is based on the voices of selected samples of ordinary people in ten different tribal areas of Uganda and what they comparatively think about the issue of federalism Is their loyalty growing towards the centre or fading outwards from the troubled state to their integral traditional and cultural units

Communicating Prejudice Michael L. Hecht, 1998-04-13 Prejudice pervades our society in many guises from pejorative remarks to acts of violence Communicating Prejudice explores the many dimensions of prejudice It presents a new and integrative conceptual model of prejudice the layered perspective of cultural intolerance and uses this model to analyze the communication of prejudice in a variety of spheres such as racism sexism homophobia ageism and classism Drawing on multidisciplinary perspectives the first two chapters present the model and theoretical foundation for the book and

subsequent chapters deal with specific foci of prejudice including personal prejudice and prejudice in relationships organizations and the media Included is a series of personal narratives to illustrate specific types and instances of prejudice This book will be useful as a supplementary text in upper level undergraduate and graduate level courses examining issues of race gender and ethnicity **Case Studies on Human Rights and Fundamental Freedoms** ,1987-12-01 Published for the Foundation for the Study of Plural Societies The International Journal of African Historical Studies ,1985

Antiracism John Solomos,2024-11-18 While there has been a wealth of research and conversation about the role of racism in shaping our social political and economic structures antiracism its highly publicized counterpart has been very little studied discussed or debated Veteran race scholar John Solomos argues in this slim intervention that we urgently need to re focus research and activist agendas to address this gap in knowledge The core questions addressed in the book include what does antiracism mean in the contemporary environment How do states political institutions and civil society define and practise antiracism What is the role of alliances across race class and gender in shaping possible futures beyond racism Moving beyond the valuable work which has already uncovered the ways in which race and racism are made and re made these questions cut to how to develop meaningful political and policy initiatives framed by antiracist ideas and values If we hope to make sense of the evolution of contemporary racisms in the world around us in order to tackle them head on antiracism needs to be better understood **Case Studies on Human Rights and Fundamental Freedoms - Volume 5**

Willem A. Veenhoven,2024-09-16 **Power Resources Theory and the Welfare State** Walter Korpi,1998-01-01 Rather than simply asserting that all social policies in all capitalist societies exist to maintain capitalism and serve the long term interests of the capitalist class PRT examines the nature and impact of social policies and the level and types of social inequality in a variety of advanced capitalist nations Political Power and Social Theory Julian Go,2012-09-06 As economic stagnation freezes the globe capitalism is increasingly questioned war revolution and political instability unsettles the Middle East and President Obama s campaign for the Presidency looms Volume 23 of Political Power and Social Theory reflects on these and related issues and whether the concept of capitalism should be problemat *Race, Ethnicity And Nation* Peter Ratcliffe,2005-08-17 An international and comparative analysis of social division rooted in race ethnicity and national identity It provides an overview of the key issues underlying ethnic conflict which has now risen to the top of the international political agenda **College Students' Experiences of Power and Marginality** Elizabeth M. Lee,Chaise

LaDousa,2015-03-27 As scholars and administrators have sharpened their focus on higher education beyond trends in access and graduation rates for underrepresented college students there are growing calls for understanding the experiential dimensions of college life This contributed book explores what actually happens on campus as students from an increasingly wide range of backgrounds enroll and share space Chapter authors investigate how students of differing socioeconomic backgrounds genders and racial ethnic groups navigate academic institutions alongside each other Rather than treat

diversity as mere difference this volume provides dynamic analyses of how students come to experience both power and marginality in their campus lives Each chapter comprises an empirical qualitative study from scholars engaged in cutting edge research about campus life This exciting book provides administrators and faculty new ways to think about students vulnerabilities and strengths

Why History Matters Gerda Lerner, 1998-02-26 All human beings are practicing historians writes Gerda Lerner We live our lives we tell our stories It is as natural as breathing It is as important as breathing too History shapes our self definition and our relationship to community it locates us in time and place and helps to give meaning to our lives History can be the vital thread that holds a nation together as demonstrated most strikingly in the case of Jewish history Conversely for women who have lived in a world in which they apparently had no history its absence can be devastating In *Why History Matters* Lerner brings together her thinking and research of the last sixteen years combining personal reminiscences with innovative theory that illuminate the importance of history and the vital role women have played in it *Why History Matters* contains some of the most significant thinking and writing on history that Lerner has done in her entire career a summation of her life and work The chapters are divided into three sections each widely different from the others each revelatory of Lerner as a woman and a feminist We read first of Lerner's coming to consciousness as a Jewish woman There are moving accounts of her early life as a refugee in America her return to Austria fifty years after fleeing the Nazis to discover a nation remarkable both for the absence of Jews and for the anti-Semitism just below the surface her slow assimilation into American life and her decision to be a historian If the first section is personal the second focuses on more professional concerns Included here is a fascinating essay on nonviolent resistance tracing the idea from the Quakers such as Mary Dyer to abolitionists such as Theodore Dwight Weld the most mobbed man in America to Thoreau's essay *Civil Disobedience* then across the sea to Tolstoy and Gandhi before finally returning to America during the civil rights movement of the 1950s There are insightful essays on American Values and on the tremendous advances women have made in the twentieth century as well as Lerner's presidential address to the Organization of American Historians which outlines the contributions of women to the field of history and the growing importance of women as a subject of history The highlight of the final section of the book is Lerner's bold and innovative look at the issues of class and race as they relate to women an essay that distills her thinking on these difficult subjects and offers a coherent conceptual framework that will prove of lasting interest to historians and intellectuals A major figure in women's studies and long term activist for women's issues a founding member of NOW and a past president of the Organization of American Historians Gerda Lerner is a pioneer in the field of Women's History and one of its leading practitioners *Why History Matters* is the summation of the work and thinking of this distinguished historian

Work and Academic Politics William Humbert Form, In *Work and Academic Politics* A Journeyman's Story Form reflects on his own experience to provide an exemplary intellectual autobiography against the background of modernity and change in America

BOOK JACKET *Suicide Among Racial and Ethnic Minority Groups*

Frederick T.L. Leong, Mark M. Leach, 2010-04-15 Suicide is increasingly understood and predicted as an intersection of biological psychological cognitive and sociocultural factors We have some basic knowledge of these factors and how they interact but presently we know very little about how culture can play a role as a variable that influences suicide Suicide Among Racial and Ethnic Minority Groups will go a long way towards filling that gap by pulling together cutting edge empirical research from general cultural diversity literature and applying it to suicide assessment treatment and prevention theory and practice By looking outside of the limited cross cultural studies done within suicidal populations the contributors all established experts in both multicultural counseling and suicidology expand the available empirical literature base in order to provide a deeper look into how culture can act as an important catalyst in suicidal intentions Following theoretical overviews the text focuses on six broad ethnic groups classified in the literature African American American Indian Asian American European American Hawaiian Pacific Islander and Hispanic with a main chapter devoted to each relating each culture to suicide research highlighting specific variables within the culture that can influence suicide and presenting appropriate treatment considerations A final section of the book consists of practical applications within specific settings therapy outreach schools psychiatric services and prevention and training issues
