Race Labor And Punishment In The New South:

Race, Labor, and Punishment in the New South Martha A. Myers, 1998 For Emile Durkheim writing in the nineteenth century punishment was simply understood as a clear response to the criminal behavior a society experiences Today s penal institutions challenge such a simple understanding Inseparably linked with many aspects of society they are profoundly shaped by the traumatic events and changes a society undergoes Nowhere is this clearer than in the American South Georgia embraced the concept of the penitentiary as a form of social control earlier than most of its southern neighbors Its penal code of 1816 replaced or curtailed such traditional punishments as whipping the pillory fines or death Georgia s control over felony convicts effectively began in 1817 when the state prison at Milledgeville accepted its first convict Martha A Myers finds that Georgia also led the region in embracing the convict lease system as an alternative to incarceration In *Race Labor and Punishment in the New South* she examines the social political and economic forces that shaped punishment over a seventy year period Between 1870 and 1940 Georgia s system of punishment shifted from capital and corporal punishment to hard labor in the penitentiary then to the convict lease system then to county run chain gangs and then back to incarceration in prison This book forges a connection between these dramatic shifts and analyzes three facets of punishment for black and white men rates of admission to the penitentiary the harshness of sentences and the ease with which felons achieved release from the penitentiary Her findings challenge the conventional notion that hard times invariably prompt harsh punishment In uncovering the complex link between social change and southern punishment Myers reveals the poverty of current theories of criminal punishment

Zieger, 2012-03-18 This collection of essays explores the dynamic new face of Southern labour since 1950 examining such topics as southern deindustrialisation union activism in the healthcare industry labour community coalitions the politics of southern anti unionism and immigrant labour in southern agriculture

Caging Borders and Carceral States Robert T. Chase, 2019-04-09 This volume considers the interconnection of racial oppression in the U S South and West presenting thirteen case studies that explore the ways in which citizens and migrants alike have been caged detained deported and incarcerated and what these practices tell us about state building converging and coercive legal powers and national sovereignty As these studies depict the institutional development and state scaffolding of overlapping carceral regimes they also consider how prisoners and immigrants resisted such oppression and violence by drawing on the transnational politics of human rights and liberation transcending the isolation of incarceration detention deportation and the boundaries of domestic law Contributors Dan Berger Ethan Blue George T D az David Hernandez Kelly Lytle Hernandez Pippa Holloway Volker Janssen Talitha L LeFlouria Heather McCarty Douglas K Miller Vivien Miller Donna Murch and Keramet Ann Reiter

The SAGE Handbook of Punishment and Society Jonathan Simon, Richard Sparks, 2012-09-18 The project of interpreting contemporary forms of punishment means exploring the social political economic and historical conditions in the society in which those forms arise The SAGE

Handbook of Punishment and Society draws together this disparate and expansive field of punishment and society into one compelling new volume Headed by two of the leading scholars in the field Jonathan Simon and Richard Sparks have crafted a comprehensive and definitive resource that illuminates some of the key themes in this complex area from historical and prospective issues to penal trends and related contributions through theory literature and philosophy Incorporating a stellar and international line up of contributors the book addresses issues such as capital punishment the civilising process gender diversity inequality power human rights and neoliberalism This engaging vibrantly written collection will be captivating reading for academics and researchers in criminology penology criminal justice sociology cultural studies philosophy and politics

Mass Imprisonment David Garland,2001-05-18 This major new volume of papers by leading criminologists sociologists and historians sets out what is known about the political and penological causes of the phenomenon of mass imprisonment Mass imprisonment American style involves the penal segregation of large numbers of the poor and minorities Imprisonment has become a central institution for the social control of the urban poor Other countries are now looking to the USA to see what should be learned from this massive and controversial social experiment This book describes mass imprisonment's impact upon crime upon the minority communities most affected upon social policy and more broadly upon national culture This is a book that all penologists and poli

Buried Lives Michele Lise Tarter,Richard Bell,2012 Buried Lives offers the first critical examination of the experience of imprisonment in early America These interdisciplinary essays investigate several carceral institutions to show how confinement shaped identity politics and the social imaginary both in the colonies and in the new nation The historians and literary scholars included in this volume offer a complement and corrective to conventional understandings of incarceration that privilege the intentions of those in power over the experiences of prisoners Considering such varied settings as jails penitentiaries almshouses workhouses floating prison ships and plantations the contributors reconstruct the struggles of people imprisoned in locations from Antigua to Boston The essays draw upon a rich array of archival sources from the seventeenth century to the eve of the Civil War including warden logs petitions execution sermons physicians clinical notes private letters newspaper articles runaway slave advertisements and legal documents Through the voices bodies and texts of the incarcerated Buried Lives reveals the largely ignored experiences of inmates who contested their subjection to regimes of power

Freedom's Main Line Derek Charles Catsam,2009-01-23 A compelling spellbinding examination of a pivotal event in civil rights history a highly readable and dramatic account of a major turning point Journal of African American History Black Americans in the Jim Crow South could not escape the grim reality of racial segregation whether enforced by law or by custom In Freedom's Main Line The Journey of Reconciliation and the Freedom Rides author Derek Charles Catsam shows that courtrooms classrooms and cemeteries were not the only front lines in African Americans prolonged struggle for basic civil rights Buses trains and other modes of public transportation provided the perfect means for civil rights activists to protest the second class citizenship of African

Americans bringing the reality of the violence of segregation into the consciousness of America and the world Freedom s Main Line argues that the Freedom Rides a turning point in the Civil Rights Movement were a logical natural evolution of such earlier efforts as the Journey of Reconciliation relying on the principles of nonviolence so common in the larger movement The impact of the Freedom Rides however was unprecedented fixing the issue of civil rights in the national consciousness Later activists were often dubbed Freedom Riders even if they never set foot on a bus With challenges to segregated transportation as his point of departure Catsam chronicles black Americans long journey toward increased civil rights Freedom s Main Line tells the story of bold incursions into the heart of institutional discrimination journeys undertaken by heroic individuals who forced racial injustice into the national and international spotlight and helped pave the way for the landmark Civil Rights Act of 1964

A Most Stirring and Significant Episode H. Paul Thompson, Jr.,2012-10-15 When Atlanta enacted prohibition in 1885 it was the largest city in the United States to do so A Most Stirring and Significant Episode examines the rise of temperance sentiment among freed African Americans that made this vote possible as well as the forces that resulted in its 1887 reversal well before the 18th Amendment to the Constitution created a national prohibition in 1919 H Paul Thompson Jr s research also sheds light on the profoundly religious nature of African American involvement in the temperance movement Contrary to the prevalent depiction of that movement as being one predominantly led by white female activists like Carrie Nation Thompson reveals here that African Americans were central to the rise of prohibition in the south during the 1880s As such A Most Stirring and Significant Episode offers a new take on the proliferation of prohibition and will not only speak to scholars of

prohibition in the US and beyond but also to historians of religion and the African American experience **Breaking the Pendulum** Philip Goodman, Joshua Page, Michelle Phelps, 2017-03-20 The history of criminal justice in the U S is often described as a pendulum swinging back and forth between strict punishment and lenient rehabilitation While this view is common wisdom it is wrong In *Breaking the Pendulum* Philip Goodman Joshua Page and Michelle Phelps systematically debunk the pendulum perspective showing that it distorts how and why criminal justice changes The pendulum model blinds us to the blending of penal orientations policies and practices as well as the struggle between actors that shapes laws institutions and how we think about crime punishment and related issues Through a re analysis of more than two hundred years of penal history starting with the rise of penitentiaries in the 19th Century and ending with ongoing efforts to roll back mass incarceration the authors offer an alternative approach to conceptualizing penal development Their agonistic perspective posits that struggle is the motor force of criminal justice history Punishment expands contracts and morphs because of contestation between real people in real contexts not a mechanical swing of the pendulum This alternative framework is far more accurate and empowering than metaphors that ignore or downplay the importance of struggle in shaping criminal justice This clearly written engaging book is an invaluable resource for teachers students and scholars seeking to understand the past present and future of American criminal justice By demonstrating the central role of struggle in generating major transformations *Breaking the Pendulum* encourages combatants to keep fighting to change the system

A Comprehensive Study of Female Offenders Martin Guevara Urbina, 2008 Few empirical studies have focused on women in prison In the last few years though a number of studies have demonstrated that there are fundamental differences between male and female prisoners in an ever changing penal system Consequently there has been a need for more comprehensive studies of female offenders for three primary reasons 1 imperative research gaps remain to be bridged 2 the female prison experience is not constant and 3 prison rates for female offenders especially minority offenders have increased considerably in the last few years A central goal of this book then is to provide a balance to the existing literature and research on female prisoners in the United States and to an extent abroad focusing primarily on female offenders and using data gathered from the Wisconsin Department of Corrections The book utilizes a comprehensive investigative approach by equating the experience of female offenders by the totality of circumstances within an historical institutional political and ideological context The critical objective is to offer an inclusive analysis of the things that are considered by female inmates to be the most significant before during and after their incarceration as a way of better understanding the reasons that lead to their first incarceration as well as subsequent incarcerations By reading this book the reader will have a greater understanding of the many challenges facing female inmates as well as the relationship between inmates correctional officers and by extension society in general Also provided is a series of policy recommendations throughout the book particularly in the concluding chapter and epilogue *The American South* William J. Cooper Jr., Thomas E. Terrill, Christopher

Childers, 2016-11-17 In *The American South A History Fifth Edition* William J Cooper Jr and Thomas E Terrill demonstrate their belief that it is impossible to divorce the history of the South from the history of the United States The authors analysis underscores the complex interaction between the South as a distinct region and the South as an inescapable part of America Cooper and Terrill show how the resulting tension has often propelled section and nation toward collision In supporting their thesis the authors draw on the tremendous amount of profoundly new scholarship in Southern history Each volume includes a substantial bibliographical essay completely updated for this edition which provides the reader with a guide to literature on the history of the South This volume contains updated chapters and tables **The American South** William James Cooper (Jr.), Thomas E. Terrill, 2009-01-16 In *The American South* William J Cooper Jr and Thomas E Terrill demonstrate their belief that it is impossible to divorce the history of the south from the history of the United States Each volume includes a substantial biographical essay completely updated for this edition which provides the reader with a guide to literature on the history of the South Coverage now includes the devastation of Hurricane Katrina in 2005 up to date analysis of the persistent racial divisions in the region and the South s unanticipated role in the 2008 presidential primaries The Wrath to Come Sarah Churchwell, 2022-07-07 The history America never wanted you to read The narrative took my breath away Philippe Sands An extraordinarily and shockingly powerful read Peter Frankopan One of the must reads of the year Suzannah Lipscomb Brilliant and provocative Gavin Esler Sarah Churchwell examines one of the most enduringly popular stories of all time *Gone with the Wind* to help explain the divisions ripping the United States apart today Separating fact from fiction she shows how histories of mythmaking have informed America s racial and gender politics the controversies over Confederate statues the resurgence of white nationalism the Black Lives Matter movement the enduring power of the American Dream and the violence of Trumpism *Gone with the Wind* was an instant bestseller when it was published in 1936 its film version became the most successful Hollywood film of all time Today the story s racism is again a subject of controversy but it was just as controversial in the 1930s foreshadowing today s debates over race and American fascism In *The Wrath to Come* Sarah Churchwell charts an extraordinary journey through 160 years of American denialism From the Lost Cause to the romances behind the Ku Klux Klan from the invention of the ideal slave plantation to the erasure of interwar fascism Churchwell shows what happens when we do violence to history as collective denial turns fictions into lies and lies into a vicious reality *Crossroads at Clarksdale* Françoise N. Hamlin, 2012 Weaving national narratives from stories of the daily lives and familiar places of local residents Françoise Hamlin chronicles the slow struggle for black freedom through the history of Clarksdale Mississippi Hamlin paints a full picture of the town ov *Homicide, North and South* Horace V. Redfield, 2000 While H V Redfield was not the first person to note the elevated amount of interpersonal violence in Southern and border states *Homicide North and South* was the first book to investigate regional differences in murder systematically by discussing counts and rates from different states and the two major regions side by side It appears to be the first book to

draw on newspaper clippings to document homicide rates quantitatively and it certainly was the first work to do so in a systematic comparative fashion Redfield was the first person to use multiple data sources both news clippings and from those states that collected and published them mortality or criminal statistics Where possible he compared such records with one another to establish their joint reliability
