Rachel Papers:

The Rachel Papers Martin Amis, 2010-12-23 **The Blade Runner Experience** Will Brooker, 2005 This text examines Ridley Scott's Blade Runner in context of adaptation both from the original novel but also as graphic novel computer game and series of books It also looks at the identities of the characters particularly with reference to influences and realities

Literature and the Writer, 2016-08-09 Literature and the Writer was first conceived with the hope the essays would shed light on several dimensions of the authorial craft It was the hope of the editor that the selected essays would examine not only writers choice of vocabulary but also their deliberate selection of grammatical constructions and word order and their seamless weaving together of plots and imagery Moreover the analyses would also draw attention to how the writing process impacts the development of characters and the formulation of thematic strands in fiction Thus a wide variety of authors are deliberately selected to give the text depth writers of popular fiction as well as modern classics are included and contrasts are established between traditional writers and those who prefer to follow experimental trends Modernists are set against postmodernists absurdists vs realists minority ethnicities vs majority cultures and dominant genders appear in contrast to subordinated ones Clearly the major tenet of the collection is that the writing profession provides an unending dilemma that deserves to be explored in more detail as readers try to determine how authorial voices confuse while simultaneously elucidating their audience how texts are constructed by authors and yet deconstructed by the very words they choose to include how silence functions as inaudible yet audible discourse and how authorial self concept shapes not only itself but is also echoed in the fictional characters writers who appear in the texts Father and Son Gavin

Keulks, 2004-12-27 An innovative study of two of England's most popular controversial and influential writers Father and Son breaks new ground in examining the relationship between Kingsley Amis and his son Martin Amis Through intertextual readings of their essays and novels Gavin Keulks examines how the Amises work negotiated the boundaries of their personal relationship while claiming territory in the literary debate between mimesis and modernist aesthetics Theirs was a battle over the nature of reality itself a twentieth century realism war conducted by loving family members and rival antithetical writers Keulks argues that the Amises relationship functioned as a source of literary inspiration and that their work illuminates many of the structural and stylistic shifts that have characterized the British novel since 1950 **The Rachel**

Papers Martin Amis, 2026-02-17 Martin Amis's first novel The Rachel Papers tells the story of Charles Highway and his relationship with his girlfriend in the year before going to university **Snoop** Sam Gosling, 2009-05-12 Does what's on your desk reveal what's on your mind Do those pictures on your walls tell true tales about you And is your favorite outfit about to give you away For the last ten years psychologist Sam Gosling has been studying how people project and protect their inner selves By exploring our private worlds desks bedrooms even our clothes and our cars he shows not only how we showcase our personalities in unexpected and unplanned ways but also how we create personality in the first place communicate it

others and interpret the world around us Gosling one of the field's most innovative researchers dispatches teams of scientific snoops to poke around dorm rooms and offices to see what can be learned about people simply from looking at their stuff What he has discovered is astonishing when it comes to the most essential components of our personalities from friendliness to flexibility the things we own and the way we arrange them often say more about us than even our most intimate conversations If you know what to look for you can figure out how reliable a new boyfriend is by peeking into his medicine cabinet or whether an employee is committed to her job by analyzing her cubicle Bottom line The insights we gain can boost our understanding of ourselves and sharpen our perceptions of others Packed with original research and fascinating stories Snoop is a captivating guidebook to our not so secret lives *Encyclopedia of British Writers, 1800 to the Present* George Stade, Karen Karbiener, 2010-05-12 Contains alphabetically arranged entries that provide biographical and critical information on major and lesser known nineteenth and twentieth century British writers and includes articles on key schools of literature and genres *The Rachel Papers* Martin Amis, 2023-11-02 WITH A NEW INTRODUCTION BY CLAIRE LOWDON Charles Highway is every mother's worst nightmare Precociously intelligent mercilessly manipulative and highly sexed Charles devotes the last of his teenage years to bedding girls and evading the half-arsed overtures of his distant parents That is until he meets the aloof wildly unattainable Rachel As Charles's twentieth birthday and the Oxford entrance exams loom his plans for seducing Rachel will draw him into a private collection of obsessional notes and observations the eponymous Rachel Papers WINNER OF THE SOMERSET MAUGHAM AWARD Scurrilous shameless and very funny The Times Literary Supplement Amis has brought off the feat of satirizing his contemporaries while making them both funny and in a bizarre way moving Peter Ackroyd **Martin Amis** Brian Finney, 2013-04-15 Booker shortlisted for Time's Arrow and widely known for his novels short stories essays reviews and autobiographical works Martin Amis is one of the most influential of contemporary British writers This guide to Amis's diverse and often controversial work offers an accessible introduction to the contexts and many interpretations of his texts from publication to the present an introduction to key critical texts and perspectives on Amis's life and work situated within a broader critical history cross references between sections of the guide in order to suggest links between texts contexts and criticism suggestions for further reading Part of the Routledge Guides to Literature series this volume is essential reading for all those beginning detailed study of Martin Amis and seeking not only a guide to his works but also a way through the wealth of contextual and critical material that surrounds them **Martin Amis** Jonathan Noakes, Margaret Reynolds, 2012-06-30 In Vintage Living Texts teachers and students will find the essential guide to the works of Martin Amis Vintage Living Texts is unique in that it offers an in depth interview with Martin Amis relating specifically to the texts under discussion This guide deals with Amis's themes genre and narrative technique and a close reading of the texts will provide a rich source of ideas for intelligent and inventive ways of approaching the novels
