*that will actually inspire them to read*

## Setting Reading Goals

Strong readers create goals that will challenge them to grow as a reader. When you set a reading goal, you want it to be very clear and specific. This will make it easy for you to know when you have met your goal.

**Avoid making goals that are vague.**

- ❖ I want to become a better reader.
- ❖ I want to get better at reading.
- ❖ I want to read more nonfiction books.
- ❖ I want to read different genres.

**Instead, create very specific goals.**

- ❖ I want to read for 20 minutes every day.
- ❖ I want to read 25 books every month.
- ❖ I want to read all the books in the Harry Potter Series.
- ❖ I want to read 10 books all from a different genre in the month of September.
- ❖ I want to read 5 books written by Kate DiCamillo.
- ❖ I want to ask for book recommendations from 2 friends and read the titles they suggest.

Strong readers will use their independent reading time to work on meeting their goals, and as soon as they meet one goal, they set another.

**What is your reading goal?**

ESL Readers and Writers in Higher Education describes the challenges ESL students in U S postsecondary institutions face when studying in a second language and offers suggestions for how teachers advisors tutors and institutions might provide support that meets the reading and writing needs of this very important student population Because the ESL profession as a whole including what professionals are doing in the classroom sits under the umbrella of an institutional response to a language related challenge some solutions aimed at helping students achieve optimal proficiency lie outside of the classroom As such this book is based on the assertion that language development support is not the sole responsibility of language teachers Everyone on campuses that hosts ESL students bears some responsibility for these students language development Chapters are therefore intentionally adapted to appeal to a wide variety of readers from classroom teachers and teachers in training to admissions officers academic advisors and international student advisors *Research in Education*, 1974  
**Literacy Beyond Text Comprehension** M. Anne Britt, Jean-François Rouet, Amanda Durik, 2017-07-06 Literacy Beyond Text Comprehension aims to systematically investigate how readers interpret reading tasks within a situation and how that interpretation influences reading behavior and comprehension Presenting a new model of REading as problem SOLVing RESOLV the authors describe reading comprehension in terms of how a reader adopts goals within a particular situation that then guide what is read when and how By applying the RESOLV model to a range of reading situations this book provides evidence to suggest that there is no unitary understanding of a task because individuals bring their own goals and characteristics to the situation as such it demonstrates the importance of understanding how a reader e g student test taker employee completing a work task represents the context and the specific assignment Written by internationally recognized learning sciences scholars Literacy Beyond Text Comprehension advances the state of the art in reading research but also seeks to inform a broader range of audiences including those interested in the teaching and the assessment of reading
