SUZANNE DIXON

Reading Roman Women

Sarah Shaver Hughes, Brady Hughes

Reading Roman Women:

Reading Roman Women Suzanne Dixon, 2001-06-21 How do we retrieve the lives of real Roman women This book presents a range of examples to support the argument that our ideas of what we know about women's work sexuality commerce and political activity in the Roman world have been shaped by the format or genre of each ancient source

Reading Roman Women Suzanne Dixon, 2000 **Women in Ancient Rome** Bonnie MacLachlan, 2013-09-12 A rich and accessible selection of Greek and Roman original sources all of which are in translation *Daily Life of Women in Ancient Rome* Sara Elise Phang, 2022-03-22 This book provides an invaluable introduction to the social economic and legal status of women in ancient Rome *Daily Life of Women in Ancient Rome* is an invaluable introduction to the lives of women in the late Roman Republic and first three centuries of the Roman Empire Arranged chronologically and thematically it examines how Roman women were born educated married and active in economic social public and religious life as well as how they were commemorated and honored after death Though they were excluded from formal public and military offices wealthy Roman women participated in public life as benefactors and in religious life as priestesses The book also acknowledges the status and occupations of women taking part in public life as textile producers retail workers and agricultural laborers as well as enslaved women The book provides a thorough introduction to the social history of women in the Roman world and gives students and aspiring scholars references to current scholarship and to primary literary and documentary sources including collected sources in translation **Reading Women** Jennifer Phegley, Janet Badia, 2005-01-01 Literary and popular culture has often focused its attention on women readers particularly since early Victorian times In *Reading Women* an esteemed group of new and established scholars provide a close study of the evolution of the woman reader by examining a wide range of nineteenth and twentieth century media including Antebellum scientific treatises Victorian paintings and Oprah Winfrey's televised book club as well as the writings of Charlotte Brontë Harriet Beecher Stowe and Zora Neale Hurston Attending especially to what how and why women read *Reading Women* brings together a rich array of subjects that sheds light on the defining role the woman reader has played in the formation not only of literary history but of British and American culture The contributors break new ground by focusing on the impact representations of women readers have had on understandings of literacy and certain reading practices the development of books and print culture and the categorization of texts into high and low cultural forms **Reading Women** Heidi Brayman Hackel, Catherine E. Kelly, 2011-08-02 In 1500 as many as 99 out of 100 English women may have been illiterate and girls of all social backgrounds were the objects of purposeful efforts to restrict their access to full literacy Three centuries later more than half of all English and Anglo American women could read and the female reader was emerging as a cultural ideal and a market force While scholars have written extensively about women's reading in the nineteenth and twentieth centuries and about women's writing in the early modern period they have not attended sufficiently to the critical transformation that took

place as female readers and their reading assumed significant cultural and economic power Reading Women brings into conversation the latest scholarship by early modernists and early Americanists on the role of gender in the production and consumption of texts during this expansion of female readership Drawing together historians and literary scholars the essays share a concern with local specificity and material culture Removing women from the historically inaccurate frame of exclusively solitary silent reading the authors collectively return their subjects to the activities that so often coincided with reading shopping sewing talking writing performing and collecting With chapters on samplers storytelling testimony and translation the volume expands notions of reading and literacy and it insists upon a rich and varied narrative that crosses disciplinary boundaries and national borders

Reading 1 Corinthians with Philosophically Educated Women Nathan John Barnes, 2014-03-28 Women were involved in every popular philosophy in the first century and the participation of women reaches back to the Greek origins of these schools Philosophers often taught their daughters wives and other friends the basic tenets of their thinking The Isthmian games and a tolerance for independent thinking made Corinth an attractive place for philosophers to engage in dialogue and debate further facilitating the philosophical education of women The activity of philosophically educated women directly informs our understanding of 1 Corinthians when Paul uses concepts that also appear in popular moral philosophy This book explores how philosophically educated women would interact with three such concepts marriage and family patronage and self sufficiency

Women in Power Stephanie McCarter, 2024-09-10 Classical stories about women who wield power from the Amazons to Dido to Cleopatra A Penguin Classic There is no other anthology that brings together similar stories of ancient women in power These women threaten male power by stepping into the roles traditionally held by men They command armies exercise sexual autonomy and even dominance speak in public issue laws and subject others even masculine heroes and citizen men to their control All of these stories were written by men and none of them can be read as affirmations or celebrations of women in power They are instead misogynistic tales that aim to shore up masculine authority by exposing the consequences when women rather than men wield it The sexist attitudes voiced in these stories continue to justify women's exclusion from power in our contemporary world Yet despite the fear and suspicion the male authors direct toward these women we can find much to admire in their tales from the coordinated action of the women of Aristophanes's Assemblywomen to Dido's questioning of the male value system that leads Aeneas to abandon her to the righteous anger of Boudicca against sexual violence by men in power to the successful resistance of Arianne against Rome's colonial expansion Read differently these tales testify to the long history of women in power and help us forge new paths for female empowerment

Birth of Salvation Anna Rebecca Solevåg, 2013-10-09 In Birth of Salvation Anna Rebecca Solevåg explores the theme of childbearing in early Christian discourse The book maps the importance of women's childbearing in Greco Roman culture and shows how childbearing discourse interfaces with salvation discourse in three early Christian texts the Pastoral Epistles the Acts of Andrew and the Martyrdom of Perpetua and Felicitas Issues of gender and

class are explored through an intersectional analysis In particular the institution of slavery and its implications for ideas about salvation in these texts are drawn out Birthing Salvation offers fresh interpretations of these texts including the peculiar statement in 1 Tim 2 15 that women will be saved through childbearing

Housing in Late Antiquity Luke Lavan, Lale Özgenel, Alexander Constantine Sarantis, 2007 This collection of papers arising from the conference series Late Antique Archaeology examines the housing in the late antique period through thematic and regional syntheses complemented by case studies and two bibliographic essays

Women Letter-Writers in Tudor England James Daybell, 2018-09-26 This book represents the most comprehensive study of women's letters and letter writing during the early modern period so far undertaken and acts as an important corrective to traditional ways of reading and discussing letters as private elite male and non political Based on over 3 000 manuscript letters it shows that letter writing was a larger and more socially diversified area of female activity than has been hitherto assumed In that letters constitute the largest body of extant sixteenth century women's writing the book initiates a reassessment of women's education and literacy in the period As indicators of literacy letters yield physical evidence of rudimentary writing activity and abilities document higher forms of female literacy and highlight women's mastery of formal rhetorical and epistolary conventions The book also stresses that letters are unparalleled as intimate and immediate records of family relationships and as media for personal and self reflective forms of female expression Read as documents that inscribe social and gender relations letters shed light on the complex range of women's personal relationships as female power and authority fluctuated negotiated on an individual basis Furthermore correspondence highlights the important political roles played by early modern women Female letter writers were integral in cultivating and maintaining patronage and kinship networks they were active as suitors for crown favour and operated as political intermediaries and patrons in their own right using letters to elicit influence Letters thus help to locate differing forms of female power within the family locality and occasionally on the wider political stage and offer invaluable primary evidence from which to reconstruct the lives of early modern women

Women in World History: v. 1: Readings from Prehistory to 1500 Sarah Shaver Hughes, Brady Hughes, 2015-02-24 Presenting selected histories in Asia Africa Europe and the Americas this work discusses political and economic issues marriage practices motherhood and enslavement and religious beliefs and spiritual development Famous women including Hatshepsut Hortensia Aisha Hildegard of Bingen and Sei Shonangan are discussed as well as lesser known and anonymous women Both primary and secondary source readings are included

Medieval Listening and Reading Dennis Howard Green, 1994-08-25 This study brings recent scholarly debates on oral cultures and literate societies to bear on the earliest recorded literature in German 800 1300 It considers the criteria for assessing what works were destined for listeners what examples anticipated readers and how for both modes of reception could apply to one work exploring the possible interplay between them The opening chapters review previous scholarship and the introduction of writing into preliterate Germany The core of the book presents lexical and non lexical

evidence for the different modes of reception taken from the whole spectrum of genres from dance songs to liturgy from drama and heroic literature to the court narrative and lyric poetry The social contexts of reception and the physical process of reading books are also considered Two concluding chapters explore the literary and historical implications of the slow interpenetration of orality and literacy There is a comprehensive bibliographical index of primary sources *The Women of Pliny's Letters* Jo-Ann Shelton, 2013 The large collection of letters by Pliny the Younger includes a number of women among its addressees and Pliny also gives us plentiful information about many women of his acquaintance This book brings together this material to build up a portrait of a peer group of women in their social setting *In Bed with the Romans* Paul Chrystal, 2015-10-15 An entertaining and intriguing account of sex in Rome and the exploits of some of Rome's celebrated exponents of sexual permissiveness and perversion **Women, Work and Leadership in Acts** Teresa J. Calpino, 2014-08-01 How are depictions of the ideal woman in Greco Roman literature at variance with the descriptions of Tabitha and Lydia in Acts of the Apostles Teresa Calpino analyzes the relationship of their stories to Greco Roman literature and culture and how this opens out important aspects of women in early Christianity Provided by publisher **Leadership and Initiative in Late Republican and Early Imperial Rome**, 2022-02-07 What does it mean to be a leader This collection of seventeen studies breaks new ground in our understanding of leadership in ancient Rome by re-evaluating the difference between those who began a political action and those who followed or reacted In a significant change of approach this volume shifts the focus from archetypal leaders to explore the potential for individuals of different ranks social statuses ages and genders to seize initiative In so doing the contributors provide new insight into the ways in which the ability to initiate communication invent solutions and prompt others to act resonated in critical moments of Roman history **Women's Influence on Classical Civilization** Eireann Marshall, Fiona Mchardy, 2004-07-31 Written by an international range of renowned academics this volume explores how women in antiquity influenced aspects of culture normally thought of as male Looking at politics economics science law and the arts the contributors examine examples from around the ancient world asking how far traditional definitions of culture describe male spheres of activity and examining to what extent these spheres were actually created and perpetuated by women *Women's Influence on Classical Civilization* provides students with a valuable wider perspective on the roles and influence of women in the societies of the Greek and Roman worlds **Imperial Women of Rome** Mary Taliaferro Boatwright, 2021 Using all available sources Boatwright explores the constraints and activities of the women of Rome's imperial families from 35 BCE to 235 CE Livia Agrippina the Younger Julia Domna and others feature in this richly illustrated investigation of change continuity historical contingency and personal agency in imperial women's pursuits and representations **A Woman's Place** Carolyn Osiek, 2009-12-01 This focused look at women in the household context discusses the importance of issues of space and visibility in shaping the lives of early Christian women Several aspects of women's everyday existence are investigated including the lives of wives widows women with

children female slaves women as patrons household leaders and teachers In addition several key themes emerge hospitality dining practices and the extent of female segregation
