Finding God Dennis Alne, PhD, 2016-06-30 Finding God One Psychologists Journey is an inspirational Autobiography that takes you on a tour that will enrich your life Starting as a young child growing up in Southern Brooklyn with major obstacles to face and overcome Dr

Alne goes on to become a prominent psychologist. Attacked and left disabled in the aftermath of the Crown Heights Riots in Brooklyn, he fought to regain his health and career. In 2007 he suffered a stroke that left him with annoying cognitive and physical symptoms. Dr. Alne attacked one with exercise and the other by passionately studying a subject he had never studied before. It was quantum physics and cosmology that changed his life forever. Elementary particles of matter obey none of the laws of physics we long held as truths. For example, particles can be in multiple places at the same time, superposition, and are able to communicate even when far apart, nonlocality, etc. Even more shocking is that everything in the universe is made from energy, and no one knows what exactly energy is. We are right now in the midst of a paradigm shift in thinking, and everything we thought we knew as reality is being questioned. Science led directly to studies of metaphysics and paranormal research. Prominent universities today are engaged in studies of prayer, remote viewing, and related subjects. Scientifically designed research offers proof that random evolution could not have led to mankind; prayer does help healing, and consciousness survives death.

The Spirit Transcendent Mark F. Yama, 2020-03-26. What are we to make of direct spiritual experience? Of accounts of going to heaven or meeting angels? Traditional science would call these hallucinations or delusions. Clinical psychologist Dr. Mark Yama argues the opposite. Through interviews with his patients, he shows that underneath the visions and experiences, there is a unifying spiritual reality apart from the material world. One of the stories recounted in this book is the experience of a woman who could see the future. In a spiritual transport, she was taken to heaven where truths were revealed to her that she later discovered were already written in Gnostic scripture. Another woman lived a life marked by a spiritual sensitivity that defied materialist explanation. After she passed away of cancer, she came to inhabit the consciousness of another of Dr. Yama's patients in the

form of a benign possession These stories and many others argue for a deeper reality that places spirituality on an equal footing with the material world
