Reading The Maya Glyphs

Reading The Maya Glyphs:

Reading the Maya Glyphs (Second Edition) Michael D. Coe, Mark Van Stone, 2005-06-17 The breaking of the Maya code has completely changed our knowledge of this ancient civilization and has revealed the Maya people's long and vivid history. Decipherment of Maya hieroglyphic writing has progressed to the point where most Maya written texts, whether inscribed on monuments, written in the codices or painted or incised on ceramics, can now be read with confidence. In this practical guide, first published in 2001, Michael D. Coe, the noted Mayanist, and Mark Van Stone, an accomplished calligrapher, have made the difficult, often mysterious script accessible to the nonspecialist. They decipher real Maya texts, and the transcriptions include a picture of the glyph, the pronunciation, the Maya words in Roman type, and the translation into English. For the second edition, the authors have taken the latest research and breakthroughs into account, adding glyphs, updating captions, and reinterpreting or expanding upon earlier decipherments. After an introductory discussion of Maya culture and history and the nature of the Maya script, the authors introduce the glyphs in a series of chapters that elaborate on topics such as the intricate calendar, warfare, royal lives and rituals, politics, dynastic names, ceramics, relationships, and the supernatural world. The book includes illustrations of historic texts, a syllabary, a lexicon, and translation exercises. **How to Read Maya Hieroglyphs** John Montgomery, 2002 Serving as both an introduction to the script and a convenient reference to its basic features and symbols, this book is designed for amateurs and specialists, including general readers, travellers to the Maya areas, and participants in hieroglyphic workshops. Reading the Maya Glyphs Michael D. Coe, 2001 Reading the Maya Glyphs is a compact, portable guide that enables students, tourists, and armchair travelers to read and understand commonly encountered classic Maya texts. 2 color illustrations throughout. **Reading the Maya Glyphs 2e** Michael D.
