Doing the Work? Jan Miller Burkins, Kim Yaris, 2016 In their follow up to Reading Wellness Jan Burkins and Kim Yaris explore how some traditional scaffolding practices may actually rob students of important learning opportunities and independence Who's Doing the Work suggests ways to make small but powerful adjustments to instruction that hold students accountable for their own learning Educators everywhere are concerned about students whose reading development inexplicably plateaus as well as those who face challenging texts without applying the strategies they've been taught When such problems arise our instinct is to do more But when we summarize text before reading or guide students when they encounter difficult words are we leading them to depend on our support If we want students to use strategies independently Jan and Kim believe that we must question the ways our scaffolding is getting in the way Next generation reading instruction is responsive to students needs and it develops readers who can integrate reading strategies without prompting from instructors In Who's Doing The Work Jan and Kim examine how instructional mainstays such as read aloud shared reading guided reading and independent reading look in classrooms where students do more of the work Classroom snapshots at the end of each chapter help translate the ideas in the book into practice Who's Doing the Work offers a vision for adjusting reading instruction to better align with the goal of creating independent proficient and joyful readers **Reading Process**
