Kripal,2011-09-30 In many ways twentieth century America was the land of superheroes and science fiction From Superman and Batman to the Fantastic Four and the X Men these pop culture juggernauts with their powers and abilities far beyond those of mortal men thrilled readers and audiences and simultaneously embodied a host of our dreams and fears about modern life and the onrushing future But that's just scratching the surface says Jeffrey Kripal In *Mutants and Mystics* Kripal offers a brilliantly insightful account of how comic book heroes have helped their creators and fans alike explore and express a wealth of paranormal experiences ignored by mainstream science Delving deeply into the work of major figures in the field from Jack Kirby's cosmic superhero sagas and Philip K Dick's futuristic head trips to Alan Moore's sex magic and Whitley Strieber's communion with visitors Kripal shows how creators turned to science fiction to convey the reality of the inexplicable and the paranormal they experienced in their lives Expanded consciousness found its language in the metaphors of sci fi incredible powers unprecedented mutations time loops and vast intergalactic intelligences and the deeper influences of mythology and religion that these in turn drew from the wildly creative work that followed caught the imaginations of millions Moving deftly from Cold War science and Fredric Wertham's anticomics crusade to gnostic revelation and alien abduction Kripal spins out a hidden history of American culture rich with mythical themes and shot through with an awareness that there are other realities far beyond our everyday understanding A bravura performance beautifully illustrated in full color throughout and brimming over with incredible personal stories *Mutants and Mystics* is that rarest of things a book that is guaranteed to broaden and maybe even blow your mind *The End of Materialism* Charles T. Tart,2009 Ideal for scientifically minded individuals curious about life's spiritual side as well as spiritually inclined people seeking to back up their beliefs this book offers evidence for the existence of telepathy precognition and psychic healing *Authors of the Impossible* Jeffrey J. Kripal,2024-05-31 Outstanding and almost certainly controversial Kripal has promise to revitalize and extend the reach of religious studies Choice Most scholars dismiss research into the paranormal as pseudoscience a frivolous pursuit for the paranoid or gullible Even historians of religion whose work naturally attends to events beyond the realm of

empirical science have shown scant interest in the subject But the history of psychical phenomena Jeffrey J Kripal contends is an untapped source of insight into the sacred and by tracing that history through the last two centuries of Western thought we can see its potential centrality to the critical study of religion Kripal grounds his study in the work of four major figures in the history of paranormal research psychical researcher Frederic Myers writer and humorist Charles Fort astronomer computer scientist and ufologist Jacques Vallee and philosopher and sociologist Bertrand Russell Through incisive analyses of these thinkers Kripal ushers the reader into a beguiling world somewhere between fact fiction and fraud The cultural history of telepathy teleportation and UFOs a ghostly love story the occult dimensions of science fiction cold war psychic espionage galactic colonialism and the intimate relationship between consciousness and culture all come together in *Authors of the Impossible* a dazzling and profound look at how the paranormal bridges the sacred and the scientific An excellent book engaging witty and thoughtful Christopher Partridge Lancaster University Kripal demands nothing short of a paradigm shift in order to make sense of the odd the anomalous and the inexplicable Catherine L Albanese University of California Santa Barbara Quietly earth shattering Victoria Nelson author of *The Secret Life of Puppets* *Inside Al-Qaeda and the Taliban* Syed Saleem Shahzad, 2011-05-23 President Obama may have delivered on his campaign promise to kill Osama bin Laden but as an Al Qaeda strategist bin Laden has been dead for years This book introduces and examines the new generation of Al Qaeda leaders who have been behind the most recent attacks Investigative journalist Syed Saleem Shahzad dedicated his life to revealing the strategies and inner workings of Al Qaeda and the Taliban He had access to top level commanders in both movements as well as within the ISI Pakistan's intelligence service Shahzad's work was praised by US Secretary of State Hillary Clinton for bringing to light the troubles extremism poses to Pakistan's stability *Inside Al Qaeda and the Taliban* explains the wider aims of both organisations and provides an essential analysis of major terrorist incidents including the 2008 Mumbai attacks In May 2011 Shahzad was abducted and killed in Pakistan days after writing an article suggesting that insiders in the Pakistani navy had colluded with Al Qaeda in an attack on a naval air station This book is a testament to his fearless reporting and analytical rigour It will provide readers worldwide with an invaluable introduction to a new phase of the ongoing struggle against terrorism which threatens lives in so many countries **Parapsychology** Etzel Cardeña, John Palmer, David Marcusson-Clavertz, 2015-08-14 Many people have experienced such unusual phenomena as dreams that later seem to correspond with unforeseeable events thinking of a long lost friend just before he or she unexpectedly calls or the ability to feel the presence of deceased loved ones What many do not realize is that these types of experiences have been researched for more than a century by eminent scientists including Nobel laureates Most of these researchers have concluded that some of these phenomena do occur although we are far from explaining them to everyone's satisfaction This book is the first in almost 40 years to provide a comprehensive scientific overview of research in the field of parapsychology explaining what we know and don't know about so called psi phenomena such as telepathy precognition or psychokinesis

Contributors evaluate the evidence for these phenomena accounting for factors such as selective memory wish fulfillment and incorrect methods or analyses in some cases offering psychological physical and biological theories

Example in this ebook CHAPTER I THE CADET SCHOOL No doubt you have seen in the highways and byways a lot of youths in khaki with white bands round their caps These boys are called cadets and are usually men home from the front to train for commissions In Sandhurst they are officially styled gentlemen cadets but apparently we are not supposed to be gentlemen we re just cadets Funny isn t it But that s the way of the army Well my name is John Brown a very ordinary name and I m one of those fellows Before the war I evaded toil by becoming a student and spent a lot of time on ologies and osophies Now I m learning to be a pukka officer and the leader of sixty men to the cannon s mouth When I left my battalion for the cadet school I shed no tears They were in the trenches or rather in the mud And it cost a pair of brand new boots to get on to the road However I survived and in due time landed at Windmoor This is a blasted heath swept by the winds and isolated from picture shows barmaids and revues not a

petticoat in sight and at every corner a notice which amounts to England expects that every cadet this day will do his duty This is no Utopia I muttered falling into the first hut by the way Ye gods There was an old colonel with eyes like a hawk and cheeks like dumplings and what do you think he was doing Cutting his corns What the why the who the devil are you sah John Brown sir I said meekly for never in my life had I seen such a perfect relic of the Napoleonic wars Get to blazes out of this John Brown he roared putting his fat feet on the floor and banging the door I was again alone on the blasted heath The old gent inside was Colonel Eat All the commandant Rumour says he devoured two dervishes at Omdurman I stumbled on once more and found the orderly room This way said Sergeant Major Kneesup introducing me to the adjutant I clicked my heels in the style of a Guardsman and saluted like a railway signal Well said a blas looking gent with three pips looking up at me from his papers John Brown sir Who sent you here The War Office Umph I know nothing about you You had better go back to your regiment for your papers But I can t go all the way to France sir Well no perhaps not Wait a minute he said ringing a bell A clerk answered Have you any papers dealing with Cadet John Brown Yes sir Came a fortnight ago Thank you That s all The clerk went out Oh it s all right Brown Just go over to No 1 Company You ll see Sergeant Major Smartem there He ll fix you up Good luck he concluded with a genial smile I saluted and went out marvelling at the methods of the British Army I dug out the sergeant major and again announced that I was John Brown That s a fine name to go to bed with It s the one my mother gave me Oh well you can t help it Here s your blankets there s your bed You ll get your equipment to morrow Shove this white band on your cap Tea s at five o clock The lavatory s down there That s the canteen over yonder And when you want writing paper hymns or free salvation there s a Y M C A down the road Now push off John Brown I was extremely grateful for all this information in tabloid form but I had a lurking suspicion that my name was going to be a subject of rude jest However I am an optimist I pitched my bag into a corner of the hut pulled out a little book called The Pleasures of Hope and commenced to read till tea time But I was disturbed Cadet after cadet came filing in They were all new and rather green except one man called Beefy Jones What a ruddy place for a cadet school he roared My dear chap it is designed to protect our morality muttered a spectacled youth who looked like and proved to be an ex parson To be continue in this ebook

Militarizing Outer Space Alexander C.T. Geppert, Daniel Brandau, Tilmann Siebeneichner, 2020-12-02 Militarizing Outer Space explores the dystopian and destructive dimensions of the Space Age and challenges conventional narratives of a bipolar Cold War rivalry Concentrating on weapons warfare and violence this provocative volume examines real and imagined endeavors of arming the skies and conquering the heavens The third and final volume in the groundbreaking European Astroculture trilogy Militarizing Outer Space zooms in on the interplay between security technopolitics and knowledge from the 1920s through the 1980s Often hailed as the site of heavenly utopias and otherworldly salvation outer space transformed from a promised sanctuary to a present threat where the battles of the future were to be waged Astroculture proved instrumental in fathoming forms and functions of warfare s futures past both on earth and in space The

allure of dominating outer space the book shows was neither limited to the early twenty first century nor to current American space force rhetorics **The Haunting of Twenty-First-Century America** William J. Birnes, Joel Martin, 2013-12-17 In this companion volume to *The Haunting of America* and *The Haunting of Twentieth Century America* national bestselling authors William J Birnes and Joel Martin explore today s intellectual and spiritual awakening one that is challenging traditional belief systems Birnes and Martin show that though many governments deny the importance of a spiritual component to national policy even the most conservative governments have based social and financial policy decisions on a profound belief in the existence of the paranormal ghosts and spirits From using psychic spying programs to gather intelligence on enemy nations to investigating the use of mind control to impede the abilities of hostile troops the U S government has continuously developed paranormal weapons and tactics alongside their more mundane counterparts U S Presidents from Franklin Pierce through Ronald Reagan regularly relied on the paranormal using trance mediums channelers and astrologists to help plan agendas and travel schedules *The Haunting of Twenty First Century America* is unlike any American history you will ever read it posits that not only is the paranormal more normal than most people think but that it is driving current events to a new Fourth Culture of the twenty first century At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied **The Great War** Herbert Wrigley Wilson, Sir John Alexander Hammerton, 1917
