Reading Virgil And His Texts Studies In Intertextuality:

Reading Virgil and His Texts Richard F. Thomas, 1999 Dynamic textual interplay inherent and inherited **Memory and Intertextuality in Renaissance Literature** Raphael Lyne, 2016-02-09 This book uses theories of memory derived from cognitive science to offer new ways of understanding how literary works remember other literary works Using terms derived from psychology implicit and explicit memory interference and forgetting Raphael Lyne shows how works by Renaissance writers such as Wyatt Shakespeare Jonson and Milton interact with their sources The poems and plays in question are themselves sources of insight into the workings of memory sharing and anticipating some scientific categories in the process of their thinking Lyne proposes a way forward for cognitive approaches to literature in which both experiments and texts are valued as contributors to interdisciplinary questions His book will interest researchers and upper level students of renaissance literature and drama Shakespeare studies memory studies and classical reception *They Keep It All Hid* Peter E. Knox, Hayden Pelliccia, Alexander Sens, 2018-10-22 This volume comprises a series of studies focusing on the Latin poetry of the first and second centuries BCE its relationship to earlier models both Greek and Latin and its reception by later writers A point of particular focus is the influence of Greek poetry including not only Hellenistic writers like Callimachus Theocritus and Lycophron but also archaic poets like Pindar and Bacchylides The volume also includes studies of style as well as treatments of the influence of Latin poetry on writers like Marvell and Dylan Contributors include J N Adams Barbara Weiden Boyd Brian Breed Sergio Casali Julia Hejduk Peter Knox Leah Kronenburg Charles Martindale Charles McNelis James O Hara Thomas Palaima Hayden Pelliccia David Petrain David Ross and Alexander Sens Roman Readings: Latin Poetry from Lucretius to Ovid Stephen Harrison, 2025-07-21 This volume collects seventeen pieces on the classical Latin poetry of the late Republican and Augustan period written and published since 2000 They share a common interest in the close reading of poems with a particular focus on the issues of genre intertextuality poetic unity political allusion imagery and literary history Topics treated include the proem to Lucretius I and its relation to Ennian models issues of unity and interpretation in five poems of Catullus On Vergil there are two studies of the similes of the Aeneid one of Aeneas narrative in Aeneid 2 one of Aeneid 6 as a journey into the epic past one of Sibylline elements in the Aeneid and one of the language used by the Aeneid's gods plus a new contribution to the old issue of the identity of the child in Eclogue 4 On Propertius there are accounts of 4.9 and its contemporary political significance and of how some other elegies in Book 4 function as expanded epigrams The chapter on Ovid looks at the chronology and shape of his literary career Taken together these pieces seek to present these central texts of Roman poetry for modern literary study by scholars and advanced students *A Commentary on Virgil's Eclogues* Andrea Cucchiarelli, 2023-08-24 Virgil's Eclogues are a fundamental text of Western literature that served as a model for the nascent poetry of the Augustan and later of the Imperial Age Inspired by the bucolic poetry of Theocritus the work uses the apparent simplicity of rural settings to explore complex elements of poetic literary philosophical and even

figurative culture and to express the drama of civil war and expropriations In this commentary accompanied by a detailed introduction Andrea Cucchiarelli analyses the Eclogues in depth establishing comparisons with both Greek and Roman poetic models with philosophical texts and with significant later texts from the Roman poetic tradition The commentary is the first to offer a systematic account of the poem in its historical context between the end of the Republic and the Age of Augustus particular attention is also paid to the language of the figurative arts which for Roman readers constituted an important complement to literary knowledge of myths and stories The volume offers the reader a reliable and concise interpretation of the text which is systematically lemmatized and annotated throughout each eclogue is additionally accompanied by an introductory overview and a detailed bibliography to direct further reading *Virgil, Aeneid 5* Lee M. Fratantuono, R. Alden Smith, 2015-07-28 Virgil's Aeneid 5 has long been among the more neglected sections of the poet's epic of Augustan Rome Book 5 opens the second movement of the poem the middle section of the Aeneid that sees the Trojans poised between the old world of Phrygia and the new destiny in Italy The present volume fills a significant gap in Virgilian studies by offering the first full scale commentary in any language on this key book in the explication of the poet's grand consideration of the meaning of Trojan versus Roman identity A new critical text based on first hand examination of the manuscripts is accompanied by a prose translation and detailed commentary The notes provide in depth analysis of literary historical and lexical matters the introduction situates Book 5 both in the context of the epic and the larger tradition of heroic poetry

Song Exchange in Roman Pastoral Evangelos Karakasis, 2011 Agonistic or friendly song exchange in idyllic settings forms the very heart of Roman pastoral By examining in detail the evolution of a wide variety of literary linguistic stylistic and metrical features the present book focuses on how politics panegyrics elegy heroic and didactic poetry function as guest genres within the pastoral host genre starting from Vergil and continuing with Calpurnius Siculus the Einsiedeln Eclogues and Nemesianus *The Laurel and the Olive* Benjamin Acosta-Hughes, 2024-06-04 A central much studied feature of the poetry of 3rd cent BCE Alexandria is the artistic treatment of the cultural past the reception of earlier Greek poetry and artwork in the artistic creations of a new Greco Egyptian world deracinated both geographically and temporally from the heroes and models of Archaic and Classical Greece Benjamin Acosta Hughes has devoted a 30 year professional scholarly career to the study of this reception one of both imitation and variation which took place concurrently with the massive collection and categorization of earlier Greek literature in the work of the scholars gathered under royal patronage at the Ptolemaic court in Alexandria a truly revolutionary new effort of cultural memorialization The poets of this period among them Callimachus Theocritus Apollonius and Posidippus vied in their efforts to compose works that at once celebrated their poetic heritage and at the same time marked their own poetry as original artistic creation and as critical commentary upon their earlier models This collection will be of interest not only for readers of Archaic and Hellenistic poetry but also for readers interested in the later reception of the Alexandrians at Rome *Aeneid 2* Vergil, 2008-01-20 This book is part of a

series of individual volumes covering Books 1-6 of Vergil's Aeneid. Each book includes an introduction, notes, bibliography, commentary, and glossary and is edited by a Vergil scholar. This is Book Two in the series. **Homer's Allusive Art** Bruno Currie, 2016-10-06. What kind of allusion is possible in a poetry derived from a centuries-long oral tradition and what kind of oral-derived poetry are the Homeric epics? Comparison of Homeric epic with South Slavic heroic song has suggested certain types of answers to these questions, yet the South Slavic paradigm is neither straightforward in itself nor necessarily the only pertinent paradigm. Augustan Latin poetry uses many sophisticated and highly self-conscious techniques of allusion which can this book contends be suggestively paralleled in Homeric epic and some of the same techniques of allusion can be found in Near Eastern poetry of the third and second millennia BC. By attending to these various paradigms this challenging study argues for a new understanding of Homeric allusion and its place in literary history, broaching the question of whether there can have been historical continuity in a poetics of allusion stretching from the Mesopotamian epic of Gilgamesh via the Iliad and Odyssey to the Aeneid and Metamorphoses despite the enormous disparities of time and place and of language and culture including those represented by the cuneiform tablet, the papyrus roll and by an oral performance culture. The fundamental methodological problems are explored through a series of interlocking case studies treating of how the Odyssey conceivably alludes to the Iliad and also to earlier poetry on Odysseus' homecoming, the Iliad to earlier poetry on the Ethiopian hero Memnon, the Homeric Hymn to Demeter to earlier poetry on Hades' abduction of Persephone and early Greek epic to Mesopotamian mythological poetry, pre-eminently the Babylonian epic of Gilgamesh. **Cultivating Peace** Melissa Schoenberger, 2019-05-17. Like Virgil who depicted a farmer's scythe suddenly recast as a sword, the poets discussed here imagine states of peace and war to be fundamentally and materially linked. In distinct ways they dismantle the dream of the golden age, renewed, proposing instead that peace must be sustained by constant labor. **Latin Epic and Didactic Poetry** Monica Gale, 2004-12-31. How is it possible for a poet to find his own individual voice when he is writing in a tradition so venerable and so constrained by convention as Roman epic? How do poets working in related genres, particularly didactic, conceptualize their relationship to the main epic tradition? The eleven essays in this volume, by leading scholars in the field of Roman poetry and its post-Classical receptions, consider some of the strategies which writers from Lucretius onwards have employed in negotiating their relationship with their literary forebears and staking out a place for their own work within a tradition stretching back to Hesiod and Homer. **Aeneid 6** Vergil, 2012-04-01. This is the sixth in the series of books of the Aeneid which include the text in Latin with an introduction and commentary. **The Reform of the Frankish Church** Martin A. Claussen, 2004. Chrodegang of Metz c. 712-766 was a leading figure of the late Merovingian and early Carolingian Church. Born to one of the principal aristocratic families in Austrasia, he served as referendary of Charles Martel and was appointed bishop of Metz in the 740s. As bishop, Chrodegang became one of the foremost churchmen in Francia, chairing councils, founding monasteries and beginning a reform of the lives of the canons of the Metz cathedral. This book is a major study in

the English language on Chrodegang examining his preoccupation with the creation of communities of faith and concord modelled on the early Church It explores his attempts to unite the Frankish episcopacy his rule for the cathedral clergy in Metz the Regula canonicorum and his introduction of new liturgical practices that sought to transform his see into a hagiopolis a holy city which provided a model for later Carolingian reform

Virgil's Eclogues and the Art of Fiction

Raymond Kania, 2016-03-08 Many scholars have seen ancient bucolic poetry as a venue for thinking about texts and textuality This book reassesses Virgil's Eclogues and their genre arguing that they are better read as fiction that is as a work that refers not merely to itself or to other texts but to a world of its own making This makes for a rich work of art and an object of legitimate aesthetic and imaginative engagement Increased attention to the fictionality of Virgilian poetry also complicates and enriches the Eclogues social and political dimensions The book offers new interpretations of poems like Eclogues 5 and 9 which according to traditional allegorical readings concern Julius Caesar and the confiscation of lands under Octavian respectively It shows how the Eclogue world stands in a less stable relation to reality these poems challenge readers at every turn to reimagine the relationship between fiction and the real

Vergil, Philodemus, and the Augustans

David Armstrong, Jeffrey Fish, Patricia A. Johnston, Marilyn B. Skinner, 2010-01-01 The Epicurean teacher and poet Philodemus of Gadara c 110 c 40 35 BC exercised significant literary and philosophical influence on Roman writers of the Augustan Age most notably the poets Vergil and Horace Yet a modern appreciation for Philodemus place in Roman intellectual history has had to wait on the decipherment of the charred remains of Philodemus library which was buried in Herculaneum by the eruption of Vesuvius in 79 AD As improved texts and translations of Philodemus writings have become available since the 1970s scholars have taken a keen interest in his relations with leading Latin poets The essays in this book derived from papers presented at the First International Symposium on Philodemus Vergil and the Augustans held in 2000 offer a new baseline for understanding the effect of Philodemus and Epicureanism on both the thought and poetic practices of Vergil Horace and other Augustan writers Sixteen leading scholars trace his influence on Vergil's early writings the Eclogues and the Georgics and on the Aeneid as well as on the writings of Horace and others The volume editors also provide a substantial introduction to Philodemus philosophical ideas for all classicists seeking a fuller understanding of this pivotal figure

Vergil's Eclogues Katharina Volk, 2008-08-21 This volume together with its companion on the Georgics and the previously published volume on the Aeneid completes the coverage of Vergil's poetry in Oxford Readings in Classical Studies It collects ten classic papers on the Eclogues written between 1970 and 1999 by leading scholars from several different countries The contributions are representative of recent developments in Vergilian scholarship with some discussing general issues raised by the work and others treating important individual poems and passages The editor's introduction places the essays in their context A conspectus of contemporary Eclogues criticism the book will be helpful to students who are encountering the poems for the first time all Latin has been translated and will also serve as a reference work for more
