**Selected Readings from its Original Early Arabic Language** Saad D. Abulhab, 2016-10-27 The pioneering work presented in this book introduces the earliest known literary and mythology work in the world the Epic of Gilgamesh in its actual language early Classical Arabic It provides a more accurate translation and understanding of the important story of the flood one of the key stories of the monotheistic religions In this book the author a known Arabic type designer and an independent scholar of Nabataean Musnad and early Arabic scripts was able to decipher the actual meanings and pronunciations of several important names of ancient Mesopotamian gods persons cities mountains and other entities He was able to uncover the evolution path of the concept of god and the background themes behind the rise of the monotheistic

religions Utilizing a generous text sample from the Akkadian and Sumerian languages this book is an excellent reference textbook for scholars and students of Arabic and Assyriology who are interested in translating these ancient languages through both the historical Arabic etymological references and the deciphering tools of Assyriology To illustrate his breakthrough Arabic based deciphering methodology the author used a sample text consisting of more than 900 lines from three tablets of the Standard and Old Babylonian editions of the Epic of Gilgamesh By digging out the actual language of the epic he was not only able to resurrect the actual word soundings and linguistic literary style of its original text but also to provide more accurate and coherent translations Following his three years of research he was able to demonstrate through undisputed linguistic evidence that the epic was in fact written in a beautiful powerful early Classical Arabic language And the so called Sumerian and Akkadian languages that the epic was recorded with which we are told today are unrelated languages were in fact one evolving early Arabic language written with one evolving writing system passing through two major time periods Although this book is primarily written as a reference textbook for scholars it is equally suitable for anyone interested in reading the translation of the Epic of Gilgamesh a fascinating Mesopotamian Arab mythology work documenting eloquently some of the most important and lasting ancient myths invented by humankind The Gilgamesh Epic in Genesis 1-11 Adam E. Miglio, 2023-02-10 This book provides a substantive reliable and accessible comparison of the Gilgamesh Epic and Genesis 1 11 investigating their presentation of humanistic themes such as wisdom power and the good life While the Gilgamesh Epic and Genesis 1 11 are characterized by historical and cultural features that may seem unusual or challenging to modern readers such as the intervention of gods and goddesses and talking animals these ancient literary masterpieces are nonetheless familiar and relatable stories through their humanistic composition This volume explores the presentation of humanistic themes and motifs throughout both stories Significant passages and narratives such as stories from the Garden of Eden and the Flood are translated into English and accompanied by comprehensive discussions that compare and contrast shared ideas in both compositions Written in a lucid and concise fashion this book offers new insights into the Gilgamesh Epic and Genesis 1 11 in an accessible way The Gilgamesh Epic in Genesis 1 11 Peering into the Deep is suitable for students and scholars of ancient Near Eastern literature with broad appeal across religious studies ancient history and world literature **Democracy and Empire** Alexander O. Boulton, 2021-10-07 Athens decision to invade Sicily in 415 BCE marked an important turning point in its war with Sparta which led ultimately to Athens defeat and the collapse of its empire This is the story of the men who persuaded the Athenians to make war against Sicily and who led the great armada against the island in middle of the Mediterranean The Athenian and Spartan leaders in the war between Athens and Sparta take center stage in this story But their story cannot be told apart from the political and social structures along with the religious practices and the roles of women foreigners and slaves in Athens during the great intellectual awakening of Athens in the fifth century BCE Underlying all of this is the story of the complex relationship between Athens democracy and

its empire It is a story that has important lessons for the world today      God and His Coexistent Relations to the Universe: George D. Shollenberger,2014-01-30 In the book God and His Coexistent Relations to the Universe the author is rejecting the universe that Judaism Christianity Islam Isaac Newton and Albert Einstein have accepted for a long period To replace this old universe an improved universe appeared from the thoughts of Confucius Anaxagoras Plato and Jesus who taught the death of our sun in Ch 24 of Matthew Unfortunately this teaching by Jesus was quieted for fifteen centuries by Irenaeus until Copernicus stood up and said that earth is not the center of the universe So an improved universe was becoming very interesting to many scientists This improved universe of Copernicus would expand when Kepler found that our sun has a system of eight precise planets Slowly the improved universe would become very clear when Leibniz found the immortal human souls and when Galileo found the bodies are made by these immortal souls In 1766 Ben Franklin went to Germany in order to learn the immortal souls of Leibniz In the next ten years Americans would separate America from England which still accepts the old universe After this separation more discoveries would come to the USA from German and Chinese thoughts For example Riemann would tell the world that the relationships of bodies in the universe can be determined only by our senses and measurements With Riemann's statement the author concluded that God is always active The author also found that God and the bodies in the universe come together with co existent concepts With these advances the author rejects the old universe and says that the people of many nations will form a new religion under an active God      *Star Wars and Philosophy* Kevin S. Decker,Jason T. Eberl,2005 A collection of essays that address the philosophical questions associated with the Star Wars films      **Finding Answers History! Religion! Science!** Pauline Schiappa,2018-04-28 A mysterious and tremendous thing comes to reveal itself in the course of the lifetime of an earthly human So mysteriously confronted by it the earthly human becomes awed by this compelling human attribute The earthly human becomes so enraptured by it that he begins to consider it as a quality that defines and explains his human nature The earthly human desires to know the earthly human desires to understand that which his physical body sense experiences of earthly reality The earthly human holds so much psychological and intellectual desire toward knowing it that he gives it a name truth How does the earthly human discover truth      *A New and Modern Holy Bible with the Intelligent Design of An Active God* George D. Shollenberger,2012-06 THE GENERAL PURPOSE OF THIS BOOK The general purpose of this book is to build the minds of all Little Gods who were created by God who also created the universe About 4 4 million years ago Little Gods appeared on planet earth Today billions of Little Gods exist and have developed their minds after they found that God and the universe have no end However the minds of all Little Gods did not develop until counting tokens appeared about 9 000 years ago Then 5000 years later the Little Gods added symbols to these tokens These symbols were used in early texts and later in national languages religious scriptures scientific books newspapers etc For the last 4000 years many religious leaders were saying that the symbols in scriptures are sacred and are inspired by God In 2006 I found that God is infinite and unlimited Six years

later I found that symbols are finite and limited These findings prove that scriptures cannot be sacred I confirmed these findings with new research on Greek writings and the teachings of Jesus in the New Testament In time I expect all Little Gods to worship the same God The purpose of my book is thus to bring all Little Gods together under one God      *Civilization Past and Present* Thomas Walter Wallbank,1996 The book was the first text to treat the development and growth of world civilization as a global experience not just a European one Including all elements of history social economic political religious aesthetic legal and technological the text shows how all the great cultures have interacted to produce the present day world
