Monetary and Capital Markets Department, 2023-12-08 The financial sector has remained resilient to a series of shocks and is well capitalized and profitable but risks remain Bank profitability and capital have surpassed pre pandemic levels Liquidity buffers remain strong and banks direct exposures to Russia are limited The insurance and investment funds sectors have also weathered the pandemic well There is limited evidence of credit or asset price booms over the past decade However inflationary pressures partly the result of spillovers from Russia s war on Ukraine and a rapid tightening of financial conditions have weakened activity and reined in credit demand Among high uncertainty GDP growth is projected to slow in 2023 before returning to potential over the medium term CJEU - Recent Developments in Direct Taxation 2022 Georg Kofler, Michael Lang, Pasquale Pistone, Alexander Rust, Josef Schuch, Karoline Spies, Claus Staringer, Rita Szudoczky, 2024-02-19 CJEU The most important cases in the field of direct taxation A great number of cases pending before the European Court of Justice CJEU concern the fundamental freedoms and state aid in respect of direct taxation In particular the number of infringement procedures brought before the CJEU by the European Commission has been increasing year on year The CJEU is a driving force in the field of direct tax harmonization All judgments and pending cases therefore have to be carefully analysed by academics as well as practitioners This book discusses the most important cases in the field of direct taxation pending before or recently decided by the CJEU Moreover the national background of these cases is discussed and possible infringements of the fundamental freedoms and state aid rules are analysed The analyses are presented by esteemed national and European tax law experts The authors focus on the preliminary questions submitted to the CJEU by the national courts and the CJEU case law which could be of relevance for driving future judgments This book goes to the heart of the national tax systems exposing hidden obstacles to the fundamental freedoms Guide to Tax Rulings in Belgium René Willems, 2012 Belgium is a leading business centre due to its geographical location at the heart of Europe its multicultural population and its history Multinational corporations MNCs both foreign and home grown constitute

the engine of Belgium's economy making Belgium one of the most globalized countries in the world. With its large number of foreign investors, Belgium's tax legislators are aware of the importance of upfront legal certainty and for this reason the legal framework for a general formal rulings system was introduced as from 2003. Guide to Tax Rulings in Belgium provides a unique insight into the Belgian tax structure and its world class tax rulings system. The book begins with a high level overview of the main tax issues that investors might face and a description of the Belgian tax rulings system. From a business perspective, the book sets out how tax rulings can support investors in establishing, operating or changing their business infrastructure in Belgium.

The European Company Law Action Plan Revisited Koen Geens, Klaus J. Hopt, 2010. The harmonization of company law has always been on the agenda of the European Union. Besides the protection of third parties affected by business transactions, the founders had two other objectives: first promoting freedom of establishment and second preventing the abuse of such freedom. The European Commission issued its Company Law Action Plan in 2003. In this volume, researchers of the Jan Ronse Institute for Company Law of the Katholieke Universiteit Leuven present five chapters on the main priorities of the Action Plan: capital and creditor protection, corporate governance, one share one vote, financial reporting and corporate mobility. The book also includes responses and ensuing discussions by reputed European company law experts.
