Schultz, 2012-11-13 The metaphor of the monster or predator usually a sexual predator drug dealer in areas frequented by children or psychopathic murderer is a powerful framing device in public discourse about how the criminal justice system should respond to serious violent crimes The cultural history of the monster reveals significant features of the metaphor that raise questions about the extent to which justice can be achieved in both the punishment of what are regarded as monstrous crimes and the treatment of those who commit such crimes This book is the first to address the connections between the history of the monster metaphor the 19th century idea of the criminal as monster and the 20th century conception of the psychopath the new monster The book addresses in particular the ways in which the metaphor is used to scapegoat certain categories of crimes and criminals for anxieties about our own potential for deviant and indeed dangerous interests These interests have long been found to be associated with the fascination people have for monsters in most cultures including the West The book outlines an alternative public health approach to sex offending and crime in general that can incorporate what we know about illness prevention while protecting the rights and humanity of offenders The book concludes with an analysis of the role of forensic psychiatrists and psychologists in representing criminal defendants as psychopaths or persons with certain personality disorders As psychiatry and psychology have transformed bad behavior into mad behavior these institutions have taken on the legal role of helping to sort out the most dangerous among us for preventive treatment rather than carceral punishment      *Fake Saint of the Year: You Wanted the Perfect Saint? Blank, Lynne S. McNeill, 2018-09-21 The essays in this volume explore the menacing figure of Slender Man the blank faced long limbed bogeyman born of a 2009 Photoshop contest who has appeared in countless horror stories circulated on and offline among children and young people Slender Man is arguably the best known example in circulation of creepypasta a genre derived from copypasta which in turn derived from the phrase copy paste As narrative texts are copied across online forums they undergo modification annotation and reinterpretation by new posters in a folkloric process of repetition and variation Though by definition legends deal largely with belief and possibility the crowdsourced mythos behind creepypasta and Slender Man suggests a distinct awareness of fabrication Slender Man is therefore a new kind of creation one intentionally created as a fiction but with the look and feel of legend Slender Man Is Coming offers an unprecedented folkloristic take on Slender Man analyzing him within the framework of contemporary legend studies creepypastas folk belief and children's culture This first folkloric examination of the phenomenon of Slender Man is a must read for anyone interested in folklore horror urban legends new media or digital cultures Contributors Timothy H Evans Andrea Kitta Mikel J Koven Paul Manning Andrew Peck Jeffrey A Tolbert Elizabeth Tucker **Erased** Anna Malaika Tubbs, 2025-05-20 INSTANT NEW YORK TIMES BESTSELLER USA TODAY NATIONAL BESTSELLER AN AMAZON BEST BOOK OF THE YEAR SO FAR 2025 The new book from the New York Times bestselling author of The Three Mothers In Erased Anna Malaika Tubbs recovers all that American patriarchy has tried to destroy Patriarchy has oppressed women and denied their contributions worldwide but the United States of America has its own unique gendered hierarchy Dr Anna Malaika Tubbs applies her signature blend of approachable yet rigorous analysis in this definitive and groundbreaking history of American patriarchy She proves that humanity in the United States is determined by gender in a limited and flawed binary that is also always tied to whiteness Tubbs shows how a fabricated hierarchy became so deeply ingrained over time that it now goes unnoticed along with everything it intentionally conceals From the founding fathers to the current Supreme Court justices from the treatment of enslaved women to the American maternal health crises

from the exclusion of women in the Constitution to the continued lack of an Equal Rights Amendment Tubbs brings together academic research the stories of freedom fighters both past and present and her own experiences to reveal what is erased in the wake of American patriarchy The system has survived by hiding the tools that are necessary to dismantle it But Tubbs beautifully reminds us that those tools including our intuition courage ancient wisdom and power are still well within our reach Erased is the story of the United States from a new perspective one where the people who shaped this country who have been oppressed and whose contributions have been denied are at the center reminding us that we can restore what has been strategically kept from us Once again Dr Anna Malaika Tubbs has written a book that will be a touchstone for conversations on gender race and equity for years to come      **Undaunted (Inhuman, Book 2)** Kat Falls,2019-03-26 The Inhuman series comes to an exciting close in this breathless genre bending adventure by acclaimed author Kat Falls First love is the most dangerous game in this fast paced conclusion to the Inhuman series perfect for fans of Marie Lu Veronica Roth and Sarah J Maas Lane McEvoy barely survived her first journey to the Feral Zone the forbidden overgrown landscape east of the Mississippi River that was abandoned when a virus spread through the United States But Lane has crossed the quarantine line and she knows the truth There are survivors in the zone people who have gone feral whose bodies have warped and evolved to display a variety of animal traits Six months after the events of Inhuman Lane ventures back into the Feral Zone on a humanitarian aid mission But she also has a darker secret purpose The one she loves Rafe has become more beast than man and she promised to put him down if he ever goes feral Now Lane fears the time has come to carry out her vow      Inhuman Kat Falls,2013-09-24 Beauty versus beasts In the wake of a devastating biological disaster the United States east of the Mississippi River has been abandoned Now called the Feral Zone a reference to the virus that turned millions of people into bloodthirsty savages the entire area is off limits The punishment for violating the border is death Lane McEvoy can't imagine why anyone would risk it She's grown up in the shadow of the great wall separating east from west and she's curious about what's on the other side but not that curious Life in the west is safe comfortable sanitized Which is just how she likes it But Lane gets the shock of her life when she learns that someone close to her has crossed into the Feral Zone And she has little choice but to follow Lane travels east risking life and limb and her very DNA completely unprepared for what she finds in the ruins of civilization and afraid to learn whether her humanity will prove her greatest strength or a fatal weakness      **Fable City** S.
