Religion And Society In Frontier California:

Religion and Society in Frontier California Laurie F. Maffly-Kipp, Laurie R Maffly-Kipp, 1994-01-01 The chaotic and reputedly immoral behaviour of the miners who made up the gold rush to the Californian frontier greatly worried the evangelical protestants from the Northeast They sent missionaries to spread the word and transplant their beliefs This book is the story of that enterprise

Religion and Society in Frontier California Laurie F Maffly-Kipp, 2013-10 The chaotic and reputedly immoral society of the California mining frontier during the gold rush period greatly worried Protestant evangelicals from the Northeast and they soon sent missionaries westward to transplant their religious institutions beliefs and practices in the area This book tells the story of that enterprise showing how it developed why it failed and what patterns of religious adherence evolved in the West in place of evangelical Protestantism Laurie Maffly Kipp begins by analyzing the eastern based religious ideology that underlay the movement westward and by investigating the motives behind the founding of home mission boards dedicated to the spread of Christianity and civility among new settlers Drawing on the diaries letters and journals of hundreds of California argonauts Maffly Kipp describes those missionaries and their wives sent to California after 1848 and the virtually all male mining society that resisted the missionaries notions of moral order and in turn created new religious beliefs and practices Maffly Kipp argues that despite its alleged immorality the California gold rush was actually one of the most morally significant events of the nineteenth century for it challenged and brought into conflict the cherished values of antebellum American culture a commitment to spiritual and social progress a concern with self discipline moral character and proper gender roles and a thirst for wealth fostered by the spirit of free enterprise

Religions and Missionaries around the Pacific, 1500-1900 Tanya Storch, 2017-05-15 This volume takes an interdisciplinary approach to the study of religious cultural exchanges around the Pacific in the period 1500 1900 relating these to economic and political developments and to the expansion of communication across the area It brings together twenty two pieces from diaries of religious exiles and missionary field observations to studies from a variety of academic disciplines so enabling a multitude of voices to be heard The articles are grouped in sections dealing with the Islamic period the Iberian Catholic period the Jewish diaspora the Russian Orthodox church the epoch of Protestant culture and finally Asian immigrant religions in the West a substantial introduction contextualizes these chapters in terms of both historical and contemporary approaches

synthesize the best and most provocative work in the field and provide a comprehensive overview of themes and historiography Covers the culture politics and environment of the American West through periods of migration settlement and modernization Discusses Native Americans and their conflicts and integration with American settlers **Many Wests** David M. Wrobel, Michael C. Steiner, 1997 What does it mean to live in the West today Do people tend to identify with states with regions or with the larger West This book examines the development of regional identity in the American West demonstrating that it is a regionally diverse entity made up of many different wests Great Plains Southwest Rocky Mountains and more in which American regionalism finds its fullest expression These fourteen original essays tell how a sense of place emerged among residents of various regions and how a sense of those places was developed by people outside of them Wrobel and Steiner first offer a compelling overview of the West s regional nature then thirteen other rising or renowned scholars from history American Studies geography and literature tell how regional consciousness formed among inhabitants of particular regions All of the essays address the larger issue of the centrality of place in determining social and cultural forms and individual and collective identities Some focus on race and culture as the primary influences on regional consciousness while others emphasize environmental and economic factors or the influence of literature Some even examine western regionalism in areas that lie beyond the West as it has traditionally been conceived Each of the contributors believes that where a people live helps determine what they are and they write not only about the many wests within the larger West but also about the constant state of flux in which regionalism exists Many books speak of the West as a place but few others deal with the West s different places Many Wests presents a vision of the West that reflects both the common heritage and unique character of each major subregion building on the revisionist impulse of the last decade to help redirect New Western History toward an appreciation of regional diversity and integrate scholarship in the regional subfields It is a book for everyone who lives in studies or loves the West for it confirms that it is home to very different peoples economies histories and regions *Jolly Fellows* Richard Stott, 2009-08-24 Stott finds that male behavior could be strikingly similar in diverse locales from taverns and boardinghouses to college campuses and sporting events He explores the permissive attitudes that thrived in such male domains as the streets of New York City California during the gold rush and the Pennsylvania oil fields arguing that such places had an important influence on American society and culture Stott recounts how the cattle and mining towns of the American West emerged as centers of resistance to Victorian propriety It was here that unrestrained male behavior lasted the longest before being replaced with a new convention that equated manliness with sobriety and self control **Strangers and Pilgrims** Catherine A. Brekus, 2000-11-09 Margaret Meuse Clay who barely escaped a public whipping in the 1760s for preaching without a license Old Elizabeth an ex slave who courageously traveled to the South to preach against slavery in the early nineteenth century Harriet Livermore who spoke in front of Congress four times between 1827 and 1844 these are just a few of the extraordinary women profiled in this the first comprehensive history of female

preaching in early America Drawing on a wide range of sources Catherine Brekus examines the lives of more than a hundred female preachers both white and African American who crisscrossed the country between 1740 and 1845 Outspoken visionary and sometimes contentious these women stepped into the pulpit long before twentieth century battles over female ordination began They were charismatic popular preachers who spoke to hundreds and even thousands of people at camp and revival meetings and yet with but a few notable exceptions such as Sojourner Truth these women have essentially vanished from our history Recovering their stories Brekus shows forces us to rethink many of our common assumptions about eighteenth and nineteenth century American culture

White Roses on the Floor of Heaven Susanna Morrill,2006 First Published in 2006 Routledge is an imprint of Taylor Francis an informa company **A Path in the Mighty Waters** Stephen Russell Berry,2015-01-01 This book tells the story of how people experienced the eighteenth century crossing of the Atlantic Ocean exploring the transformative journey undertaken by the thousands of Europeans who journeyed in search of a better life Stephen Berry shows how the ships on which passengers were contained in close quarters for months at a time operated as compressed frontiers where diverse groups encountered one another and established new patterns of social organization As he argues that experiences aboardship served as a profound conversion experience for travelers both spiritually and culturally Berry reframes the history of Atlantic migrations giving the ocean and the ship a more prominent role in Atlantic history The ocean was more than a backdrop for human events it actively shaped historical experiences by furnishing a dissociative break from normal patterns of life and a formative stage in travelers processes of collective identification **A**
