Ancient Egyptian and Persian beliefs to modern Christianity and Islam **The Problem of Immortality** Radoslav Andrea Tsanoff, 1924 Rational Religion and Morals: Presenting Analysis of the Functions of Mind, Under the Operations and Directions of Reason Thomas J. Vaiden, 1852 *Rational Religion and Morals* Thomas J. Vaiden, 1852 *Philosophy of Religion* Beverley Clack, Brian R. Clack, 2014-03-10

The first publication of Beverley Clack and Brian R Clack's exciting and innovative introduction to the philosophy of religion has been of enormous value to students as well as providing a bold and refreshing alternative to the standard analytic approaches to the subject. This second edition retains the accessibility which made it popular for both teachers and students while furthering its distinctive argument that emphasises the human dimension of religion. The text has been fully revised and updated. The traditional emphasis on the arguments for the existence of God is reflected in a newly extended and reworked investigation into natural theology. Recent developments in the subject are also reflected in updated chapters and in a move that highlights the originality of the authors' approach. They offer a critical engagement with current world events. An entirely new concluding chapter interrogates the connection between religion and terror and demonstrates how philosophy of religion might be conducted under the terrible shadow of 9/11. This new edition of *The Philosophy of Religion* will continue to be essential reading for all students and practitioners of the subject.

Biblical Religion and Family Values Jay Newman, 2001-08-30

In this broad philosophical examination of the relationship between religion and the family, Jay Newman delves into issues concerning Biblical religion, culture, sociology, and family values. He maintains that recent media debates about the Bible and family values have obscured the complex relationship between the family and religion. Focusing on how the family values that the Biblical literature imparts might be relevant or irrelevant to family problems and other cultural problems in a modern Western democracy, this study contributes to the understanding of basic cultural relations between religion and the family. After reflecting on the effects of much Biblical teaching on the family, the book proceeds to explore the cultural and existential significance of competition and cooperation between Biblical religion and the family.
