

RELIGION IN AMERICA

SINCE 1945: **A HISTORY**

PATRICK ALLITT

Religion In America Since 1945

Bryan Le Beau

Religion In America Since 1945:

Religion in America Since 1945 Patrick Allitt, 2005 *A History of Religion in America* Bryan Le Beau, 2017-09-18 A History of Religion in America From the End of the Civil War to the Twenty First Century provides comprehensive coverage of the history of religion in America from the end of the American Civil War to religion in post 9 11 America The volume explores major religious groups in the United States and examines the following topics The aftermath of the American Civil War Immigration s impact on American religion The rise of the social gospel The fundamentalist response Religion in Cold War America The 60 s counterculture and the backlash Religion in Post 9 11 America Chronologically arranged and integrating various religious developments into a coherent historical narrative this book also contains useful chapter summaries and review questions Designed for undergraduate religious studies and history students A History of Religion in America provides a substantive and comprehensive introduction to the complexity of religion in American history **The Columbia Documentary History of Religion in America Since 1945** Paul Harvey, Philip Goff, 2007-04-23 This unique documentary history brings together manifestos Supreme Court decisions congressional testimonies speeches articles book excerpts pastoral letters interviews song lyrics memoirs and poems reflecting the vitality diversity and changing nature of religious belief and practice in America since 1945 Covering both the center and the margins of American religious life these documents reflect the role of religion and theology in the civil rights feminist and gay rights movements as well as in the conservative responses to these Issues regarding religion and contemporary American culture are explored in documents about the rise of the evangelical movement and the religious right the impact of new post 1965 immigrant communities on the religious landscape the popularity of alternative New Age and non Western beliefs and the relationship between religion and popular culture The editors conclude with selections exploring major themes of American religious life at the millennium as well as excerpts that speculate on the future of religion in the United States *America's Religions* Peter W. Williams, 2008 A panoramic introduction to religion in America newly revised and updated **Rhetorics of Religion in American Fiction** Liliana M. Naydan, 2016-05-23 Rhetorics of Religion in American Fiction considers the way in which contemporary American authors address the subject of belief in the post 9 11 Age of Terror Naydan suggests that after 9 11 fiction by Mohsin Hamid Laila Halaby Philip Roth Don DeLillo John Updike and Barbara Kingsolver dramatizes and works to resolve impasses that exist between believers of different kinds at the extremes These impasses emerge out of the religious paradox that shapes America as simultaneously theocratic and secular and they exist for instance between liberals and fundamentalists between liberals and certain evangelicals between fundamentalists and artists and between fundamentalists of different varieties Ultimately Naydan argues that these authors function as literary theologians of sorts and forge a relevant space beyond or between extremes They fashion faith or lack thereof as hybridized and hence as a negotiation among secularism atheism faith fundamentalism and fanaticism In so doing they invite their readers into contemplations of

religious difference and new ways of memorializing 9 11

The Blackwell Companion to Religion in America Philip

Goff,2010-03-25 This authoritative and cutting edge companion brings together a team of leading scholars to document the rich diversity and unique viewpoints that have formed the religious history of the United States A groundbreaking new volume which represents the first sustained effort to fully explain the development of American religious history and its creation within evolving political and social frameworks Spans a wide range of traditions and movements from the Baptists and Methodists to Buddhists and Mormons Explores topics ranging from religion and the media immigration and piety though to politics and social reform Considers how American religion has influenced and been interpreted in literature and popular culture Provides insights into the historiography of religion but presents the subject as a story in motion rather than a snapshot of where the field is at a given moment

Religion in America Timothy L. Hall,2007 Presents an overview of the

history of religion in America and includes excerpts from primary source documents short biographies of influential people and more

Encyclopedia of Christianity in the United States George Thomas Kurian,Mark A. Lamport,2016-11-10 From the Founding Fathers through the present Christianity has exercised powerful influence in the United States from its role in shaping politics and social institutions to its hand in inspiring art and culture The Encyclopedia of Christianity in the United States outlines the myriad roles Christianity has played and continues to play This masterful five volume reference work includes biographies of major figures in the Christian church in the United States influential religious documents and Supreme Court decisions and information on theology and theologians denominations faith based organizations immigration art from decorative arts and film to music and literature evangelism and crusades the significant role of women racial issues civil religion and more The first volume opens with introductory essays that provide snapshots of Christianity in the U S from pre colonial times to the present as well as a statistical profile and a timeline of key dates and events Entries are organized from A to Z The final volume closes with essays exploring impressions of Christianity in the United States from other faiths and other parts of the world as well as a select yet comprehensive bibliography Appendices help readers locate entries by thematic section and author and a comprehensive index further aids navigation

Religious Freedom in America Michael

C. LeMay,2018-01-12 This book provides the answers to controversial questions about religious liberties in the United States and connected issues through balanced thorough and nonjudgmental coverage of the issues in a reference format The subject of religious freedom is important to all American citizens regardless of religious affiliation or ethnicity Are the rights of religious individuals being eroded or is religion being unfairly used to deny basic secular rights to individuals How will religious institutions adapt to changes in legislation that have an impact on how they operate Does the Supreme Court have the right to enforce these changes Finally how can the precarious separation of church and state be maintained while simultaneously respecting both institutions This single volume work provides an introduction that addresses the historical background of religious freedom in America accurately explains the latest legal developments in religious freedom in the

United States and presents an unbiased account of the probable impact of the new Freedom of Religion laws in the continuing culture war Readers will gain insight into key controversies such as prayer in public schools creationism versus evolution abortion religious objections to medical care religious displays in public places same sex marriage and LGBT rights and state and federal religious freedom acts The book also includes perspective essays by outside contributors a selection of useful primary documents a listing of print and nonprint resources a chronology and a glossary of terms American Religious History Gary Scott Smith, 2020-12-07 A mix of thematic essays reference entries and primary source documents covering the role of religion in American history and life from the colonial era to the present Often controversial religion has been an important force in shaping American culture Religious convictions strongly influenced colonial and state governments as well as the United States as a new republic Religious teachings values and practices deeply affected political structures and policies economic ideology and practice educational institutions and instruction social norms and customs marriage and family life By analyzing religion s interaction with American culture and prominent religious leaders and ideologies this reference helps readers to better understand many fascinating often controversial religious leaders ideas events and topics The work is organized in three volumes devoted to particular periods Volume one includes a chronology highlighting key events related to religion in American history and an introduction that overviews religion in America during the period covered by the volume and roughly 10 essays that explore significant themes These essays are followed by approximately 120 alphabetically arranged reference entries providing objective fundamental information about topics related to religion in America Each volume presents nearly 50 primary source documents each introduced by a contextualizing headnote A selected general bibliography closes volume three **Evangelicalism** Richard Kyle, 2011-12-31 Most forms of religion are best understood in the context of their relationship with the surrounding culture This may be particularly true in the United States Certainly immigrant Catholicism became Americanized mainstream Protestantism accommodated itself to the modern world and Reform Judaism is at home in American society In *Evangelicalism* Richard Kyle explores paradoxical adjustments and transformations in the relationship between conservative Protestant Evangelicalism and contemporary American culture Evangelicals have resisted many aspects of the modern world but Kyle focuses on what he considers their romance with popular culture Kyle sees this as an Americanized Christianity rather than a Christian America but the two are so intertwined that it is difficult to discern the difference between them Instead in what has become a vicious self serving cycle Evangelicals have baptized and sanctified secular culture in order to be considered culturally relevant thus increasing their numbers and success within abundantly populous and populist driven American society In doing so Evangelicalism has become a middle class movement one that dominates America s culture and unabashedly populist Many Evangelicals view America as God s chosen nation thus sanctifying American culture consumerism and middle class values Kyle believes Evangelicals have served themselves well in consciously and deliberately adjusting their faith to

popular culture Yet he also thinks Evangelicals may have compromised themselves and their future in the process so heavily borrowing from the popular culture that in many respects the Evangelical subculture has become secularism with a light gilding of Christianity If so he asks can Evangelicalism survive its own popularity and reaffirm its religious origins or will it assimilate and be absorbed into what was once known as the Great American Melting Pot of religions and cultures Will the Gospel of the American dream ultimately engulf and destroy the Gospel of Evangelical success in America This thoughtful and thought provoking volume will interest anyone concerned with the modern day success of the Evangelical movement in America and the aspirations and fate of its faithful

Introducing American Religion Charles H. Lippy, 2009

Sword of the Spirit, Shield of Faith Andrew Preston, 2012-02-28 A first major work of history on a crucial but under examined topic Sword of the Spirit Shield of Faith explores the role of religion in American foreign policy From the first colonists to the presidents of the 21st Century Andrew Preston's unparalleled study shows us how religion has always shaped America's relationships with other nations and what to expect in the future During the presidency of George W Bush many Americans and others around the world viewed the entrance of religion into foreign policy discourse especially with regard to the wars in Iraq and Afghanistan as a new development But despite the official division between church and state the presence of religion in American foreign policy has been a constant since before the Founding Fathers Yet aside from leaders known to be personally religious such as Bush Jimmy Carter and Woodrow Wilson few realize how central faith has always been to American governance and diplomacy and indeed to the idea of America itself In Sword of the Spirit Shield of Faith Andrew Preston starts at the beginning and with revelatory findings shows us how and why

Tourism, Religion and Spiritual Journeys Dallen Timothy, Daniel Olsen, 2006-09-27 Religion and spirituality are still among the most common motivations for travel many major tourism destinations have developed largely as a result of their connections to sacred people places and events Providing a comprehensive assessment of the primary issues and concepts related to this intersection of tourism and religion this revealing book gives a balanced discussion of both the theoretical and applied subjects that destination planners religious organizations scholars and tourism service providers must deal with on a daily basis Bringing together a distinguished list of contributors this volume takes a global approach and incorporates substantial empirical cases from Hinduism Islam Judaism Roman Catholicism Mormonism New Ageism Sikhism Buddhism and the spiritual philosophies of East Asia On a conceptual level it considers amongst other topics contested heritage the pilgrim tourist dichotomy secularization of pilgrimage experiences religious humanism educational aspects of religious tourism commodification of religious icons and services A vibrant collection of essays this outstanding book discusses many important practices paradigms and problems that are currently being examined and debated It raises an array of significant and interesting questions and as such is a valuable resource for students scholars and researchers of tourism religion and cultural studies

American Evangelicals and the 1960s Axel R. Schäfer, 2013-08-23 In the late 1970s the New Christian Right emerged

as a formidable political force boldly announcing itself as a unified movement representing the views of a moral majority But that movement did not spring fully formed from its predecessors American Evangelicals and the 1960s refutes the thesis that evangelical politics were a purely inflammatory backlash against the cultural and political upheaval of the decade Bringing together fresh research and innovative interpretations this book demonstrates that evangelicals actually participated in broader American developments during the long 1960s that the evangelical constituency was more diverse than often noted and that the notion of right wing evangelical politics as a backlash was a later creation serving the interests of both Republican conservative alliances and their critics Evangelicalism's involvement with rather than its reaction against the main social movements public policy initiatives and cultural transformations of the 1960s proved significant in its 1970s political ascendance Twelve essays that range thematically from the oil industry to prison ministry and from American counterculture to the Second Vatican Council depict modern evangelicalism both as a religious movement with its own internal dynamics and as one fully integrated into general American history

The Columbia Guide to Religion in American History Paul Harvey, Edward Blum, 2012-02-14 The first guide to American religious history from colonial times to the present this anthology features twenty two leading scholars speaking on major themes and topics in the development of the diverse religious traditions of the United States These include the growth and spread of evangelical culture the mutual influence of religion and politics the rise of fundamentalism the role of gender and popular culture and the problems and possibilities of pluralism Geared toward general readers students researchers and scholars The Columbia Guide to Religion in American History provides concise yet broad surveys of specific fields with an extensive glossary and bibliographies listing relevant books films articles music and media resources for navigating different streams of religious thought and culture The collection opens with a thematic exploration of American religious history and culture and follows with twenty topical chapters each of which illuminates the dominant questions and lines of inquiry that have determined scholarship within that chapter's chosen theme Contributors also outline areas in need of further more sophisticated study and identify critical resources for additional research The glossary American Religious History A Z lists crucial people movements groups concepts and historical events enhanced by extensive statistical data

The Sterilization Movement and Global Fertility in the Twentieth Century Ian Robert Dowbiggin, 2008 Many would be surprised to learn that the preferred method of birth control in the United States today is actually surgical sterilization This book takes an historical look at the sterilization movement in post World War II America a revolution in modern contraceptive behavior Focusing on leaders of the sterilization movement from the 1930s through the turn of the century this book explores the historic linkages between environment civil liberties eugenics population control sex education marriage counseling and birth control movements in the 20th century United States Sterilization has been variously advocated as a medical procedure for defusing the population bomb expanding individual rights liberating women from the fear of pregnancy strengthening marriage improving the quality

of life of the mentally disabled or reducing the incidence of hereditary disorders From an historical standpoint support for free and unfettered access to sterilization services has aroused opposition in some circles and was considered a liberal cause in post World War II America This story demonstrates how a small group of reformers helped to alter traditional notions of gender and sexuality

Faith and War David E. Settje, 2011 Throughout American history Christianity has shaped public opinion guided leaders in their decision making and stood at the center of countless issues To gain complete knowledge of an era historians must investigate the religious context of what transpired why it happened and how Yet too little is known about American Christianity's foreign policy opinions during the Cold and Vietnam Wars To gain a deeper understanding of this period 1964-75 David E Settje explores the diversity of American Christian responses to the Cold and Vietnam Wars to determine how Americans engaged in debates about foreign policy based on their theological convictions Settje uncovers how specific Christian theologies and histories influenced American religious responses to international affairs which varied considerably Scrutinizing such sources as the evangelical Christianity Today the mainline Protestant Christian Century a sampling of Catholic periodicals the African Methodist Episcopal Church the Southern Baptist Convention and the United Church of Christ Faith and War explores these entities commingling of religion politics and foreign policy illuminating the roles that Christianity attempted to play in both reflecting and shaping American foreign policy opinions during a decade in which global matters affected Americans daily and profoundly

American Tabloid Media and the Satanic Panic, 1970-2000 Sarah A. Hughes, 2021-10-27 This book examines the satanic panic of the 1980s as an essential part of the growing relationship between tabloid media and American conservative politics in the 1980s It argues that widespread fears of Satanism in a range of cultural institutions was indispensable to the development and success of both infotainment or tabloid content on television and the rise of the New Right a conservative political movement that was heavily guided by a growing coalition of influential televangelists or evangelical preachers on television It takes as its particular focus the hundreds of accusations that devil worshippers were operating America's white middle class suburban daycare centers Dozens of communities around the country became embroiled in trials against center owners the most publicized of which was the McMartin Preschool trial in Manhattan Beach California It remains the longest and most expensive criminal trial in the nation's history

Christian Theological Tradition Catherine Cory, Michael Hollerich, 2015-08-13 This text helps students acquire a basic theological literacy in key persons and events of the Bible and the Christian faith and in Christianity's encounter with culture at large Historically arranged it also addresses five major themes of systematic theology revelation God creation Jesus and church

Religion In America Since 1945 Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Religion In America Since 1945 PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Religion In America Since 1945 PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal

boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Religion In America Since 1945 free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Religion In America Since 1945 Books

1. Where can I buy Religion In America Since 1945 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
