Shafer, 1984 **Religion in Ancient Egypt** John Baines, Leonard H. Lesko, David P. Silverman, 1991-01-01 **Religion in Ancient Egypt** John Baines, Leonard H. Lesko, David P. Silverman, 1991 Lectures given at a symposium held in 1987 sponsored by Fordham University **Religion in ancient Egypt Gods myths and personal practice** , 1991 Mythology of the Egyptians Don Nardo, 2014-07-01 As many as six thousand years ago when their civilization flourished in the Nile River valley the ancient Egyptians told many of the myths in this book Author Don Nardo discusses various myths including The Creation of the Gods and Humans and The Near Destruction of Humanity Nardo also introduces us to the story within a story in The Shipwrecked Sailor Each chapter is followed by a Question and Answer section which covers characters themes and symbols An Expert Commentary section enhances the myths with opinions by noted scholars **The Routledge Dictionary of Egyptian Gods and Goddesses** George Hart, 2005-03-31 Containing one of the most comprehensive listings and descriptions of Egyptian deities available students studying Ancient Egypt travellers visitors to museums and all those interested in mythology will find this an invaluable resource **The Making of an African King** Anthony Ephirim-Donkor, 2019-01-04 In this edition of The Making of an African King Patrilineal and Matrilineal Struggle Among the wutu Effutu of Ghana Revised Updated every chapter is updated taking into account the 2015 Ghana Supreme Court ruling on the internecine kingship struggle among the wutu Effutu of Simpa Winneba The patrilineal Otuoano Royal Family sued the Acquah faction and proponents of matrilineal succession in 1976 seeking confirmation of their inalienable right as the sole kingmakers of Simpa and also for the court to place perpetual injunction on the Acquahs never to interfere in the royal affairs of Simpa During the intervening decades from 1976 2015 Simpa witnessed a spate of intermittent political violence especially the months leading to their annual Nyant r aboakyir Festival all aimed at preventing the king from propitiating the ancestors and deities of Simpa led by P nkyae Otu With the Supreme Court ruling people now have the opportunity to read the judgment in its entirety and make up their own minds What is actually fascinating about the whole internecine royal struggle is that we have a situation whereby a matrilineal political system practiced by the Akan is displacing a long established patrilineal system of descent traditionally practiced by the Guan speaking people of Simpa Such an idea would be unheard of in the West but this is what is happening among the wutu Effutu of Simpa Winneba socio culturally and politically Indeed it shows how unique and transformative the Akan abusua a mother and her children system is all about **Decoding the Osirian Myth** Panagiota Sarischouli, 2024-09-23 The earliest written references to the Osirian myth complex appeared already in the Pyramid Text spells c 2400 2300 BCE The most complete exposition of this ancient Egyptian myth is however found in the Greek treatise On Isis and Osiris in which the 2nd century CE Platonist Plutarch utilises Egyptian mythology to advocate his philosophical

ideas concerning the divine and the nature of the cosmos This book aims at decoding Plutarch s narrative of the Osirian myth linking his claims to the existing Egyptian and Greek parallels It thus analyses a multitude of mythic and religious traditions from a transcultural perspective exploring the relation of the Pharaonic features of the Osirian divinities to the features they had acquired in Ptolemaic and Roman times interpreting the Egyptian myth within the overall framework of parallel mythologies from other cultures and examining whether the brief mythic stories historiolae recited in Late Egyptian ritual texts can be deployed to enrich the context of certain obscure episodes in Plutarch s account of the myth The book will be of great interest not only to scholars and students of Plutarch and later Middle Platonism but also to Egyptologists Due to its thematic variety and scope this publication will also appeal to a wider array of readers specialists and non specialists alike interested in religious syncretism interreligious connections and the challenge of multiculturalism from Hellenistic times until Late Antiquity

Michael Hundley, 2022-01-13 In this study Michael Hundley explores the diverse deities of ancient Near Eastern and biblical literature from deified doors and diseases to the masters of the universe Using data from Mesopotamia Hittite Anatolia Egypt the Levant and non priestly Genesis and Exodus Hundley explains their context specific approach to deity which produces complex and seemingly contradictory portraits He suggests that ancient deities gained prominence primarily by co-opting the attributes of other deities rather than by denying their existence or inventing new powers He demonstrates that the primary difference between biblical and ancient Near Eastern presentations lies in their rhetorical goals not their conceptions of gods While others promote divine supremacy Genesis and Exodus promote exclusive worship Hundley argues that this monolatry redefined the biblical divine sphere and paved the way for the later development of monotheism and monotheistic explanations of evil
