## Religion In China:

*Religions of China* Daniel E. Overmyer, 1998-03-10 The guiding themes of Chinese religion as it is actually lived This short work explains basic ideas and practices of Chinese religions in direct and simple language with many examples and analogies for increased understanding Its basic assumption is that religion is best understood as an aspect of everyday life as something that makes sense to those who practice it even if outsiders might be puzzled at first While Overmyer's treatment focuses on traditional China before the twentieth century many of the beliefs and practices described are still alive at least in some Chinese communities While the basic concern of this book is first to understand Chinese religions in their own right it takes the additional step of exploring what modern students might learn from them *Handbook on Religion in China* Stephan Feuchtwang, 2020-02-28 Informative and eye opening the Handbook on Religion in China provides a uniquely broad insight into the contemporary Chinese variations of Buddhism Islam and Christianity In turn China's own religions and transmissions of rites and systems of divination have spread beyond China a progression that is explored in detail across 19 chapters written by leading experts in the field **The Religions of China** James Legge, 1880 *Religions of China* Daniel L. MacInnis, 1989 **Religion in China** Bernhard Scheid, 2015 **Religion in China** K. Hughes, E. R. Hughes, 2014-06-03 First published in 1950 Beginning with ancient times this volume shows how some of the early superstitions became purified through the influence of the Confucianist philosophy how a deep strain of mysticism came from the Taoists and how thereby a worship of Heaven and Earth was evolved Besides the main streams of Confucianism and

**Religion in China** Jan J. M. de Groot, 1912     Chinese Religion Laurence G. Thompson, 1969     **The Original Religion of China** John Ross, 2015-12-07

In the popular mind Confucianism is looked upon as the religion of China though it is in reality not a religion but a system of ethics Dr Ross treats of the early religion which prevailed in China centuries before Confucius and which forms the basis of their religious ideas It is the most ancient religion of which there is any trace The Chinese ruler Fu Hi antedating Noah and the flood by five centuries The early religion as it was developed three thousand years ago gives the first clear idea of their religious beliefs The people worshiped and offered sacrifice to the Lord of Heaven the one and Supreme God They believed in demons and spirits subject to God and trusted in the care of an intelligent just all wise benevolent and almighty providence They used no idols or images in worship there was one temple dedicated to the worship of ancestors but none dedicated to the worship of God An altar to God could be erected anywhere There were no special priests goodness was enjoined and wickedness denounced Prayer was made not for pardon but for guidance and for future favors There was a belief in future rewards and punishments and a heavenly life in the presence of God Here is no evidence of an upward evolution of religion in China but rather a subsequent decay The book is a distinct contribution to the study of comparative religion The Missionary Review of the World Vol 15 1919
