Religion Of Power:

Religion and Power in Europe Joaquim Carvalho, 2007 **Religion, Power and Violence** Ram Punyani, 2005-07-21
In Indian context **The Location of Religion** Kim Knott, 2015-08-12 The ways in which humans interact with their location is an important topic within sociological studies of religion It is integral to the place of religion in secular society The Location of Religion A Spatial Analysis offers an overview of the ways in which religion can be located within social cultural and physical space It examines contemporary spatial theory notably the work of the influential sociologist Henri Lefebvre and the many disciplines that have contributed to the spatial study of religion This volume will be invaluable to all those interested in the role of religion in spatial analysis **Religion, Power, and Society in Suriname and Guyana** R. Kirtie Algoe, 2022-05-30 This book surveys the development of the religious landscape in Suriname and Guyana focusing on the interaction between Hindus Muslims and Christians and responses to Christian dominance It reflects on how and why these religiously diverse Caribbean societies are characterized by relative harmony whereas interreligious relationships in other parts of the world have been marked by extreme conflict and violence The chapters explore ideological and institutional dimensions including the role of government policies religious demography religious leadership and private religious institutions The author takes a critical stance towards a negative approach to power struggles and offers a perspective that does not necessarily consider religious diversity a hindrance for religious harmony Making valuable data accessible to scholars in the English language this volume provides a framework for the study of interreligious relations and for understanding the religious worlds of the Caribbean **Religion, Power, and the Rise of Shinto in Early Modern Japan** Stefan Köck, Brigitte Pickl-Kolaczia, Bernhard Scheid, 2021-04-08 This book sheds new light on the relationship between religion and state in early modern Japan and demonstrates the growing awareness of Shinto in both the political and the intellectual elite of Tokugawa Japan even though Buddhism remained the privileged means of stately religious control The first part analyses how the Tokugawa government aimed to control the populace via Buddhism and at the same time submitted Buddhism to the sacralization of the Tokugawa dynasty The second part focuses on the religious protests throughout the entire period with chapters on the suppression of Christians heterodox Buddhist sects and unwanted folk practitioners The third part tackles the question of why early Tokugawa Confucianism was particularly interested in Shinto as an alternative to Buddhism and what Shinto actually meant from a Confucian stance The final part of the book explores attempts to curtail the institutional power of Buddhism by reforming Shinto shrines an important step in the so called Shintoization of shrines including the development of a self contained Shinto clergy Faith and Power Felipe Hinojosa, Maggie Elmore, Sergio M. González, 2022-02-22 Illuminates how religion has shaped Latino politics and community building Too often religious politics are considered peripheral to social movements not central to them Faith and Power Latino Religious Politics Since 1945 seeks to correct this misinterpretation focusing on the post World War II era It shows

that the religious politics of this period were central to secular community building and resistance efforts The volume traces the interplay between Latino religions and a variety of pivotal movements from the farm worker movement to the sanctuary movement offering breadth and nuance to this history This illuminates how broader currents involving immigration refugee policies de industrialization the rise of the religious left and right and the Chicana o immigrant and Puerto Rican civil rights movements helped to give rise to political engagement among Latino religious actors By addressing both the influence of these larger trends on religious movements and how the religious movements in turn helped to shape larger political currents the volume offers a compelling look at the twentieth century struggle for justice Faith, Politics, and Power

Rebecca Sager,2010-01-15 During the 2000 presidential campaign George W Bush made faith based social services one of the centerpieces of his domestic agenda These faith based initiatives supporters argued would reduce poverty ease the strain on an overburdened welfare system and prove more effective than government programs Opponents feared rampant proselytizing with government funds Instead these practices created a system in which neither the greatest hopes of its supporters nor the greatest fears of its opponents have been realized The product of five years of in depth research Rebecca Sager s Faith Politics and Power offers a systematic examination of where and how these programs were implemented arguing that faith based initiatives strayed from supporters original aim of helping the poor and instead were used as tools to gain political power by the Republican Party and the conservative evangelical movement **Faith, Power, and**

Responsibility Lancar Ida-Bagus,2024-08-24 The non religious Vishnuh Society offers a unique perspective on faith power and politics It is critical of these concepts and offers an alternative view that differs from traditional religious and political structures The Society emphasizes the importance of self determination individual freedom and critical thinking Faith The Vishnuh Society views faith as the blind acceptance of religious dogmas that keep humanity backward and stupid It promotes a spiritual practice based on cruelty ruthlessness injustice war and genocide which encourages various forms of human rights violations Power In the context of the Vishnuh Society power is viewed as something that must not be abused Instead power should be used responsibly to promote the well being of all The Society rejects authoritarian structures and emphasizes the importance of transparency responsibility and ethical action Politics Politically the Vishnuh Society takes a stance of independence and critical thinking *Political Power and Communications in Indonesia* Karl D. Pye,1978-01-01 *The Form and Power of Religion* Laura Bartels Felleman,2012-10-24 In Thoughts Upon Methodism John Wesley shared his hopes and fears for the future of his religious movement The article contains this well known passage I am not afraid that the people called Methodists should ever cease to exist either in Europe or America But I am afraid lest they should only exist as a dead sect having the form of religion without the power And this undoubtedly will be the case unless they hold fast both the doctrine spirit and discipline with which they first set out The Form and Power of Religion unpacks this statement by explaining what Wesley meant by the form and power of religion identifying what Methodist Doctrine Spirit

and Discipline were according to Wesley and discussing how these aspects of Methodism worked together to maintain the vitality of the Revival The book concludes with an evaluation of Wesley s theory of Methodist Vitality and discusses its viability as a basis for contemporary Church Vitality programs *American Lectures on the History of Religions* ,1911

Possession, Power and the New Age Matthew Wood,2016-04-08 This book provides a new sociological account of contemporary religious phenomena such as channelling holistic healing meditation and divination which are usually classed as part of a New Age Movement Drawing on his extensive ethnography carried out in the UK alongside comparative studies in America and Europe Matthew Wood criticises the view that such phenomena represent spirituality in which self authority is paramount Instead he emphasises the role of social authority and the centrality of spirit possession linking these to participants class positions and experiences of secularisation Informed by sociological and anthropological approaches to social power and practice especially the work of Pierre Bourdieu and Michel Foucault Wood s study explores what he calls the nonformative regions of the religious field and charts similarities and differences with pagan spiritualist and Theosophical traditions The Primitive mind-cure. philosophy and transcendental medicine Warren Felt Evans,1885 **A Treatise On The Limitations Of Police Power In The United States** Christopher G. Tiedeman,1886 International Journal of Ethics ,1905 **Freedom and Law** Randi Rashkover,2011 By contrast Freedom and Law argues that only in an account of revelatory law can divine freedom and human freedom be thought of without contradiction The first part analyzes the logic of exceptionalism In the second part the author argues that one cannot invoke a doctrine of election without rigorous scrutiny of texts that portray an electing God and an elected people Once we scrutinize these texts the character of freedom and law within the divine human relationship shows itself to be different from that found in exceptionalist logics The third and final part examines the impact of the logic of the law on Jewish Christian apologetics Rather than require that one defend one s position to a nonbeliever this logic situates all epistemological justification within the order or freedom of God *Transactions of the ...
