Religion, Truth, and Social Transformation Lambert Zuidervaart, 2016-04-01 Reformational philosophy rests on the ideas of nineteenth century educator church leader and politician Abraham Kuyper and it emerged in the early twentieth century among Reformed Protestant thinkers in the Netherlands Combining comprehensive criticisms of Western philosophy with robust proposals for a just society it calls on members of religious communities to transform harmful cultural practices social institutions and societal structures Well known for his work in aesthetics and critical theory Lambert Zuidervaart is a

leading figure in contemporary reformational philosophy In *Religion Truth and Social Transformation* the first of two volumes of original essays from the past thirty years he forges new interpretations of art politics rationality religion science and truth In dialogue with modern and contemporary philosophers among them Immanuel Kant G F H Hegel Martin Heidegger Theodor Adorno Jürgen Habermas and reformational thinkers such as Herman Dooyeweerd Dirk Vollenhoven and Hendrik Hart Zuidervaat explains and expands on reformational philosophy's central themes This interdisciplinary collection offers a normative critique of societal evil a holistic and pluralist conception of truth and a call for both religion and science to serve the common good Illustrating the connections between philosophy religion and culture and daring to think outside the box *Religion Truth and Social Transformation* gives a voice to hope in a climate of despair *Faith Movements and Social Transformation* Samta P. Pandya, 2018-12-11 This book examines the role of Hindu inspired faith movements HIFMs in contemporary India as actors in social transformation It further situates these movements in the context of the global political economy where such movements cross national boundaries to locate believers among the Hindu diaspora and others In contemporary neoliberal India HIFMs have become important actors and they realize themselves by making public assertions through service The four pillars of the contemporary presence of such movements are gurus sociality hegemony and social transformation Gurus who spearhead these movements create a matrix of possible meanings in their public discourses which their followers pick up to create messages of personal and social change Sociality is a core strategy of proliferation across such movements and implies social service which is qualified by memories of the guru and what they are believed to embody Hegemony is reflected in the fact that social service in such movements often ominously imbibes right wing or far right Hinduism They propose a model of Hindu inspired social transformation involving faith building into and transforming the civil society The book discusses in a nuanced way several Hindu inspired faith movements of various hues which have made national and international impact This topical book is of interest to students and researchers in the fields of sociology anthropology social work and social psychology with a special interest in the study of religious movements

Religion, Media, and Social Change Kennet Granholm, Marcus Moberg, Sofia Sjö, 2014-09-19 In an era of heightened globalization macro level transformations in the general socioeconomic and cultural makeup of modern societies have been studied in great depth Yet little attention has been paid to the growing influence of media and mass mediated popular culture on contemporary religious sensibilities life and practice *Religion Media and Social Change* explores the correlation between the study of religion media and popular culture and broader sociological theorizing on religious change Contributions devote serious attention to broadly defined media including technologies institutions and social and cultural environments as well as mass mediated popular culture such as film music television and computer games This interdisciplinary collection addresses important theoretical and methodological questions by connecting the study of media and popular culture to current perspectives approaches and discussions in the broader sociological study of religion *Towards a New Theory of Religion*

and Social Change Paul-François Tremlett, 2020-09-03 This book argues that neither theories of secularisation nor theories of lived religion offer satisfactory accounts of religion and social change Drawing from Deleuze and Guattari's idea of the assemblage Paul François Tremlett outlines an alternative Informed by classical and contemporary theories of religion as well as empirical case studies and ethnography conducted in Manila and London this book re frames religion as spatially organised flows Foregrounding the agency of non human actors it offers a compelling and original account of religion and social change

Religion, Social Change, and Fertility Behaviour R. Jayasree, 1989 This Book Based On A Study Carried Out In The Travancore Region Of Kerala Attempts To Explain The Differential Influences Of Many Demographic Developmental And Cultural Variables That Influence Social Change Among Different Religious Groups And Also Ultimately The Fertility Behaviour

Understanding Religion and Social Change in Ethiopia M. Girma, 2012-12-05 Religiosity is one aspect without which Ethiopian society cannot be fully understood This book aims to map out the terrain of the discourse in religion social change nexus in Ethiopia using the notion of covenant as an interpretive tool

Religious Diversity and Social Change Kevin J. Christiano, 1987 Floods of immigration and rapid industrialization and urbanization in America at the turn of the century set in motion the transformation of many long established institutions This book examines specific ways in which cultural changes affected the structure of the religious establishment Statistical models are applied to United States Census data from 1890 and 1906 on city and church populations revealing connections between the growth of cities the increase in literacy and the formation of ethnic subcommunities that led to a new level of religious diversity The author analyses evidence of growing competition among churches and of a level of individual commitment to congregations demonstrating that the patterns of religious community established at the turn of the century provided the basis for the current denominational system The author further analyses the relationship of religious diversity to urban secularization as well as its role as a catalyst to sectarian conflict In offering a quantitative assessment of issues central to the history of American religion this book is a significant contribution to the study of religion in America

Religion and Social Change in Modern Turkey Şerif Mardin, 1989-07-01

Ori-Oke Spirituality and Social Change in Africa Nathanael Yaovi, U. Nwosu, 2018-09-17 The dynamic nature of Christianity has necessitated its movement from the cathedral to the mountain top This has occasioned a proliferation of Prayer Mountains throughout Africa In Yorubaland of southwestern Nigeria Prayer Mountain is known as Ori Oke Like many communities in Africa the Yoruba are confronted with fundamental challenges in life for which people do not rest until they find solutions Within the praxis of Nigerian Christian lexicon Ori Oke is synonymous with the enactment of a sacred space on a mountain top characterised by various prayer regimes rituals exorcism and religious practices aimed at eliciting the help of the divine to alleviate the existential challenges of devotees This book explores the resacralisation of space on the mountains highlighting how humans and the divine interact in Yorubaland It brings into conversation 35 empirically rich scholarly essays on the role of Ori Oke to those seeking divine

intervention in their lives Today Ori Oke have become centres of pilgrimage as a result of the lived experiences of devotees creating unique religious value quite distinct from the aesthetic value of these mountain tops The spirituality of Ori Oke is anchored on the absolute belief in God and the infusion of traditional African worldview sensibilities in religious rites and worship Ori Oke spirituality employs resources of Christian tradition introduced by the formal agents of Christianity synthesised with traditional culture to develop a life based on the precepts of an African Christianity The book is an intellectual discourse on Ori Oke spirituality reflecting its contemporary relevance in a context of religious innovation and competition

Troubling the Social Jeremy Punt, 2024-09-25 These papers from the annual Summer Spring School of the IRTG revolve around the theme of troubling the social exploring the complex relationships between religion social worlds and transformation from the vantage point of the postcolony not so much as a geographical location but rather as a way to understand the world The contributions examine the coloniality inherent within the academic enterprises related to religion but also what how and why religious experiences worldviews and engagements count as knowledge and the implications this has for understanding examining and activating social transformation processes Processes of transformation have been prominent within the continent in the last decade and still animate crucial debates and knowledge production In these religion has figured paradoxically as the blind spot or occupied a default and marginal position However religion participates through a complex assemblage of practices subjectivities and meaning making processes in the creation of social worlds social imagination and social transformations They also explore how the decolonial renaissance is troubling the social and epistemic origins of religion and the social sciences as well as its imagined relation to social transformation Contributors are from Southern Africa and Germany societies with histories of colonialism and segregation both of which have experienced postcolonial transformations to the social fabric of their societies and both have increasingly seen calls also for critical research on coloniality religion and social transformation

Religious Identity and Social Change David Radford, 2015-06-19 Religious Identity and Social Change offers a macro and micro analysis of the dynamics of rapid social and religious change occurring within the Muslim world Drawing on rich ethnographic and quantitative research in Kyrgyzstan Central Asia David Radford provides theoretical insight into the nature of religious and social change and ethnic identity transformation exploring significant questions concerning why people convert and what happens when they do so A crisis of identity occurs when religious conversion takes place especially from one major religious tradition Islam to another Christianity and where religious identity is intimately connected to ethnic and national identity Radford argues for the importance of recognising the socially constructed nature of identity involving the dynamic interplay between human agency culture and social networks Kyrgyz Christians have been active agents in bringing religious and identity transformation building upon the contextual parameters in which they are situated

Proceedings of the 2nd International Conference on Democracy and Social Transformation (ICON-DEMOST 2023) Naili Ni'matul Illiyyun, Endang Supriadi, Ririh Megah Safitri, Masrohatun

Masrohatun,2024-01-05 This is an open access book Faculty of Social and Political Science State Islamic University Walisongo Semarang has been playing significant roles in building global peace and justice by conducting scientific research and creating a space for academic dialogue and discussion This goal is in line with our vision to be a Research Faculty based on the unity of sciences for humanity and civilization As part of the efforts to create a space for academic dialogue at a global level we organize an international conference which aims to develop scientific knowledge build institutional capacity and strengthen international networking The conference is also held to support State Islamic University Walisongo Semarang in achieving its vision to be an Islamic world class university The conference raises the issue of democracy and social transformation to capture the social and political dynamics The selection of this topic is based on the idea that technological development is becoming a crucial issue within modern society in which people tend to experience alienation within the rapid social and political transformation Democracy as a political system that ensures transparency citizen participation and human rights protection is now under threat Having the fact that there is a growing tendency of using transactional politics to win political interests such as the use of money and identity in political processes therefore political analysts consider this situation as the regression of democracy Rapid social and cultural transformation as a consequence of advanced technology creates problems in modern society On one hand technology has made the life of people easier However on the other hand the sense of humanity's values and principles is declining This situation can be observed in the decrease in social solidarity and the rise of individualism Modernity that values productivity and economic growth has brought a negative impact on the life of human being and nature The exploitative character of industrialization has created an ecological crisis Advanced information technology has loosened social cohesivity and the rise of instrumental rationality has removed local genius or local wisdom from the life of society Since the ultimate goal of humanity is respecting the dignity of human beings hence bringing back humanity to the center of the development program is crucial especially in the current social and political dynamics In the political context humanity means respecting the basic rights of the citizen and putting them as a subject of political development and not perceiving citizens as only an instrument to win political power Based on the above background this conference is organized The overall goal of the conference is to mainstream humanity in the current social and political change The conference is also expected to be an arena for scholars and experts in social and political science as well as practitioners and policymakers to meet and exchange ideas and perspectives for a better future of our society

Religion and Social Change Gerhard Falk,2018-12-01 Despite America's famous separation of Church and State religion obviously holds an enormous influence on nearly all aspects of society Prof Falk looks at major traditional religious groupings in the US and discusses how they influence the family education government the economy philanthropy violence music and the media Western society is becoming less religious more secular every day as science answers some of the profound questions that inspired a belief in the supernatural But society requires more than the laws of physics to hold it

together of course and so far religion is the institution that has provided the most clear cut moral guidelines even for non believers Religion has also inspired many of our greatest artistic endeavors But religion can also be used for crass commercial interests or worse to divide people and fuel violence Drawing parallels and contrasts between Catholicism mainline Protestantism and Judaism Dr Falk talks about history and philosophy political campaigns social movements popular music literature and life He shows how religious traditions influence us and how they impact politics social stratification and even the military *Religion and Social Transformation in Southern Africa* Thomas Walsh, Frank Kaufmann, 1999-11-30 Religion has inspired those from Gandhi to Tutu who have sought to transform southern Africa This volume presents voices from across the spectrum passionately arguing that religion plays and must continue to play a vital role in shaping the political social and cultural reality of African people **Transnational Return and Social Change** Remus Gabriel Anghel, Margit Fauser, Paolo Boccagni, 2019-07-31 Return has long been considered the end of a migration cycle Today returnees continued transnational ties practices and resources have become increasingly visible Transnational Return and Social Change joins what is now a growing field of research and suggests new ways to understand the dynamics of return migration and the social changes that come along It pays tribute to the meso level impacts that follow the practices and resources migrant returnees mobilize across borders With a particular focus on the meso level the book takes up the challenge of transnational research and enquires into the consequences of return for local communities organizations social networks and groups Presenting a collection of case studies dedicated to migrations across Europe and beyond this book contributes new insights into the societal impact of migration in pluralized societies
