Religion And The Presidential Election

Albert J. Menendez

Religion And The Presidential Election :

Religion and the Presidential Election Paul Lopatto, 1985 This study establishes religion as a major explanatory variable in American presidential voting behavior The main focus of the study is the six most recent presidential elections running from 1960 through 1980 The specific tasks include measuring the link between religion and presidential voting in each of these years and explaining exactly how this linkage takes place

The Faith Factor John C. Green, 2007-03-30 The impact of religion on the 2004 presidential election results provoked widespread consternation and surprise In fact religion and faith have played a vital role in American elections for some time and here Green explores the links and how they have changed over time Green posits that an old religion gap describing longstanding political differences among religious communities has been supplanted by a new religion gap revealing political divisions based on religious behavior and belief He puts the differences into context and documents the changing role of religion in politics over the last 60 years The impact of religion on the 2004 presidential election results provoked widespread consternation and surprise Given the intensity and closeness of the results however the role of religion should not have come as a shock In fact religion and faith have played a vital role in American elections for some time and here Green explores the links and how they have changed over time Specifically he concludes that there was an old religion gap that described longstanding political differences among religious communities which has been supplanted by a new religion gap that shows political divisions based on religious behavior and belief Green puts the differences into context and documents the changing role of religion in politics over the last sixty years Covering three areas of religion that tend to influence election outcomes Green illuminates the meaning of religious belonging behaving and believing in current political context Each of these aspects of religion affects the way people vote and their views of issues ideology and partisanship He reviews the importance of moral values in the major party coalitions and discusses the role religious appeals have in presidential campaigns In addition he compares the influence of religion to other factors such as gender age and income Given the emphasis on the influence of religion on American politics and elections in recent years this book serves as a cogent reminder that the situation is not new and offers a careful analysis of the real role faith plays in the electing of government officials

Religion and Politics in Presidential Elections Victor Wan-Tatah, 2012-12-14 My frustration and disappointment with the media coverage of the 2008 and 2012 presidential elections prompted me to write this book I feel strongly about correcting the misinformation the presentation of fabrications as truth and the blatant demonizing of the experiences and perspectives of others I made up my mind that I wanted to address these issues the best way that I know how Politics involving religion and moral issues particularly in the areas of Christianity African American religion and Black Liberation Theology are my areas of interest and expertise At different times I have taught classes at the university level involving these topics and with the encouragement of my students I wish to address them in this book Drilling down to the root cause of the anti Obama rhetoric coming from Republicans and Christian

conservatives not only provided useful talking points for my introductory course in Africana Studies but the issue became personal and convinced me to embark on this project *Religion, Race, and the American Presidency* Gastón Espinosa, 2008 The role that race and religion play in American presidential elections is attracting national attention like never before Many of the 2008 presidential candidates proactively courted racial and religious voting constituencies including African Americans Latinos Asian Americans Jews Muslims Catholics Evangelicals mainline Protestants women and seculars and the non religious Religion Race and the American Presidency examines some of the reasons why by focusing on the roles of these racial gender and religious groups in presidential politics over the last forty years and in elections from 1996 to 2004 in particular BOOK JACKET **The Disappearing God Gap?** Corwin Smidt, Kevin den Dulk, Bryan Froehle, James

Penning, Stephen Monsma, Douglas Koopman, 2010-02-08 After the reelection of George W Bush in 2004 the God Gap became a hotly debated political issue Religious voters were seen as the key to Bush's victory and Democrats began scrambling to reach out to them Four years later however with the economy in a tailspin on election day religion barely seemed to register on people's radar screens In this book a team of well regarded scholars digs deeper to examine the role religion played in the 2008 campaign They take a long view placing the election in historical context and looking at the campaign as a whole from the primaries through all the way through election day At the heart of their analysis is data gleaned from a national survey conducted by the authors in which voters were interviewed in the spring of 2008 and then re-interviewed after the election

A Matter of Faith David E. Campbell, 2007-09-01 Moral values dominated the post election headlines in 2004 Analysts pointed to exit polls strong turnout among evangelicals and controversy over gay marriage as evidence that the election had been decided along religious lines Soon however this explanation was called into question In *A Matter of Faith* distinguished scholars go beyond the headlines to assess the role of religion in the 2004 election Were issues such as stem cell research really more influential than the economy and Iraq Did deeply religious Americans necessarily vote Republican Was the morality factor really a dramatic new development David E Campbell and his colleagues examine the religious affiliations of voters and party elite and evaluate the claim that moral values were decisive in 2004 The authors analyze strategies used to mobilize religious conservatives and examine the voting behavior of a broad range of groups including evangelicals African Americans and the understudied religious left This rich perspective on faith and politics is essential reading on a critical aspect of American politics Contributors include John Green University of Akron Pew Forum on Religion and Public Life James Guth Furman University Sunshine Hillygus Harvard University Laura Hussey University of Baltimore John Jackson University of Southern Illinois Scott Keeter Pew Research Center for the People and the Press Lyman Kellstedt Wheaton College Geoffrey Layman University of Maryland David Leal University of Texas at Austin David Leege Notre Dame Eric McDaniel University of Texas at Austin Quin Monson Brigham Young University Barbara Norrander University of Arizona Jan Norrander University of Minnesota Baxter Oliphant Brigham Young University Corwin Smidt Calvin College and Matthew

Wilson Southern Methodist University **Encyclopedia of American Religion and Politics** Paul A. Djupe, Laura R. Olson, 2014-07 Presents an encyclopedia of religion and politics in America including short biographies of important political and religious figures like Ralph Abernathy civil rights leader and Ralph Waldo Emerson writer and synopses of religious entities like the Branch Davidians and the Episcopal church as well as important court cases of relevancy like *Epperson et al v Arkansas* having to do with evolution **The Religious Factor in the 1960 Presidential Election** Albert J. Menendez, 2014-01-10 The candidacy of John F Kennedy provoked widespread discussion of issues relating to church and state and to the role of Catholics in American politics This text is the inside story of that dramatic campaign and is the first scholarly examination based on actual voting returns It includes a detailed analysis of the vote in every state revealing that religion affected the outcome of the election far more than previously thought Kennedy lost more votes than he gained due to his religious affiliation but by crafting a strong coalition he prevailed in one of the closest races in presidential history

Religion, Race, and the American Presidency Gaston Espinosa, 2008-08-22 The role that race and religion play in American presidential elections is attracting national attention like never before The 2008 presidential candidates reached out to an unprecedented number of racial and religious voting constituencies including African Americans Latinos Muslims Mainline Protestants Catholics Evangelicals Jews women the non religious and more Religion Race and the American Presidency focuses on the roles of these racial and religious groups in presidential elections over the last forty years and in elections since 2000 in particular Drawing upon survey data interviews and case studies of recent presidents the contributors examine the complicated relationships between American presidents and key racial and religious groups The paperback edition features a new capstone chapter on the 2008 elections Contributions by Brian Robert Calfano David G Dalin Paul A Djupe Gast n Espinosa John C Green Melissa V Harris Lacewell Lyman A Kellstedt So Young Kim David C Leege Laura R Olson Corwin Smidt Katherine E Stenger and Adam L Warber **The 2012 Presidential Election** Amnon Cavari, Richard Powell, Kenneth Mayer, 2013-10-30 Though many analyses of the 2012 presidential election have emerged none can match this collection s depth diversity or ability to critically and soundly argue where American politics will go from this point forward This volume includes some of the most recognized scholars in the field and innovative younger scholars who provide a fresh perspective on the election It is a diverse and award winning group including established and respected names in presidency studies political psychology and election forecasting The contributions address a wide range of subjects from the accuracy of pre election forecasts the effect of the election on relations between Obama and congressional leaders the effect of race and religion on the outcome the consequences for the Republican Party and prospects for leadership in a second term Rather than a simplistic account of what happened during the campaign the volume will contribute to our understanding of significant questions about the presidency voting behavior political parties and elections **Religion, Race, and Barack Obama's New Democratic Pluralism** Gastón Espinosa, 2013 Annotation This edited volume demonstrates how Obama

charted a new course for Democrats by staking out claims among moderate conservative faith communities and emerged victorious in the presidential contest in part by promoting a new Democratic racial ethnic and religious pluralism

Religion and Politics in America Robert Booth Fowler, 2010-11 Religion and politics are never far from the headlines but their relationship remains complex and often confusing Religion and Politics in America offers a lively accessible and balanced treatment of religion in American politics The authors explore the historical cultural and legal contexts that underlie religious political engagement while also highlighting the pragmatic and strategic political realities that religious organizations and people face today Incorporating up to date scholarship and analysis of voting behavior through the 2008 elections the fourth edition assesses the politics of conventional and not so conventional American religious movements Features include contemporary case studies useful focus study boxes and timely discussions of Islam Latinos international affairs and political culture Religious influence on American politics. The 2016 elections in context Madi

Brietzke, 2016-06-29 Essay from the year 2015 in the subject Politics Region USA language English abstract The influence of religion on the American political landscape has for a long time been a subject of inquiry Past findings and existing theories on the sociology of religion maintain two opposing views on the way that religion has influenced contemporary American politics However a closer review of the US system reveals an apparent commanding influence of religion on dominant religious rhetoric and voting patterns Polarization has worked to motivate the masses to approve of foreign policies and even war in the case of the events after the 9 11 attacks when America invaded Iraq and Afghanistan At the present polarization continues to be a motivating element for religious rhetoric and possibly voting patterns considering the 2016 elections Trump being the leading republican presidential contender is an example of the influence of religion in the US politics considering his wholesale war propaganda on Islam His stance and political status at the present is going to play a major role in the final outcome It is based on this premise that we suggest the ongoing influence of religion on American politics in the 2016 US presidential elections will guide the result **Presidential Elections in Nigeria's Fourth Republic** Babayo Sule, Usman

Sambo, 2024-03-07 This book provides a uniquely detailed analysis of presidential elections in Nigeria's Fourth Republic The authors explore the changing dynamics of voting patterns religious politics politicians behaviour and the broader political system to offer new insights into presidential systems in Africa and beyond In doing so they address an often neglected area of political science and cast light on the political challenges facing one of the world's largest democracies The book's comprehensive coverage of Nigerian presidential elections and the lessons they hold for developing countries across the globe is a valuable resource for researchers students international institutions and non governmental organisations The Oxford Handbook of American Elections and Political Behavior Jan E. Leighley, 2012-02-16 The Oxford Handbooks of American Politics are the essential guide to the study of American political life in the 21st Century With engaging contributions from the major figures in the field The Oxford Handbook of American Elections and Political Behavior provides

the key point of reference for anyone working in American Politics today **Presidential Campaign Rhetoric in an Age of Confessional Politics** Brian T. Kaylor, 2010-12-28 When a Bible quoting Sunday School teacher Jimmy Carter won the 1976 presidential election it marked the start of a new era of presidential campaign discourse The successful candidates since then have followed Carter's lead in publicly testifying about their personal religious beliefs and invoking God to justify their public policy positions and their political visions With this new confessional political style the candidates have repudiated the former perspective of a civil religious contract that kept political leaders from being too religious and religious leaders from being too political Presidential Campaign Rhetoric in the Age of Confessional Politics analyzes the religious political discourse used by presidential nominees from 1976 2008 and then describes key characteristics of their confessional rhetoric that represent a substantial shift from the tenets of the civil religious contract This new confessional political style is characterized by religious political rhetoric that is testimonial partisan sectarian and liturgical in nature In order to understand why candidates have radically adjusted their God talk on the campaign trail important religious political shifts in American society since the 1950s are examined which demonstrate the rhetorical demands evangelical religious leaders have placed upon our would be national leaders Brian T Kaylor utilizes Michel Foucault's work on the confession with theoretical adjustments to critique the significant problems of the confessional political era With clear analyses and unsettling relevance Kaylor's critique of contemporary political discourse will rouse the interest and concern of engaged citizens everywhere **American Evangelicals Today** Corwin E. Smidt, 2013-03-07 American Evangelicals Today assesses the contemporary social religious and political characteristics of evangelical Protestants today and it does so in light of 1 whether these characteristics are similar to or different from the corresponding characteristics of adherents of other major faith traditions in American religious life and 2 the extent which these particular characteristics among evangelicals may have changed over the past four decades In addition it analyzes the extent which evangelicals are divided today and it does so within the framework of four potential factors that might shape such divisions racial ethnic differences generational differences educational differences and religious differences American Evangelicals Today is designed to serve as an accessible but scholarly overview of American evangelicals one that is appealing to all scholars students and laity alike Smidt offers a discussion of the nature of evangelical Protestantism highlights the particular analytical issues at play when one seeks to determine just who are to be classified as evangelicals and reveals some of the contradictory findings that can emerge through the use of these different analytical frameworks for defining evangelicals The volume not only analyzes the current characteristics of evangelicals in light of those exhibited by other religious traditions as well as how evangelicals have changed over time but it looks toward the future addressing generational differences and other possible factors for change among evangelical Protestants **Presidential Elections in Iran** Mahmoud Pargoo, Shahram Akbarzadeh, 2021-05-06 The dominant narrative of Iranian society and politics heralds the reformist movement as the

epitome of Iran's transition to secularity while conservative political forces are positioned as advocates of Islamization and a bulwark against secularization. Examining all the presidential elections since the revolution, Mahmoud Pargoo and Shahram Akbarzadeh argue that in contrast to political and cultural imagination and expectations in Iran, they have actually secularized regardless of the reformist-conservative divide. Exploring the evolution of campaign discourses from the 1980s elections which brought Abolhassan Banisadr, Mohammad Ali Rajai, and Ali Khamenei to power to the more recent campaigns of Mohammad Khatami, Mahmoud Ahmadinejad, and Hassan Rouhani, this book suggests that current debates in Iranian domestic politics are not between secularists and their opponents but rather between different kinds of secular forces.

Going Soft? The US and China Go Global Mei Renyi, 2014-04-11 What is soft power? How can a country acquire and enjoy it? Is it the product of public or private initiatives? How significant is soft power in world affairs? The concept of soft power, the idea that international success depends not just upon weaponry, force, and military coercion but also on admiration and respect for a country's culture and way of life, is winning ever greater global attention. As China enjoys ever increasing weight on the global scene, many Chinese officials seek to emulate the past success of the United States in dominating the world, not simply militarily but in terms of influence and prestige. Most are very conscious that soft power can be extremely valuable in terms of supplementing and boosting their country's military and strategic position but are often uncertain as to how to deploy the instruments of propaganda and cultural diplomacy most effectively. The essays in this volume, largely written by scholars based in mainland China, represent an extended effort to debate and assess the theoretical concept of soft power and just what it means and how it works in practice. The authors focus upon the practical impact and implications of soft power in diverse settings and situations in the United States, past and present. How, they ask, does soft power relate to issues of religion, gender, race, and social equality at home and abroad? What do American elections and political rhetoric do for American soft power? Will China succeed in rivalling the United States in power, whether hard, soft, or smart? And how will soft power feature in US-China relations, present and future?

Religious Responses to Marriage Equality Luke Perry, 2018-05-11 The Supreme Court ruling in *Obergefell v. Hodges* (2015) ended a 20-year political battle over same-sex marriage in the USA. The ruling in favor of a constitutional right for gays and lesbians to marry reflected growing social acceptance and political rights for gays and lesbians. At the same time, America remains a deeply religious country, and many religious organizations have long opposed same-sex marriage. How do religious organizations interpret, process, and respond to shifting attitudes and public policy toward the LGBT community? Examining how religious groups in America have responded, theologically and politically, to the legalization of same-sex marriage, the book provides case studies from across the American religious spectrum to explore how each group understands same-sex marriage and has reacted, theologically, socially, and politically, to its new standing as a constitutional right. Each case study focuses on formal statements made by church leaders, incorporates original data gathered from interviews with regional and local religious authorities, and analyzes existing polling data of adherents at

large Offering a comprehensive examination of religious responses to marriage equality in the USA this book will interest scholars and students in the fields of religion and politics civil rights social change and public policy

Religion And The Presidential Election Introduction

Religion And The Presidential Election Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Religion And The Presidential Election Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Religion And The Presidential Election : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Religion And The Presidential Election : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Religion And The Presidential Election Offers a diverse range of free eBooks across various genres. Religion And The Presidential Election Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Religion And The Presidential Election Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Religion And The Presidential Election , especially related to Religion And The Presidential Election , might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Religion And The Presidential Election , Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Religion And The Presidential Election books or magazines might include. Look for these in online stores or libraries. Remember that while Religion And The Presidential Election , sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Religion And The Presidential Election eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Religion And The Presidential Election full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Religion And The Presidential Election eBooks, including some popular titles.

FAQs About Religion And The Presidential Election Books

What is a Religion And The Presidential Election PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system

used to view or print it. **How do I create a Religion And The Presidential Election PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Religion And The Presidential Election PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Religion And The Presidential Election PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Religion And The Presidential Election PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
